# Yizosh Metal Garage Storage Cabinet User Manual

Model: W519S00070-GBTSJ

## 1. INTRODUCTION

Thank you for choosing the Yizosh Metal Garage Storage Cabinet. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new storage cabinet. Designed for durability and versatility, this 71-inch steel lockable cabinet features 2 doors and 5 adjustable shelves, making it suitable for various environments such as offices, homes, garages, gyms, and schools.

Key features include a reinforced heavy-duty metal frame, high load capacity per shelf (up to 180 lbs), environmental protection powder coating for scratch and rust resistance, and a secure locking mechanism with two keys. The adjustable shelves allow for customized storage solutions, and the magnetic door stoppers ensure secure closure.

## 2. SAFETY INSTRUCTIONS

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Adult Assembly Required:** This product requires adult assembly. Keep children and pets away from the assembly area.
- **Use Proper Tools:** Ensure you have the correct tools for assembly. An electric screwdriver is recommended for efficiency, but avoid over-tightening screws.
- **Two-Person Assembly:** Due to the size and weight of components, assembly by two persons is strongly recommended to prevent injury and ensure proper alignment.
- **Secure Placement:** Always place the cabinet on a flat, stable, and level surface.
- **Wall Anchoring:** For maximum stability and safety, especially in households with children or in areas prone to seismic activity, it is highly recommended to anchor the cabinet to a wall using appropriate hardware (not always included, check package contents).
- **Weight Distribution:** Distribute weight evenly on shelves. Do not exceed the maximum load capacity of 180 lbs per shelf.

shelf. Place heavier items on lower shelves.

- **Door Safety:** Ensure doors are properly closed and locked when not in use, especially if storing hazardous materials or valuable items.
- **Avoid Climbing:** Do not climb on or hang from the cabinet or its doors.
- **Ventilation:** Ensure adequate ventilation if storing items that may emit fumes.
- **Sharp Edges:** Exercise caution during assembly as some metal edges may be sharp. Wear protective gloves if necessary.

**[POSSIBLE SAFETY WARNING]** Ensure to follow the assembly instructions carefully and use appropriate safety gear to avoid injury during assembly.

### 3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
A	Top Panel	1
B	Bottom Panel	1
C	Side Panels	2
D	Back Panels	2-3 (sectional)
E	Adjustable Shelves	5
F	Doors	2
G	Handles	2
H	Lock Mechanism	1
I	Keys	2
J	Adjustable Feet/Legs	4
K	Hardware Pack (Screws, Bolts, etc.)	1 set
L	Assembly Instructions	1

### 4. ASSEMBLY INSTRUCTIONS

The Yizosh Metal Garage Storage Cabinet is designed for straightforward assembly. Please follow these steps carefully. It is highly recommended to have two people for assembly.

#### Tools Required:

- Phillips Head Screwdriver (a long-handled, magnetized one is recommended)
- Rubber Mallet (optional, for gentle tapping)
- Work Gloves (optional, for hand protection)

## Assembly Steps:

- 1. Prepare the Area:** Clear a spacious, flat, and clean area for assembly. Unpack all components and lay them out, verifying against the package contents list.
- 2. Attach Base and Sides:** Secure the bottom panel (B) to the side panels (C) using the provided screws from the hardware pack (K). Ensure the panels are correctly oriented as per the detailed diagrams in your included manual. It may be helpful to use chairs or another person to hold the side panels upright during this step.
- 3. Install Back Panels:** Slide or attach the back panels (D) into the designated grooves or attach them to the rear edges of the side and bottom panels. Ensure they fit snugly to provide structural integrity.
- 4. Attach Top Panel:** Carefully place and secure the top panel (A) to the assembled frame using the remaining screws. Ensure all connections are firm but do not over-tighten.
- 5. Install Adjustable Feet:** Screw the adjustable feet/legs (J) into the bottom corners of the cabinet. These can be adjusted later to level the cabinet on uneven surfaces.
- 6. Attach Doors and Hinges:** Mount the doors (F) to the cabinet frame using the provided hinges. Ensure the hinges are aligned correctly for smooth door operation.
- 7. Install Handles and Lock:** Attach the handles (G) to the doors. Install the lock mechanism (H) into the pre-drilled hole on one of the doors, ensuring it aligns with the locking point on the other door or frame. Test the lock with the provided keys (I).
- 8. Insert Shelves:** Determine your desired shelf heights. Insert the shelf clips (if separate) into the corresponding slots on the side panels. Place the adjustable shelves (E) onto the clips. The cabinet features numerous slots for flexible shelf placement.

# DIMENSIONS AND DETAILS

High load-bearing metal filing cabinet

Figure 3: A person adjusting the height of a shelf within the cabinet, demonstrating the ease of customization.

## 5. OPERATING INSTRUCTIONS

### Adjusting Shelves:

The Yizosh cabinet features 5 adjustable shelves, allowing you to customize the storage space to fit items of various sizes. To adjust a shelf:

1. Empty the shelf of all contents.
2. Carefully lift the shelf and remove it from its current position.
3. Relocate the shelf clips to the desired height slots on the side panels. Ensure clips are securely seated and level.
4. Place the shelf onto the new clips, ensuring it is stable before loading items.

# LOADING CAPACITY

Twice the thickness of phone

Each shelf can hold up to  
180LBS(81.65kg)

Figure 4: Illustration of the cabinet's loading capacity, showing each shelf can hold up to 180 lbs.

## Locking and Unlocking:

The cabinet is equipped with a secure lock to protect your stored items. Two keys are provided.

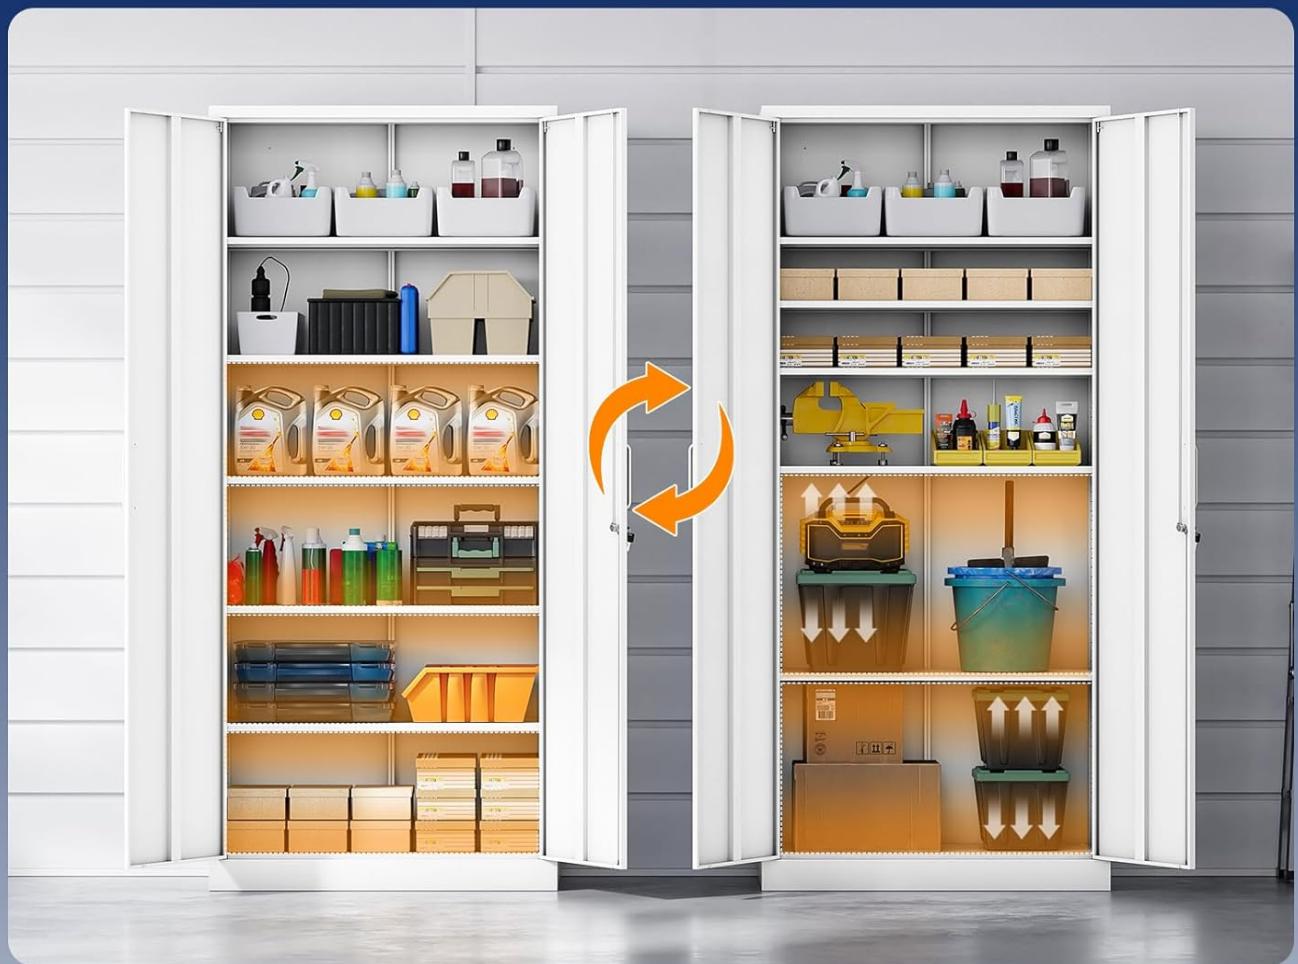

- **To Lock:** Close both doors firmly. Insert a key into the lock cylinder and turn it clockwise until the lock mechanism engages. Remove the key.
- **To Unlock:** Insert a key into the lock cylinder and turn it counter-clockwise until the lock mechanism disengages. The doors can then be opened.

Keep spare keys in a safe, accessible location.

## 6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your Yizosh storage cabinet.

- Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn dirt, use a mild soap solution and then wipe dry immediately. Avoid abrasive cleaners or solvents that could damage the powder coating.
- Inspection:** Periodically check all screws and fasteners to ensure they are tight. Re-tighten if necessary, but do not over-tighten.
- Leveling:** If the cabinet becomes wobbly, adjust the leveling feet at the base to ensure stability.
- Door Alignment:** If doors become misaligned or do not close smoothly, check hinge screws and adjust as needed.
- Rust Prevention:** While the cabinet has rust-resistant properties, avoid prolonged exposure to excessive moisture or corrosive substances.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet is wobbly/unstable.	Uneven floor; loose assembly screws.	Adjust the leveling feet at the base. Ensure all assembly screws are tightened.
Doors do not close properly or are misaligned.	Hinges are loose or misaligned; cabinet is not level.	Check and tighten hinge screws. Adjust leveling feet to ensure the cabinet is plumb.
Lock mechanism is stiff or not engaging.	Misalignment of doors; debris in lock.	Ensure doors are fully closed and aligned. Check for any obstructions in the lock mechanism. Apply a small amount of graphite lubricant if necessary.
Shelves sag or bend.	Overloaded shelf; improper installation.	Reduce weight on the shelf, ensuring it does not exceed 180 lbs. Re-install shelf, ensuring clips are fully seated.

## 8. SPECIFICATIONS

**Brand:** Yizosh

**Model:** W519S00070-GBTSJ

**Color:** White

**Material:** Alloy Steel (Heavy Gauge Cold-Rolled Steel Plate)

**Finish Type:** Powder Coated

**Product Dimensions (H x W x D):** 70.87" x 31.5" x 15.7" (71"H x 32"W x 16"D approx.)

**Number of Shelves:** 5 (Adjustable)

**Weight Capacity Per Shelf:** Up to 180 lbs

**Item Weight:** 81.1 Pounds

**Door Style:** Swing Door (180° opening angle)

**Special Feature:** Lockable (Key Lock)

**Mounting Type:** Floor Mount (Freestanding)

**Included Components:** Keys

**Assembly Required:** Yes (Knock-down structure)
