## Casaria Adirondack

# Casaria Adirondack Folding Acacia Wood Relax Chair Set - Instruction Manual

Model: Adirondack | Brand: Casaria

## 1. PRODUCT OVERVIEW

Thank you for choosing the Casaria Adirondack Folding Acacia Wood Relax Chair Set. This set includes two comfortable and stylish Adirondack chairs designed for relaxation in your garden, on your terrace, or balcony. Crafted from durable acacia wood, these chairs offer a blend of classic design and practical functionality, including a space-saving foldable design.

Key features include:

- Weather-resistant and robust acacia wood construction.
- Comfortable, high backrest and wide seat.
- Wide, rounded armrests for added comfort.
- Foldable design for easy storage and transport.
- Maximum load capacity of approximately 160 kg per chair.

## 2. SAFETY INSTRUCTIONS

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- **Assembly Required:** This product requires assembly. Ensure all parts are present and correctly assembled before use.
- **Weight Limit:** Do not exceed the maximum weight capacity of 160 kg (approximately 350 lbs) per chair. Overloading can cause structural failure and injury.
- **Stable Surface:** Always place the chair on a flat, stable, and level surface to prevent tipping.
- **Children and Pets:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Moving Parts:** Exercise caution when folding or unfolding the chair to avoid pinching fingers or hands.
- **Weather Conditions:** While the acacia wood is weather-resistant, prolonged exposure to extreme weather (heavy rain, snow, intense sun) can affect its lifespan. Store indoors or cover during harsh conditions.

- **Inspection:** Regularly inspect all bolts and connections to ensure they are tight. Retighten as necessary.

### 3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Item	Quantity	Description
Adirondack Chair Components	2 sets	Pre-drilled acacia wood parts for two chairs.
Hardware Pack	1	Screws, bolts, nuts, and assembly tools (e.g., Allen key).
Instruction Manual	1	This document.

### 4. SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to assemble the chairs on a soft, clean surface to prevent scratching the wood. Two people may be required for easier assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Check against the package contents list.
2. **Identify Parts:** Familiarize yourself with the different wooden components (seat, backrest, armrests, legs) and hardware.
3. **Attach Legs:** Secure the front and rear legs to the seat frame using the provided bolts and nuts. Do not fully tighten yet.
4. **Connect Backrest:** Attach the backrest to the seat frame and rear legs. Ensure the backrest is oriented correctly.
5. **Install Armrests:** Fasten the armrests to the side of the seat and the front legs.
6. **Tighten All Connections:** Once all parts are loosely assembled, place the chair on a level surface and gradually tighten all bolts and screws. Ensure the chair is stable and level.
7. **Test Stability:** Before first use, gently test the chair's stability and ensure all connections are secure.

## 5. OPERATING INSTRUCTIONS

The Casaria Adirondack chair is designed for comfortable relaxation and features a convenient folding mechanism for storage.

### Using the Chair:

- Ensure the chair is fully unfolded and stable before sitting.
- Sit gently and distribute your weight evenly.
- The wide armrests can be used to hold drinks or books.

### Folding for Storage:

To fold the chair for space-saving storage or transport:

1. Ensure no one is sitting in the chair and remove any items from it.
2. Locate the folding mechanism, typically near the rear legs or under the seat.
3. Carefully disengage the locking mechanism (if present) and fold the chair inwards. Refer to the diagram for visual guidance.
4. Once folded, the chair can be easily stored in a compact space.

Image 5.1: This image demonstrates the chair's space-saving foldable design and indicates its maximum weight capacity of 160 kg, along with its wide armrests for comfort.

## 6. MAINTENANCE

Proper care and maintenance will extend the life and preserve the appearance of your acacia wood chairs.

- **Cleaning:** Wipe the chairs regularly with a soft, damp cloth to remove dust and dirt. For stubborn stains, use a mild soap solution and rinse thoroughly. Dry immediately with a clean cloth.
- **Wood Treatment:** Acacia wood is naturally durable, but periodic oiling (e.g., with teak oil or other suitable wood

care oil) is recommended to maintain its rich color and protect it from moisture and UV radiation. The chairs are pre-oiled from the factory.

- **Storage:** During periods of non-use or harsh weather, store the folded chairs in a dry, protected area (e.g., shed, garage) or cover them with a waterproof furniture cover.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the wood finish.
- **Inspect Hardware:** Periodically check all screws and bolts and tighten them if necessary to ensure structural integrity.

## 7. TROUBLESHOOTING

If you encounter any issues with your Casaria Adirondack chairs, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Chair feels wobbly or unstable.	Loose hardware; uneven surface.	Ensure all bolts and screws are securely tightened. Move the chair to a flat, level surface.
Difficulty folding/unfolding.	Mechanism stiff or obstructed.	Check for any obstructions. Apply a small amount of silicone spray to hinges if stiff. Do not force the mechanism.
Wood appears dry or faded.	Lack of regular oiling; prolonged sun exposure.	Clean the wood and apply a suitable wood care oil (e.g., teak oil) as per product instructions. Store or cover when not in use.
Minor cracks or splinters in wood.	Natural wood characteristics; minor damage.	Small cracks are normal for natural wood. Sand down any splinters carefully. Apply wood filler for larger cracks if desired, then re-oil.
