HomSof Full Size House Bed with Trundle Instruction Manual

Model: SY0584

INTRODUCTION

Thank you for choosing the HomSof Full Size House Bed with Trundle. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed. Please read these instructions carefully before beginning assembly and retain them for future reference.

This bed frame is constructed from solid pine wood, designed for durability and stability. It includes a slat platform, eliminating the need for a box spring. The integrated trundle offers an additional sleeping space.

SAFETY INFORMATION

- **Adult Assembly Required:** This product requires adult assembly.
- **Keep Children Away:** Keep children away from the assembly area until assembly is complete. Small parts may pose a choking hazard.
- **Check All Connections:** Ensure all bolts, screws, and fasteners are securely tightened before use. Periodically check and re-tighten as needed.
- **Weight Capacity:** The main bed has a weight capacity of 250 lbs. The trundle bed has a weight capacity of 200 lbs. Do not exceed these limits.
- **Mattress Thickness:** For the main bed, use a full-size mattress not exceeding 6 inches in thickness. For the trundle bed, use a mattress measuring approximately 72.5" L x 38.5" W x 6" H.
- **Level Surface:** Always place the bed on a flat, level surface.
- **No Jumping:** Do not allow jumping on the bed.
- **Ventilation:** Ensure adequate ventilation during and after assembly, especially if using wood glues or finishes.

PACKAGE CONTENTS

Your HomSof House Bed with Trundle is shipped in two separate boxes. Please ensure you have received both boxes

before beginning assembly. Carefully unpack all components and verify against the parts list provided in the separate assembly document. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

Note: Mattresses are not included with this product.

SPECIFICATIONS

| Feature | Detail |
|--|----------------------|
| Model Number | SY0584 |
| Brand | HomSof |
| Material | Solid Pine Wood |
| Overall Dimensions (L x W x H) | 79.5" x 57" x 87.7" |
| Trundle Dimensions (L x W x H) | 75.5" x 40.5" x 9.4" |
| Main Bed Weight Capacity | 250 lbs |
| Trundle Bed Weight Capacity | 200 lbs |
| Recommended Main Mattress Thickness | Not over 6 inches |
| Recommended Trundle Mattress Thickness | 6 inches |
| Assembly Required | Yes |

SETUP AND ASSEMBLY

Before you begin, ensure you have all parts and tools as listed in the separate assembly guide. It is recommended to assemble the bed with at least two adults. Clear a spacious area for assembly.

- Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches.
- Identify Parts:** Refer to the parts list in your assembly document to identify each component.
- Follow Assembly Guide:** Follow the step-by-step instructions provided in the dedicated assembly document. This guide contains detailed diagrams and specific fastening instructions.
- Tighten Fasteners:** Ensure all bolts, screws, and connectors are tightened securely at each step. Do not overtighten to avoid stripping threads or damaging wood.
- Install Slats:** Once the frame is assembled, install the slat platform according to the instructions. The slat platform supports the mattress and eliminates the need for a box spring.
- Insert Trundle:** Assemble the trundle bed frame separately, then slide it into position under the main bed frame.

OPERATING INSTRUCTIONS

Using the Main Bed

Place a full-size mattress (not exceeding 6 inches in thickness) directly onto the wooden slat platform of the main bed frame. Ensure the mattress is centered and fits securely within the frame.

Using the Trundle Bed

The trundle bed is designed to slide out from underneath the main bed. To use:

1. **Pull Out:** Gently pull the trundle frame outwards from under the main bed. It is equipped with wheels for easy movement.
2. **Place Mattress:** Place a mattress (approximately 72.5" L x 38.5" W x 6" H) onto the trundle's slat platform.
3. **Retract:** When not in use, remove the trundle mattress if necessary, then push the trundle frame back under the main bed until it is fully retracted.

MAINTENANCE

- **Regular Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Check Fasteners:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain stability and safety.
- **Avoid Excessive Moisture:** Protect the bed from prolonged exposure to moisture or direct sunlight, which can cause warping or fading.
- **Inspect Slats:** Regularly inspect the wooden slats for any signs of damage or cracking. Replace any damaged slats immediately to ensure proper mattress support.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|----------------------------------|---|---|
| Bed feels wobbly or unstable. | Loose fasteners. | Check and tighten all bolts and screws. Ensure the bed is on a level surface. |
| Trundle does not slide smoothly. | Obstruction under the bed; wheels are dirty or damaged. | Clear any obstructions. Clean trundle wheels. Inspect wheels for damage and contact support if replacement is needed. |
| Squeaking noises. | Loose connections; friction between wood parts. | Re-tighten all fasteners. Apply a small amount of paraffin wax or silicone spray to contact points between wood components if squeaking persists. |
| Missing parts during assembly. | Packaging error or lost during unpacking. | Verify against the parts list in the assembly guide. Contact HomSof customer support for replacement parts. |
