ONN AAABLK100002866

ONN Groove Earphones with Mic User Manual

Model: AAABLK100002866

Product Overview

The ONN Groove Earphones with Mic provide a convenient and hands-free audio experience. Designed for music listening and calls, these wired earphones offer clear sound and include a built-in microphone for communication. They come with multiple ear tip sizes to ensure a comfortable and secure fit for various ear canal sizes.

What's in the Box

- ONN Groove Earphones with Mic (Black)
- Multiple sizes of soft silicone ear tips (Small, Medium, Large)

Operating Instructions

Audio Playback

Once connected to your device, audio will automatically play through the earphones. Adjust volume using your device's controls.

Using the Built-in Microphone

The earphones feature a built-in microphone for hands-free calling. When a call comes in, you can typically answer/end the call and control playback using the in-line remote control.

In-line Remote Control (Media Control)

The remote control allows for basic media playback and call management. Specific functions may vary slightly depending on your connected device and operating system.

- **Single Press:** Play/Pause music, Answer/End call.
- **Double Press:** Skip to next track.
- **Triple Press:** Go to previous track.

Maintenance

- **Cleaning:** Regularly clean the silicone ear tips with a soft, damp cloth. Ensure they are completely dry before reattaching. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in a clean, dry place. Avoid tangling the cable to prevent damage. The retractable cable feature helps in neat storage.
- **Avoid Moisture:** These earphones are not water resistant. Avoid exposure to water, sweat, or high humidity to prevent damage.
- **Handle with Care:** Do not pull on the cable to disconnect from your device. Always grasp the 3.5mm jack firmly.

Troubleshooting

Problem	Possible Cause	Solution
No sound or low volume	Volume on device is too low or muted. Earphones not fully plugged in. Incorrect ear tip size. Audio source issue.	Increase volume on your device. Ensure the 3.5mm jack is fully inserted. Try different ear tip sizes for a better seal. Test with another audio source or device.
Microphone not working	Microphone muted on device. Application settings. Earphones not fully plugged in.	Check device's microphone settings. Ensure the application (e.g., calling app) has microphone access. Ensure the 3.5mm jack is fully inserted.
Sound distortion or crackling	Loose connection. Damaged cable. Interference.	Re-insert the 3.5mm jack. Inspect the cable for visible damage. Move away from other electronic devices that might cause interference.

Specifications

Feature	Detail
