## 3. PRODUCT FEATURES

- **Wireless Pump 3.0:** Features an upgraded wireless pump for enhanced electrical safety, anti-dry burning, and longer lifespan.
- **Ultra Quiet Operation:** Operates at less than 25dB, ensuring a peaceful environment for both pets and owners.
- **APP Control via Bluetooth:** Monitor water level and fountain status through the PETKIT app, with low water level reminders.
- **Ultra Safe Design:** No wires on the water pump or fountain body; only a USB power cable on the base. The base and fountain body are separable for safer operation. (*Note: USB Power Adapter is not included; a 5V 1A power adapter/plug is required.*)
- **Detachable Design:** Allows for effortless cleaning and refilling without getting the powered base wet.
- **Multi-Layer Filtration System:** Effectively filters hair, dust, odors, and heavy metals, providing fresh and clean water 24/7.
- **Three Working Modes:**

- *Smart Mode*: Water pumps intermittently (default interval is 3 minutes).
- *Normal Mode*: Water pumps continuously.
- *Night Mode*: Turns off the indicator light for undisturbed sleep.

- **Large Capacity**: 2L (70oz) capacity meets pets' water intake for 8-10 days.

## 4. SETUP INSTRUCTIONS

Follow these steps to set up your PETKIT EVER SWEET Solo 2 water fountain:

- 1. Unpack Components:** Carefully remove all parts from the packaging.
- 2. Assemble Pump:** Ensure the wireless pump is correctly placed within the fountain's main body. The detachable design makes this easy.
- 3. Add Water:** Fill the fountain reservoir with clean water up to the MAX line indicated on the side window.
- 4. Insert Filter:** Place the filter unit into its designated slot on the top cover.
- 5. Secure Top Cover:** Place the top cover onto the fountain body and twist it gently to secure it in place.
- 6. Connect Power:** Place the fountain unit onto the powered base. Connect the USB power cable from the base to a 5V 1A USB power adapter (not included) and plug it into a wall outlet. The fountain will begin operating.

## 5. OPERATING MODES

The PETKIT EVER SWEET Solo 2 offers three distinct operating modes to suit your pet's needs and your preferences:

- **Smart Mode (Green Indicator):** In this mode, the water pump operates intermittently, typically with a 3-minute interval. This conserves energy while still providing fresh water.
- **Normal Mode (Blue Indicator):** The water pump runs continuously, ensuring a constant flow of water for pets who prefer uninterrupted access.
- **Night Mode:** This mode turns off the indicator light, making it ideal for nighttime use without disturbing your sleep.

## 6. MAINTENANCE AND CLEANING

Regular cleaning of your PETKIT EVER SWEET Solo 2 water fountain is crucial to ensure optimal performance and provide your pets with clean, fresh water. It is recommended to clean the wireless pump once or twice a month.

### Cleaning the Wireless Pump:

#### 1. Disassemble the Pump:

- Take out the filter cotton from the water pump.
- Open the front cover of the water pump.
- Use a small tweezer (or the included cleaning tool) to gently pry out the impeller cover and then the impeller itself.

2. **Wash Components:** Wash the pump front cover, impeller, and tray part thoroughly with water. Use the provided cleaning brush to remove any debris or buildup. Also, rinse the filter cotton under running water.

3. **Reassemble:** Reinstall the impeller, then the impeller cover, and finally the pump front cover. Replace the cleaned filter cotton.
