2. SETUP

2.1 Unboxing and Components

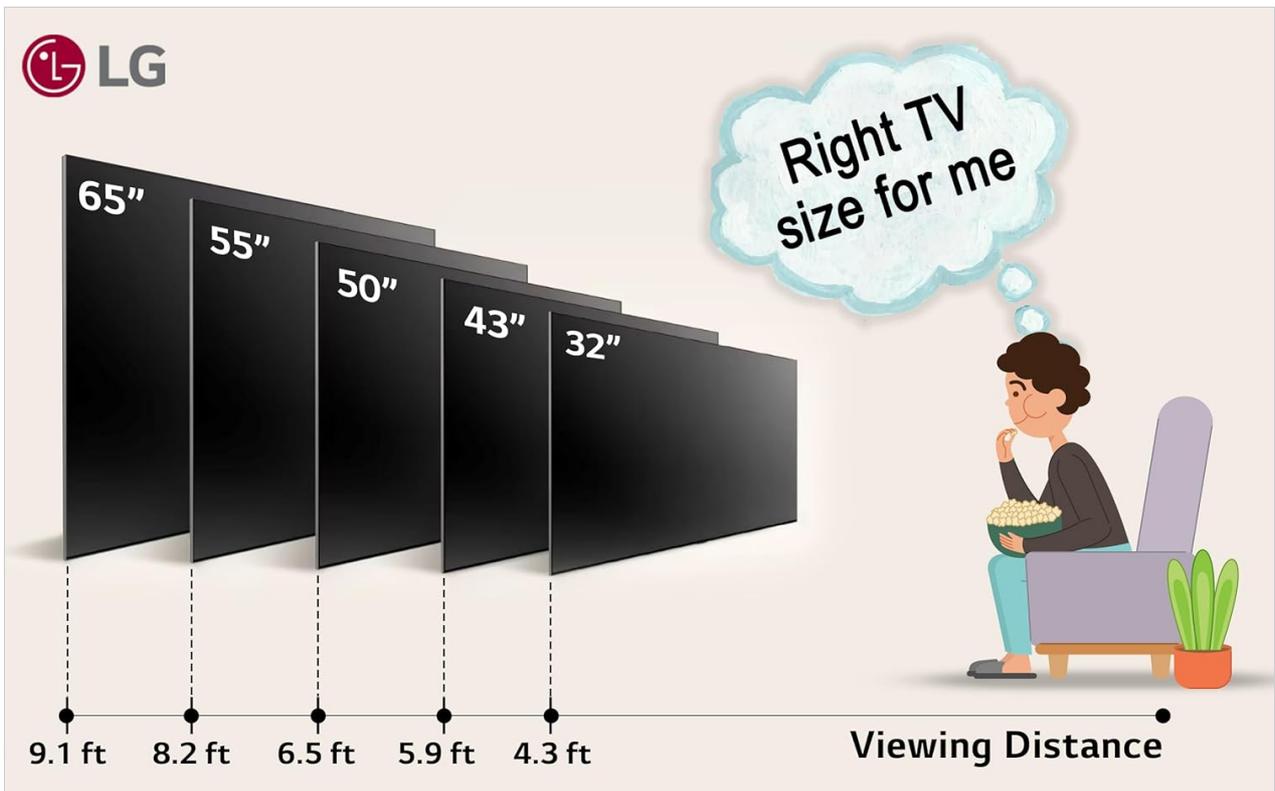

Carefully remove the TV and all accessories from the packaging. Ensure all components listed below are present:

- 1 UHD 4K TV
- 1 Table Top Stand
- 1 Remote Control
- 2 AA Batteries

2.2 Stand or Wall Mount Installation

Choose between installing the included table-top stand or a compatible wall mount. For wall mounting, ensure the bracket supports the TV's weight and VESA standards. A 4-way wall mount bracket is available, offering

pull front & back movement and $15 \pm 2^\circ$ left-right swivel.

2.3 Initial Power On

Connect the power cord to the TV and a wall outlet. Press the power button on the remote control or the TV to turn it on. Follow the on-screen instructions for initial setup, including language selection, network connection, and channel scanning.

3. OPERATING INSTRUCTIONS

3.1 Remote Control

The included remote control provides access to all TV functions. It features dedicated buttons for popular streaming services like Prime Video, Netflix, and Disney+ Hotstar, along with navigation keys for easy menu interaction.

5. DISPLAY AND PICTURE QUALITY

Experience stunning visuals with the LG 43UQ7500PSF's advanced display technologies.

- **Resolution:** 4K Ultra HD (3840x2160) with a 60 hertz refresh rate.
- **4K Upscaler:** Enhances non-4K content to near 4K quality, providing clarity and precision.
- **AI Brightness Control:** Automatically adjusts screen brightness based on ambient lighting conditions for optimal viewing.
- **HDR 10 Pro & Active HDR:** Supports advanced HDR formats for vivid colors, enhanced contrast, and incredible detail.
- **Filmmaker Mode:** Disables motion smoothing and preserves original aspect ratios, colors, and frame rates to deliver content as the filmmaker intended.

Crystal clear 4K experience

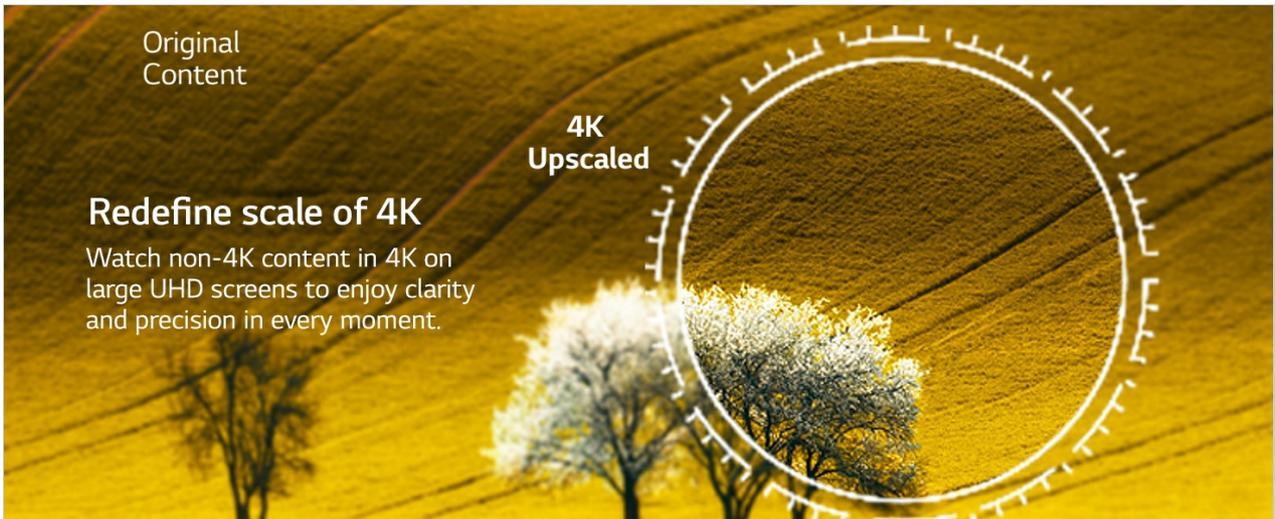

Crystal clear 4K experience with LG UHD AI ThinQ.

Original
Content

4K
Upscaled

Redefine scale of 4K

Watch non-4K content in 4K on large UHD screens to enjoy clarity and precision in every moment.

4K Upscaling redefines the scale of 4K, enhancing clarity and precision.

AI Brightness Control

AI Brightness Control ensures the perfect brightness level for any environment, adapting to brightness by surrounding ambient lighting.

AI Brightness Control adapts to ambient lighting for perfect brightness.

HDR10 Pro

With HDR10 Pro, brightness level is adjusted to enhance color and clarity in every image. Be mesmerized by how realistic your content looks.

HDR10 Pro enhances color and clarity for realistic content.

FILMMAKER MODE™

Enjoy your favorite films just the way they were filmed and appreciate the elements of authenticity from the perspective of the director.

Filmmaker Mode preserves the original vision of content creators.

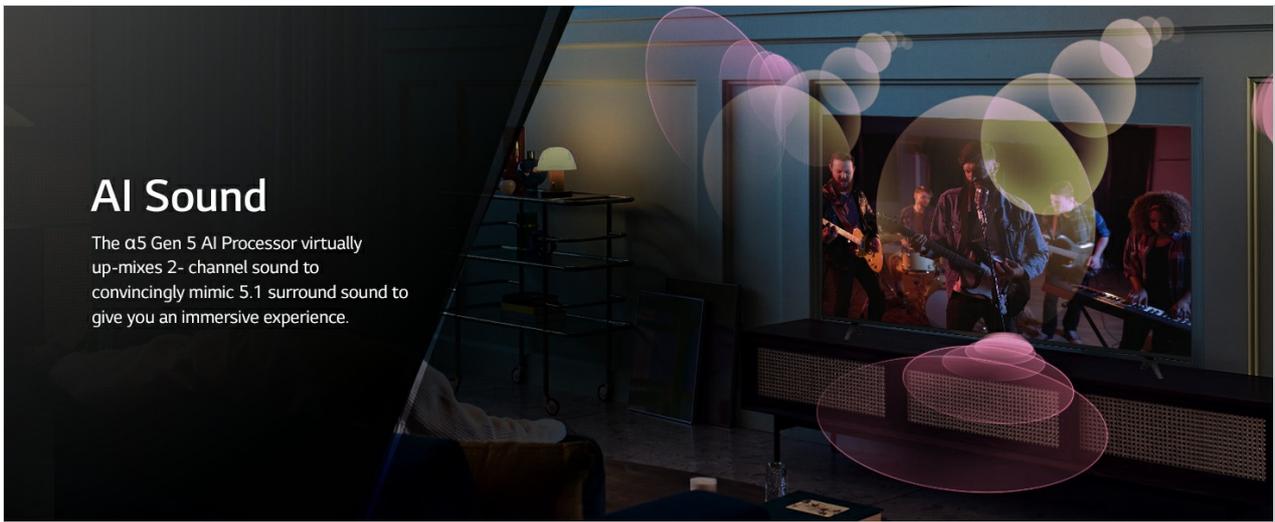

6. AUDIO QUALITY

Immerse yourself in rich, clear sound with your LG TV.

- **Output:** 20 Watts total audio output.
- **Speakers:** 2.0 Channel Speaker system.
- **AI Sound:** The $\alpha 5$ Gen5 AI Processor 4K virtually up-mixes 2-channel audio into convincing 5.1 surround sound for an immersive experience.
- **Auto Volume Levelling:** Maintains consistent volume levels across different content.
- **Bluetooth Surround Ready:** Connect compatible Bluetooth speakers for an expanded surround sound setup.

AI Sound

The α5 Gen 5 AI Processor virtually up-mixes 2-channel sound to convincingly mimic 5.1 surround sound to give you an immersive experience.

AI Sound provides an immersive audio experience by up-mixing 2-channel sound to virtual 5.1 surround.

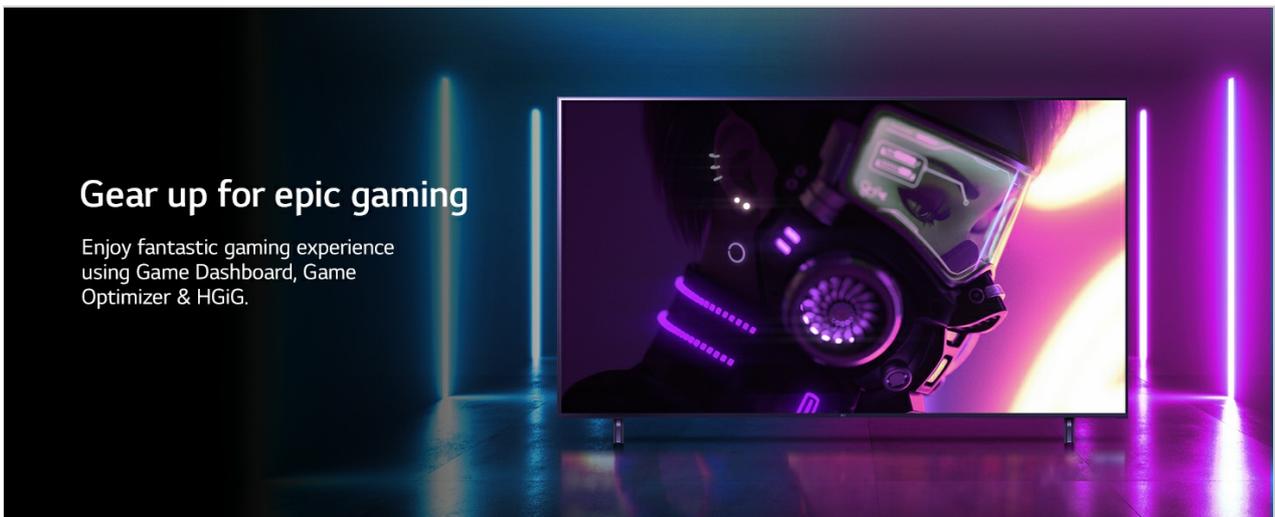

7. GAMING FEATURES

The LG 43UQ7500PSF is designed to enhance your gaming experience.

- **Game Optimizer & Dashboard:** Centralized settings for optimal gameplay, allowing quick adjustments to game genre settings (FPS, RPG, RTS) and picture modes.
- **ALLM (Auto Low Latency Mode):** Automatically switches to a low-latency mode when a game console is detected, reducing input lag.
- **HGiG Mode:** Provides an enhanced HDR gaming experience by displaying game graphics as intended by the game developers.
- **Fast Response Time:** Ensures smooth and responsive gameplay.

Gear up for epic gaming

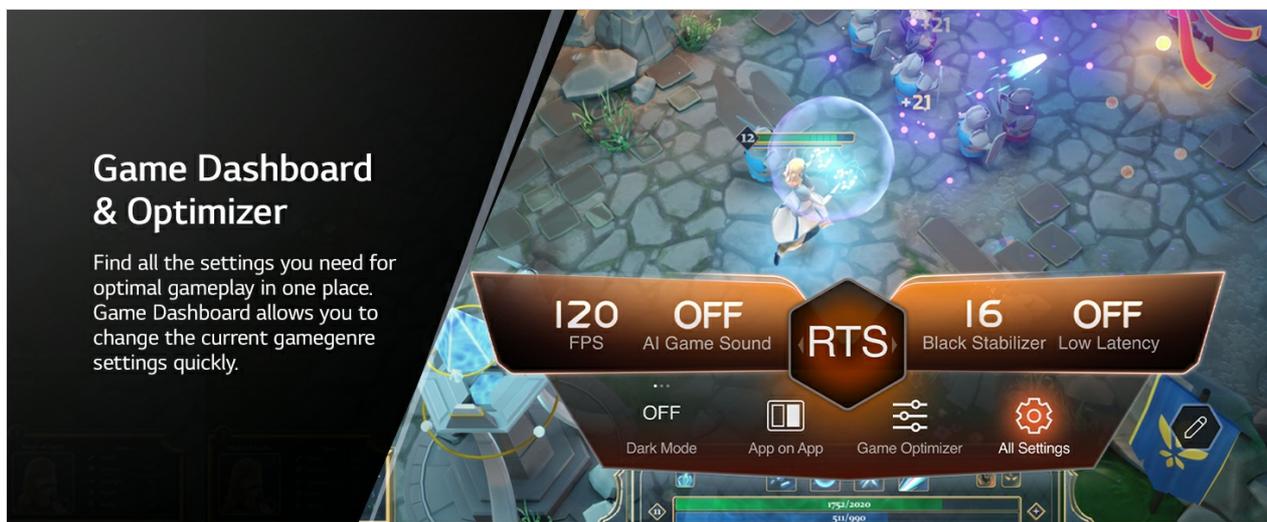

Enjoy fantastic gaming experience using Game Dashboard, Game Optimizer & HGiG.

Gear up for epic gaming with optimized features.

Game Dashboard & Optimizer

Find all the settings you need for optimal gameplay in one place. Game Dashboard allows you to change the current gamegenre settings quickly.

Game Dashboard & Optimizer provides quick access to game settings.

HGiG

LG has partnered with some of the biggest names in the gaming industry, allowing you to enjoy the latest HDR games and immerse yourself in your gameplay.

HGiG enhances HDR gaming for a more immersive experience.

8. MAINTENANCE

To ensure the longevity and optimal performance of your LG TV, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the screen with a soft, dry microfiber cloth. For stubborn marks, slightly dampen the cloth with water or a screen-cleaning solution. Avoid harsh chemicals.
- **Dusting:** Regularly dust the TV's frame and vents to prevent dust buildup, which can affect performance.
- **Software Updates:** Keep your TV's software updated to the latest version. This can be done through the TV's settings menu (Settings > All Settings > General > About This TV > Check for Updates).
- **Power Management:** Unplug the TV during lightning storms or when not in use for extended periods.

9. TROUBLESHOOTING

If you encounter issues with your LG TV, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into both the TV and a working electrical outlet.

Check if the outlet is receiving power.

- **No Picture/Sound:** Verify that the correct input source is selected. Check all cable connections (HDMI, AV) for looseness or damage.
- **Remote Not Working:** Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Poor Wi-Fi Connection:** Move your Wi-Fi router closer to the TV or reduce interference from other devices. Restart both the TV and the router.
- **Picture Quality Issues:** Adjust picture settings (brightness, contrast, color) in the TV's menu. Ensure the content source is of high quality.

For more complex issues, consult the full electronic manual available on the LG support website or contact LG customer service.
