AIRIVO HJ-XKD09

AIRIVO Aurora Projector Instruction Manual

Model: HJ-XKD09

1. Introduction

The AIRIVO Aurora Projector (Model: HJ-XKD09) is a versatile 3-in-1 device designed to enhance your environment with captivating light displays, soothing sounds, and music playback. It combines a night light projector, Bluetooth speaker, and white noise machine to create a relaxing or festive atmosphere. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and enjoyment of your projector.

2. Package Contents

Please check the package to ensure all items are present:

- 1 x AIRIVO Aurora Projector
- 1 x USB Cable
- 1 x Remote Control
- 1 x User Manual

3. Product Overview

The projector features intuitive controls and a compact design. The main unit includes buttons for power, volume, and mode selection. An infrared sensor is present for remote control operation. The top dome projects the light effects, while a

speaker is integrated for audio output.

4. Setup

1. **Power Connection:** Connect the provided USB cable to the projector's power input and plug the other end into a compatible USB power adapter (not included) or a USB port.
2. **Placement:** Place the projector on a flat, stable surface. For optimal projection, position it in the center of the room or facing a wall/ceiling.
3. **Initial Power On:** Press the power button on the projector or the remote control to turn on the device.

5. Operating Instructions

5.1 Light Modes

The projector offers 14 color variations and dynamic star blinking modes, emulating Northern Lights and starry skies.

- **Changing Colors:** Use the color selection buttons on the remote (R, G, B, W for Red, Green, Blue, White) or the mode button on the projector to cycle through different color combinations.
- **Adjusting Brightness:** Use the 'S+' and 'S-' buttons on the remote to increase or decrease the brightness of the projection.
- **Adjusting Flow Speed:** The aurora effect has 5 flow speeds. Use the remote to adjust the movement speed of the light patterns.
- **Dynamic Star Blinking:** The green stars will flicker and disappear periodically, creating a dynamic and realistic starry effect.

5.2 Bluetooth Speaker

The projector can function as a Bluetooth speaker to play music from your devices.

1. **Pairing:** Turn on the projector. Activate Bluetooth on your device (e.g., smartphone). Search for "HJ-XKD09" in the list of available devices and connect.
2. **Music Playback:** Once paired, you can play music from your device through the projector's speaker. Use the remote control to adjust volume, skip tracks, or pause/play.

5.3 White Noise

The projector includes 8 built-in white noise sounds to aid relaxation and sleep:

- Soft music
- Early morning jungle
- Stream

- Summer night
- Rain
- Music box
- Ocean waves
- Bonfire

for bedtime.

5.4 Sound Activated Mode

When Bluetooth is paired, the lights can synchronize with the beat of your music, creating a dynamic disco effect perfect for parties.

5.5 Timer Function

Set the projector to automatically turn off after a specified duration:

- Use the '1H' button on the remote for 1 hour.
- Use the '2H' button on the remote for 2 hours.
- The projector will automatically turn off after 4 hours if no timer is set.

5.6 Remote Control Usage

The included remote control provides full functionality for the projector. Ensure the remote is pointed towards the infrared sensor on the projector for effective operation.

- **Power Button:** Turns the projector on/off.
- **Color Buttons (R, G, B, W):** Select individual or combined colors.
- **Volume Buttons (+/-):** Adjust audio volume.
- **Track Buttons (|<, >|):** Skip music tracks.
- **Brightness Buttons (S+, S-):** Adjust light brightness.
- **Mode Button:** Cycles through different light modes.
- **Music Button:** Toggles between built-in sounds and Bluetooth audio.
- **Timer Buttons (1H, 2H):** Set auto-off timer.

6. Maintenance

- Keep the projector clean by wiping it with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- Store the projector in a cool, dry place when not in use.

7. Troubleshooting

- **No Power:** Ensure the USB cable is securely connected and the power adapter is working.
- **No Projection:** Check if the light function is turned on. Adjust brightness settings.
- **Remote Not Responding:** Ensure the remote's batteries are functional and it's pointed directly at the projector's infrared sensor.
- **Bluetooth Connection Issues:** Make sure the projector is in Bluetooth pairing mode and your device's Bluetooth is enabled. Try unpairing and re-pairing the device.

8. Specifications

Feature	Specification
