LOVELEDI P11

LOVELEDI P11 Portable Charger Power Bank User Manual

Model: P11

INTRODUCTION

Thank you for choosing the LOVELEDI P11 Portable Charger Power Bank. This compact and powerful device is designed to keep your mobile devices charged on the go. With its 15000mAh capacity and multiple charging ports, it provides reliable power for your smartphones, tablets, and other USB-powered gadgets. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new power bank.

The LOVELEDI P11 Portable Charger Power Bank in Deep White.

SETUP AND INITIAL USE

Package Contents

Before using your power bank, please ensure all items are present in the package:

- LOVELEDI P11 Portable Charger Power Bank
- USB-C Charging Cable
- User Guide

Ultra Slim Ultra Powerful

Initial Charging

Your power bank comes with a 15000 Milliamp Hours (mAh) battery capacity. For optimal performance, fully charge the power bank before its first use.

- Connect the provided USB-C cable to the USB-C input port on the power bank.
- Connect the other end of the cable to a compatible USB wall adapter (not included).
- The LED indicators on the power bank will light up to show the charging progress. Four solid blue lights indicate a full charge.

The LED indicator lights display the current charge level of the power bank.

Charging times vary depending on the input port used:

- Using USB-C input: Approximately 4.5 hours
- Using Micro USB input: Approximately 5.0 hours

Simultaneous Charging

Twin USB ports allow you to charge two devices at the same time.

The power bank offers both USB-C and Micro USB input options for recharging.

OPERATING INSTRUCTIONS

Charging Your Devices

The LOVELEDI P11 Power Bank features dual USB output ports (USB-A1 and USB-A2) allowing you to charge two devices simultaneously with a maximum output of 15W.

- Connect your device's charging cable to one of the USB output ports on the power bank.
- Connect the other end of the cable to your device.
- The power bank will automatically begin charging your device.

Recharge Your Way

With both a USB-C and Micro USB input port, you have more options over how you recharge.

Type-C input

Micro input

15W
MAX

The power bank supports simultaneous charging of two devices via its dual USB ports.

Fast Charging

Charge iPhone 13/13 Pro to 50% in just 45 minutes

iPhone 13 series iPhone 12 series iPhone 11 series iPhone X series

iPad

iPad Pro series iPad Air series iPad series

Android

Samsung series Google series Motorola series

Other

Samsung Tab series Switch And More

The power bank is compatible with a wide range of smartphones, tablets, and other portable electronics.

The power bank incorporates a comprehensive safety system to ensure complete protection for you and your devices:

- **Short-circuit protection:** Prevents damage from electrical shorts.
- **Over-current protection:** Safeguards against excessive current flow.
- **Over-voltage protection:** Protects devices from high voltage.
- **Temperature protection:** Monitors and regulates internal temperature.
- **Overcharge protection:** Prevents battery damage from overcharging.

The internal safety system provides multiple layers of protection for secure charging.

CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your LOVELEDI P11 Power Bank, please follow these care and maintenance guidelines:

- Avoid exposing the power bank to extreme temperatures (hot or cold), direct sunlight, or high humidity.
- Do not drop, disassemble, or attempt to repair the device yourself. This may void the warranty and cause damage.
- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place when not in use.
- If the power bank will not be used for an extended period, charge it fully at least once every three months to maintain battery health.

TROUBLESHOOTING

If you encounter any issues with your LOVELEDI P11 Power Bank, please refer to the following common troubleshooting tips:

Power Bank Not Charging / Lights Not Staying On

- **Check the cable:** Ensure the charging cable is securely connected to both the power bank's input port and the wall adapter. Try using a different USB-C or Micro USB cable to rule out a faulty cable.
- **Check the power source:** Verify that the wall adapter and power outlet are functioning correctly. Try plugging another device into the same outlet.

- **Reset the power bank:** Sometimes, simply disconnecting and reconnecting the charging cable can resolve minor issues.
- **Allow time for initial charge:** If the power bank has been completely drained, it might take a few minutes for the LED indicators to light up consistently.

Device Not Charging from Power Bank

- **Check power bank charge:** Ensure the power bank itself has sufficient charge (check LED indicators).
- **Check device cable:** Use the original charging cable for your device or a certified third-party cable. Try a different cable if necessary.
- **Verify connection:** Make sure the cable is firmly connected to both the power bank's output port and your device.
- **Compatibility:** While universally compatible, ensure your device's charging requirements are met by the power bank's output (5V/3.1A).

If the issue persists after trying these steps, please contact customer support for further assistance.

SPECIFICATIONS

Below are the technical specifications for the LOVELEDI P11 Portable Charger Power Bank:

Feature	Detail
Model Number	P11
Battery Capacity	15000 Milliamp Hours (mAh)
Product Dimensions	5.51 x 2.56 x 0.51 inches
Item Weight	7.2 ounces
Input (Type-C / Micro USB)	5V/2A
Output (USB-A1 / USB-A2)	5V/3.1A
Voltage	5 Volts
Special Features	Portable, Portable Charger, Portable Charging, Travel
Manufacturer	Shenzhen jincheng Electronic Technology Co., Ltd
Date First Available	June 15, 2022

The compact dimensions of the power bank make it highly portable.
