6. MAINTENANCE

Proper care and maintenance will extend the life of your Coocaa TV.

- **Cleaning the Screen:** Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, use a screen cleaning

solution specifically designed for electronics, applied to the cloth, not directly to the screen.

- Cleaning the Casing:** Use a soft, dry cloth to wipe the TV casing. Avoid using abrasive cleaners or solvents.
- Ventilation:** Ensure the ventilation openings are not blocked to prevent overheating.
- Power Cord:** Regularly check the power cord for any damage.

7. TROUBLESHOOTING

Before contacting customer support, try the following solutions for common issues:

| Problem | Possible Cause | Solution |
|----------------------------------|---|--|
| No power | Power cord disconnected; no power from outlet | Check power cord connection; test outlet with another device. |
| No picture, but sound is present | Incorrect input source; loose HDMI/AV cable | Press the Source button on the remote to select correct input; re-connect cables securely. |
| No sound, but picture is present | Volume muted or too low; external audio system issue | Unmute volume or increase level; check connections to external audio devices. |
| Remote control not working | Batteries depleted or incorrectly inserted; obstruction between remote and TV | Replace batteries; ensure line of sight to TV's IR receiver. |
| Cannot connect to Wi-Fi | Incorrect password; router issue; TV too far from router | Verify Wi-Fi password; restart router; move TV closer or use wired connection. |
