Key Features:

- **Scratch-Resistant Design:** Multiple reinforced scratching posts with natural sisal ropes help protect your furniture by providing an appropriate outlet for scratching.
- **Stable and Comfortable Construction:** Made from high-quality particle board and covered with skin-friendly plush faux-fur for warmth and comfort. The stable chassis is designed to prevent overturning during active play.
- **Multi-Level Activity Space:** Includes an independent platform for lounging and a large, roomy condo for privacy and rest.
- **Interactive Play:** Features an attached interactive toy (mouse) to encourage playfulness and engagement.
- **Ideal for Kittens and Small Cats:** Designed to accommodate the climbing and playing habits of average kittens and cats.

OPERATING INSTRUCTIONS

The BestPet Cat Tree is an interactive furniture piece for your cat. No complex operation is required. Simply place the cat tree in a suitable location within your home, ensuring it is stable and not prone to tipping.

- Encourage your cat to explore the different levels and the condo.
- The sisal scratching posts are intended for claw sharpening; encourage your cat to use them instead of household furniture.
- The attached toy provides an immediate source of entertainment.

Roomy Condo

The quiet and roomy condo allows for your cat to nap without any disruptions

MAINTENANCE

Proper maintenance will extend the life of your BestPet Cat Tree and ensure a hygienic environment for your pet.

- **Cleaning:** The plush faux-fur cover can be hand washed only. Spot clean any soiled areas with a mild detergent and damp cloth. Avoid harsh chemicals.
- **Sisal Rope:** Regularly check the sisal scratching posts for wear and tear. While durable, heavy use may require replacement over time.
- **Stability Check:** Periodically check all connections and screws to ensure the cat tree remains stable. Tighten any loose fittings.
- **General Care:** Keep the cat tree in a dry indoor environment. Avoid direct sunlight or excessive moisture which can damage the materials.

TROUBLESHOOTING

Most issues with the BestPet Cat Tree can be resolved with simple checks.

Problem	Possible Cause	Solution
Cat tree feels wobbly.	Loose connections or uneven placement.	Ensure all screws are tightened. Place the tree on a flat, stable surface.
Cat not using scratching posts.	Preference for other surfaces or unfamiliarity.	Gently guide your cat's paws to the sisal posts. You can also try sprinkling catnip on the posts to attract them.
Cat not using the condo/bed.	Prefers open spaces or needs time to adjust.	Place a favorite blanket or toy inside. Allow your cat time to explore and feel comfortable.
