› Rae Dunn Salt and Pepper Grinder Set (Model 192598558664) Instruction Manual

Rae Dunn 192598558664

Rae Dunn Salt and Pepper Grinder Set Instruction Manual

Model: 192598558664

PRODUCT OVERVIEW

This Rae Dunn Salt and Pepper Grinder Set provides a manual method for grinding salt, pepper, and other spices. The set features a high-quality bamboo construction with a stainless steel grinding mechanism, designed for durability and consistent performance. Each grinder measures approximately 2.2 inches in width and 6 inches in height.

- **Material:** Bamboo body with stainless steel grinding mechanism.
- **Adjustable Coarseness:** The grinding mechanism allows for adjustment from fine to coarse grinds.
- **Easy Refill:** Designed for straightforward refilling of spices.
- **Dimensions:** Approximately 2.2" W x 6" H.

SETUP AND FILLING

Before first use, or when refilling, follow these steps to prepare your grinder:

1. **Unscrew the Top Nut:** Locate the stainless steel nut at the very top of the grinder. Turn this nut counter-clockwise to loosen and remove it.
2. **Remove the Top Cap:** Once the nut is removed, carefully lift off the top cap of the grinder.
3. **Fill with Spices:** Pour your desired whole spices, such as peppercorns or coarse salt, into the main chamber of the grinder. Ensure not to overfill.
4. **Replace the Top Cap and Nut:** Place the top cap back onto the grinder, aligning it with the central rod. Then, screw the stainless steel nut back onto the rod, turning clockwise until it is finger-tight.

STEP 1: Unscrew stainless steel cover

STEP 2: Remove top

STEP 3: Fill with your favorite spices

OPERATION

To use the grinder and adjust the coarseness of your grind:

1. **Adjust Coarseness:** The stainless steel nut on top of the grinder controls the grind size. Turn the nut clockwise for a finer grind and counter-clockwise for a coarser grind. Experiment to find your preferred setting.
2. **Grind Spices:** Hold the body of the grinder firmly and twist the top cap. The grinding mechanism at the bottom will process the spices, dispensing them from the base.

MAINTENANCE

Proper care ensures the longevity and performance of your grinders:

- **Cleaning:** The grinders are dishwasher safe. For best results, disassemble the grinder before washing.
- **Drying:** Ensure all parts are completely dry before reassembling and refilling with spices to prevent clumping or damage to the mechanism.
- **Storage:** Store in a dry place away from direct sunlight and excessive humidity to preserve the bamboo and spice quality.

TROUBLESHOOTING

If you encounter issues with your grinder, consider the following:

- **Difficulty Grinding:** Check if the top nut is too tight, which can prevent grinding. Loosen it slightly. Also, ensure the spice chamber is not overfilled, which can jam the mechanism.

- **Inconsistent Grind:** Adjust the top nut to your desired coarseness. If the issue persists, check for any foreign objects or blockages in the grinding mechanism.
- **No Spice Dispensed:** Verify that the grinder is filled with spices. If it is, check for blockages in the grinding mechanism or ensure the top nut is not excessively loose, which might prevent proper engagement.

SPECIFICATIONS

Feature	Detail
Brand	Rae Dunn
Model Number	192598558664
Material	Bamboo
Color	Cream
Product Dimensions	2.2"W x 6"H
Item Weight	6.8 ounces
Operation Mode	Manual
Recommended Uses	Kitchen
Dishwasher Safe	Yes
Manufacturer	Enchante Direct

WARRANTY AND SUPPORT

For warranty information or product support, please refer to the documentation included with your purchase or contact Rae Dunn customer service directly. Details can often be found on the manufacturer's official website or through your retailer.
