SINSOCJ W117 Grille

W117 Grille GT Style Front Bumper Grill Mesh Replacement

Model: W117 Grille

Brand: SINSOCJ

1. PRODUCT OVERVIEW

This document provides essential information for the SINSOCJ W117 GT Style Front Bumper Grille, designed as a direct replacement for Mercedes Benz W117 CLA Class models CLA200, CLA250, and CLA45 AMG from 2014-2019. This grille is intended to enhance the vehicle's aesthetic with a sportier appearance.

Key features include:

- **Compatibility:** Specifically designed for 2014-2019 Mercedes Benz CLA250, CLA45 AMG, and 2015 CLA200 models.
- **Material:** Constructed from 100% non-recycled raw ABS plastic, ensuring lightweight durability and good heat resistance.
- **Design:** Features a snap-on design with strong clips and tabs for a perfect fit with original mounting holes. The surface is shiny, smooth, and UV-resistant, with guaranteed paint quality to prevent fading.
- **Appearance:** Provides an ultimate sportier look, mimicking the GT style.

2. SETUP AND INSTALLATION

The SINSOCJ W117 Grille is designed for direct OEM replacement. While the installation process is generally straightforward due to its snap-on design, it is **strongly recommended that installation be performed by a professional**. This is primarily because the main difficulty lies in the safe and proper removal of the original grille, which may require specialized tools or knowledge to avoid damage to the vehicle.

Important Considerations:

- **No Installation Manual Provided:** This product does not include a detailed installation manual. Professional installation is advised to ensure correct fitment and prevent damage.
- **Emblem/Logo:** Please note that the product includes the grille only; the original Mercedes Benz emblem or logo is not included and must be transferred from the old grille or purchased separately if desired.
- **Fitment Verification:** Before proceeding with installation, carefully verify the grille's fitment with your specific Mercedes Benz W117 CLA Class model (CLA200, CLA250, CLA45 AMG, 2014-2019).

Image 2.1: Example of the W117 Grille installed on a white Mercedes Benz CLA Class vehicle, demonstrating the aesthetic integration.

Image 2.2: Rear view of the grille, illustrating the strong clips and tabs designed for secure mounting.

3. FUNCTIONALITY AND USAGE

The SINSOCJ W117 Grille serves as a direct aesthetic and functional replacement for your vehicle's original front bumper grille. Its primary function is to allow airflow to the engine bay for cooling, while also protecting internal components from road debris. The GT style design enhances the vehicle's front-end appearance, contributing to a more aggressive and sporty look.

Once installed, the grille operates passively as an integral part of the vehicle's exterior. No active user interaction is required for its functionality.

4. MAINTENANCE

To maintain the appearance and integrity of your SINSOCJ W117 Grille, follow these simple maintenance guidelines:

- **Regular Cleaning:** Clean the grille regularly using mild automotive soap and water. Avoid harsh chemicals or abrasive cleaners that could damage the gloss black finish or UV-resistant coating.
- **Soft Cloth:** Use a soft microfiber cloth or sponge for cleaning to prevent scratches. Rinse thoroughly with clean water after washing.
- **Drying:** Dry the grille with a clean, soft towel to prevent water spots.
- **Avoid Pressure Washers:** While durable, excessive pressure from power washers directed too closely may potentially affect the finish or mounting points over time. Use with caution.

5. TROUBLESHOOTING

This section addresses common concerns related to the SINSOCJ W117 Grille.

5.1. Fitment Issues

If the grille does not appear to fit your vehicle, consider the following:

- **Verify Compatibility:** Double-check that your vehicle is a Mercedes Benz W117 CLA Class (CLA200, CLA250, CLA45 AMG) manufactured between 2014 and 2019. Incompatibility with specific sub-models or years outside this range may occur.
- **Professional Installation:** As noted in Section 2, professional installation is highly recommended. An experienced installer can identify and address minor fitment nuances or confirm if the part is indeed incompatible.
- **Original Grille Removal:** The primary challenge is often the removal of the original grille. Ensure this process is done correctly and without damaging the vehicle's mounting points, as this can affect the new grille's fit.
- **Contact Seller:** If, after professional assessment, the grille is confirmed to be incompatible or defective, contact the seller for assistance or return options.

5.2. Cosmetic Concerns

For issues related to the grille's finish or appearance:

- **Scratches/Damage:** Inspect the product upon arrival for any shipping damage. If found, document it and contact the seller immediately.
- **Fading:** The grille is UV-resistant. If fading occurs prematurely, ensure proper cleaning practices are followed. If the issue persists, contact the seller.

6. SPECIFICATIONS

Attribute	Detail
Brand	SINSOCJ
