4. SIZING GUIDE

To ensure the best fit, please refer to the sizing chart and measurement instructions below. Accurate measurements

are crucial for optimal comfort and functionality.

How to Measure:

1. **Measurement A (Band Size):** Measure under your breasts, snug but not tight. Keep the tape measure level all the way around.
2. **Measurement B (Bust Size):** Measure under your fullest part of breasts, not too tightly, and press down between them.
3. **Calculate:** Subtract Measurement A from Measurement B. The difference represents your letter cup size (5.5-6.5 = C, 6.5-7.5 = D, 7.5-8.5 = E, 8.5-9.5 = F).
