Palace Imports Kyle Wardrobe Shelf Set (B0B46P1LMW)

Palace Imports Kyle Wardrobe Shelf Set User Manual

Model: B0B46P1LMW

1. PRODUCT OVERVIEW

This manual provides instructions for the installation and care of the Palace Imports 100% Solid Wood Set of 4 Small Shelves, specifically designed for integration into Kyle Wardrobes, Armoires, and Closets. These shelves are crafted from 100% Brazilian farm-grown pine wood, kiln-dried to ensure durability and prevent warping.

Image 1.1: The set of four white wooden shelves, designed for internal wardrobe organization.

The set includes four individual shelves, each featuring four notches at the ends to securely hide the included metal pins. This design ensures that the shelves are captured and prevented from being accidentally pulled out, enhancing stability and safety within your Kyle wardrobe.

Image 1.2: Detail of a shelf edge showing the notches and the accompanying metal pins for secure installation.

2. SAFETY INFORMATION

Please read all safety instructions before installation and use. Failure to follow these instructions may result in injury or damage to the product.

- Keep free from lead paint.
- No harmful emissions from man-made materials are present in this product.
- Ensure all metal pins are fully inserted into the designated notches and wardrobe holes to prevent shelves from dislodging.
- Do not overload shelves. Refer to the "Specifications" section for product dimensions and weight considerations.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 4 x Small Wood Shelves (White finish)
- 16 x Metal Pins (4 pins per shelf)

If any parts are missing or damaged, please contact Palace Imports customer support.

4. SETUP AND INSTALLATION

These shelves are designed for easy installation within compatible Kyle Wardrobes. Assembly is required.

4.1. Preparation

1. Ensure your Kyle wardrobe is empty and clean in the area where shelves will be installed.
2. Identify the pre-drilled holes inside your Kyle wardrobe where the shelves will be placed. These holes allow for adjustable shelf placement.

4.2. Installation Steps

1. For each shelf, insert four metal pins into the corresponding pre-drilled holes inside the wardrobe at your desired

height. Ensure the pins are fully seated and stable.

2. Align the notches on the ends of one shelf with the inserted metal pins.
3. Gently lower the shelf onto the pins, ensuring that the pins fit securely into the notches. The captured pin design prevents the shelf from sliding out easily.
4. Repeat steps 1-3 for the remaining three shelves.

Image 4.1: Example of shelves installed within a Kyle wardrobe, demonstrating their intended use for organization.

5. USAGE

These shelves are designed to enhance the storage capacity and organization of your Kyle wardrobe. They are suitable for storing various items such as clothes, shoes, and accessories.

- Distribute weight evenly across the shelf surface.
- The adjustable feature allows you to customize the spacing between shelves to accommodate items of different sizes.

6. MAINTENANCE AND CARE

To maintain the appearance and longevity of your Palace Imports shelves, follow these care instructions:

- **Cleaning:** Wipe with a dry cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the wood finish.
- **Stain:** The shelves feature a lead-free stain.

- **Wood Care:** As the shelves are made from 100% solid pine wood, avoid prolonged exposure to direct sunlight or extreme temperature changes to prevent warping or cracking.

7. TROUBLESHOOTING

If you encounter issues with your shelves, consider the following:

7.1. Shelf is unstable or wobbly

- Ensure all four metal pins are fully inserted into the wardrobe holes and the shelf notches.
- Verify that the wardrobe itself is stable and on a level surface.
- Check if the shelf is overloaded. Redistribute items or remove excess weight.

7.2. Shelf does not fit into the wardrobe

- Confirm that your wardrobe is a "Kyle Wardrobe" model from Palace Imports, as these shelves are specifically designed for this series.
- Measure the internal width of your wardrobe to ensure it meets the minimum required door width of 16.75 inches for proper shelf installation.
