### Kohler K-27416-4-BN

## KOHLER Tone Widespread Bathroom Sink Faucet

Model: K-27416-4-BN | Brand: Kohler

### 1. PRODUCT OVERVIEW

The KOHLER Tone widespread bathroom sink faucet combines clean lines with a soft teardrop base, offering a modern aesthetic. This 3-hole widespread faucet is designed for easy installation and features two lever handles for precise control of hot and cold water. It is engineered to provide efficient water usage while maintaining performance.

#### Key Features:

- **Two Lever Handles:** Offers separate control for hot and cold water.
- **Optimal Spout Reach:** Features a 5-15/16" (151 mm) spout reach.
- **Efficient Flow Rate:** Provides a 1.2 gpm (4.5 lpm) maximum flow rate at 60 psi (4.14 bar).
- **Durable Ceramic Disc Valves:** Exceeds industry longevity standards for reliable, leak-free performance.

- **Integrated Clicker Drain:** Includes a clicker drain with tailpiece and overflow for convenient operation.

## 2. SETUP AND INSTALLATION

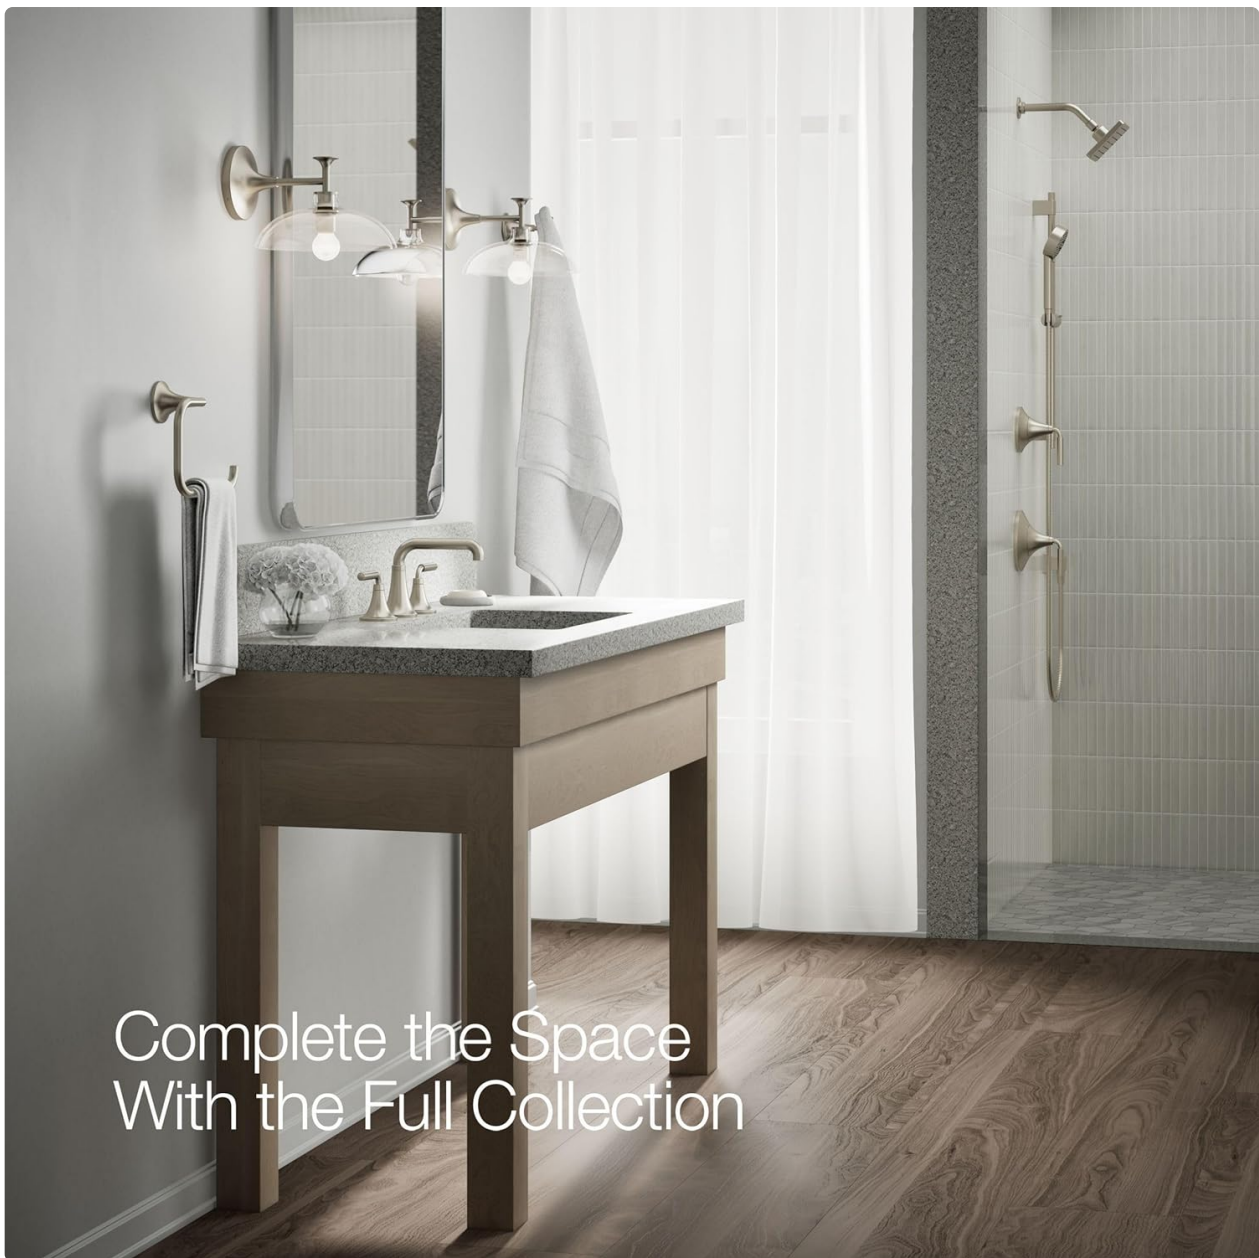

This faucet is designed for 3-hole widespread installation. The unit comes preassembled for simplified setup. For detailed step-by-step instructions, please refer to the installation guide included in your product packaging. Ensure all local plumbing codes are followed during installation.

### 3. OPERATING INSTRUCTIONS

---

The KOHLER Tone faucet features two lever handles for independent control of water temperature and flow. The left handle typically controls hot water, and the right handle controls cold water. The integrated clicker drain allows for easy opening and closing of the sink drain with a simple press.

#### **Water Flow Control:**

- To turn on the water, lift either handle.
- Adjust the water temperature by moving the handles inward (for mixed water) or using them independently.
- To increase flow, lift the handles further. To decrease flow, lower the handles.
- To turn off the water, push the handles down to their original position.

#### **Drain Operation:**

- To close the drain, press the top of the clicker drain assembly.

- To open the drain, press the top of the clicker drain assembly again.

## 4. MAINTENANCE AND CARE

Proper care and maintenance will ensure the longevity and appearance of your KOHLER Tone faucet. The Vibrant Brushed Nickel finish features ScratchShield Technology, designed to resist tarnish, corrosion, and scratches.

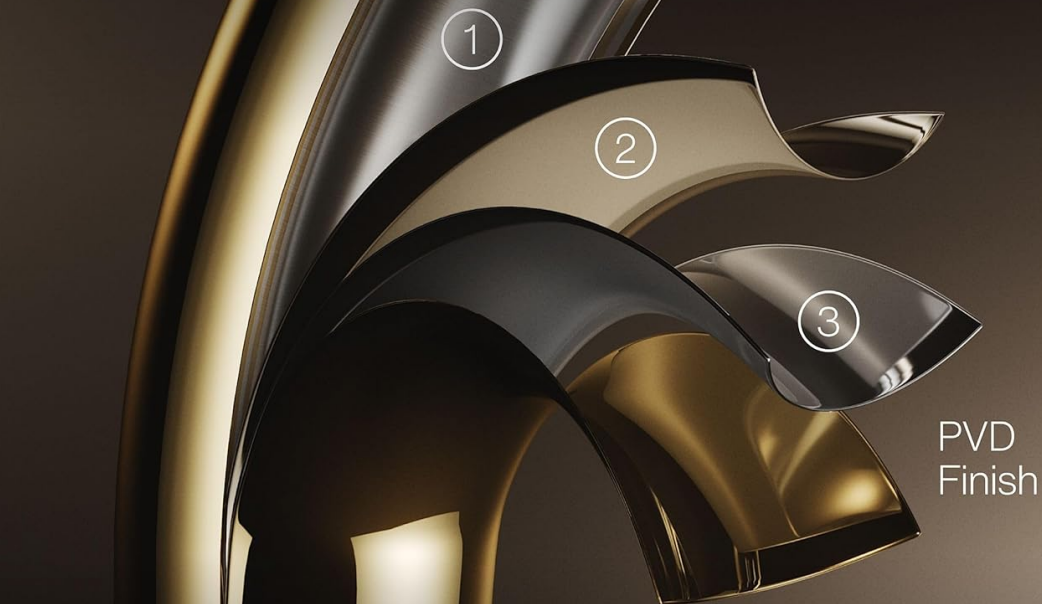

### Cleaning Instructions:

- Clean the faucet regularly with a soft, damp cloth.
- For stubborn spots, use a mild soap and water solution, then rinse thoroughly and dry with a soft cloth.
- **Avoid:** Abrasive cleaners, harsh chemicals, scouring pads, or polishes, as these can damage the finish.
- Wipe away water spots after each use to maintain the finish's luster.

## **Ceramic Disc Valves:**

The faucet is equipped with durable ceramic disc valves, engineered to prevent leaks and ensure long-lasting performance. These valves typically require no maintenance under normal operating conditions.

## 5. TROUBLESHOOTING

---

If you encounter issues with your KOHLER Tone faucet, review the following common troubleshooting steps. For problems not resolved here, contact Kohler customer service.

### Common Issues:

- **Low Water Flow:** Check if the water supply valves under the sink are fully open. Inspect the aerator for mineral buildup and clean if necessary.
- **Leaking Faucet:** Ensure all connections are tight. While ceramic disc valves are designed to be leak-free, persistent leaks may indicate a need for professional inspection or replacement of internal components.
- **Water Temperature Issues:** Verify that both hot and cold water supply lines are connected correctly and that the water heater is functioning properly.
- **Drain Not Sealing:** Check the clicker drain for any obstructions or debris that might prevent a proper seal. Ensure the drain assembly is correctly installed.

## 6. SPECIFICATIONS

Brand	Kohler
Model Name	Tone
Model Number	K-27416-4-BN
Color	Vibrant Brushed Nickel
Material	Zinc
Mounting Type	Deck Mount
Number of Handles	2
Hole Count	3
Maximum Flow Rate	1.2 Gallons Per Minute
Spout Reach	151 Millimeters (5-15/16")
Product Dimensions	5.94"D x 8"W x 5.56"H
Item Weight	3.95 pounds
Special Feature	Pop Up Drain
Installation Type	Widespread
