SOAIY LED Dimmable Touch Lamp

SOAIY Magnetic Rechargeable LED Cabinet Light User Manual

Model: LED Dimmable Touch Lamp

INTRODUCTION

Thank you for choosing the SOAIY Magnetic Rechargeable LED Cabinet Light. This manual provides detailed instructions for the safe and efficient use of your new lighting product. Please read this manual thoroughly before installation and operation, and retain it for future reference.

This LED light is designed for versatile indoor use, offering adjustable brightness and easy magnetic installation. Its built-in rechargeable battery ensures portability and convenience.

PRODUCT COMPONENTS

The SOAIY LED Cabinet Light package includes the following items:

- SOAIY LED Dimmable Touch Lamp
- USB-C Charging Cable
- Self-adhesive Metal Sheets (for magnetic mounting)

Image: This diagram illustrates the key components of the SOAIY LED Cabinet Light, including the magnet, touch sensor, USB-C port, and ON/OFF button. It also shows the product dimensions: 86mm diameter and 15mm thickness.

SETUP AND INSTALLATION

Charging the Device

Before initial use, fully charge the LED cabinet light. The device features a built-in 1200 mAh battery and a USB-C charging port.

1. Connect the provided USB-C cable to the charging port on the side of the lamp.
2. Connect the other end of the USB-C cable to a 5V USB power source (e.g., power bank, PC, laptop, or wall adapter).
3. The charging indicator will illuminate during charging and change color or turn off when fully charged.

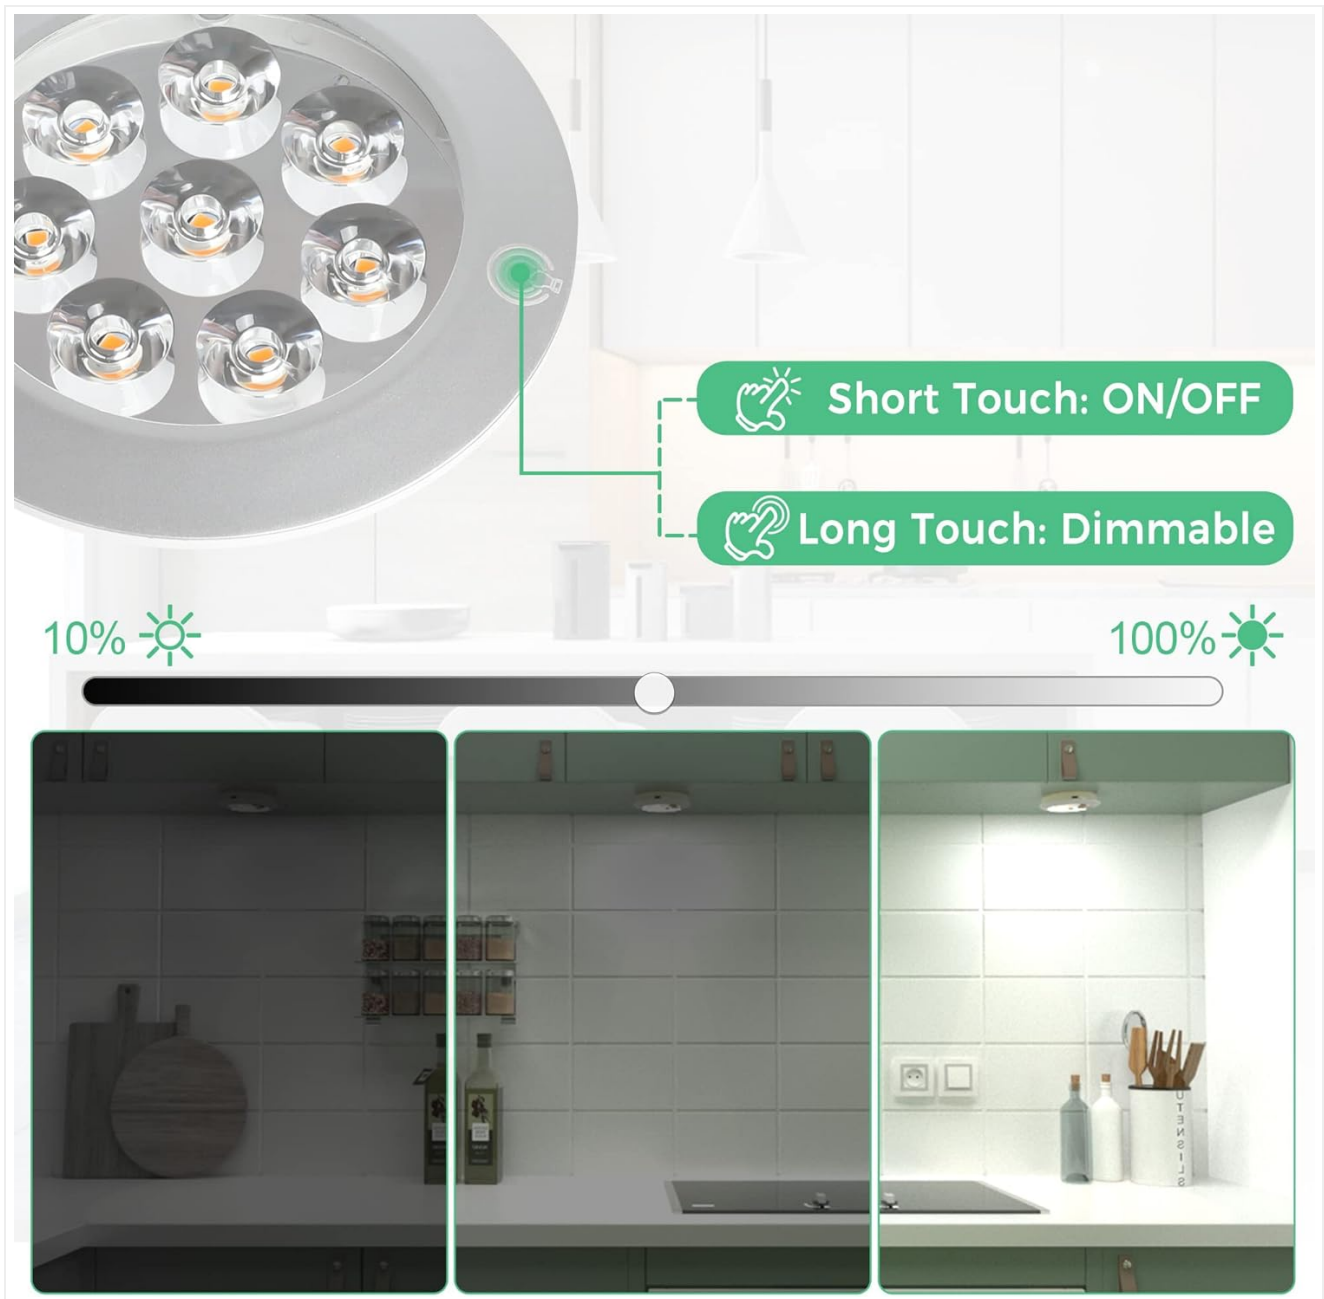

Image: This image demonstrates the USB-C charging process for the SOAIY LED Cabinet Light. It shows the lamp connected to a power source and visual indicators for both charging and fully charged battery states.

Magnetic Installation

The SOAIY LED Cabinet Light features an integrated magnet for easy attachment to metallic surfaces. For non-metallic surfaces, use the included self-adhesive metal sheets.

1. **Prepare the Surface:** Ensure the desired installation surface is clean, dry, and smooth.
2. **Attach Metal Sheet (if needed):** Peel off the protective film from one side of a self-adhesive metal sheet. Firmly press the adhesive side onto the chosen non-metallic surface.
3. **Mount the Lamp:** Align the integrated magnet on the back of the LED light with the metal sheet or directly with a metallic surface. The lamp will securely attach magnetically.
4. **Removal for Charging:** The lamp can be easily removed for charging and reattached without affecting the metal sheet's adhesion.

Magnetic, Stick On Anywhere

Einfache Montage ohne bohren

Image: This image demonstrates the simple, drill-free magnetic installation of the SOAIY LED Cabinet Light. It shows how to apply the adhesive metal disc to a surface and then attach the lamp magnetically.

OPERATING INSTRUCTIONS

Initial Activation

Before using the touch sensor, ensure the main power switch on the side of the lamp is in the 'ON' position. This switch enables the touch functionality.

Power On/Off

The lamp is controlled by a touch sensor located on its surface.

- **To Turn On:** Briefly press the touch sensor once.
- **To Turn Off:** Briefly press the touch sensor again.

Image: This image highlights the touch sensor on the SOAIY LED Cabinet Light, demonstrating its one-touch functionality for turning the light ON and OFF. The lamp is shown installed in a cabinet.

Brightness Adjustment (Dimming)

The SOAIY LED Cabinet Light offers continuous brightness adjustment and a memory function.

- **To Adjust Brightness:** While the lamp is on, press and hold the touch sensor. The brightness will gradually increase or decrease. Release the sensor when the desired brightness level is reached.
- **Memory Function:** The lamp will remember the last set brightness level when turned off and will resume that level when turned back on.

One Touch ON/OFF

Image: This image illustrates the dimming capability of the SOAIY LED Cabinet Light. It shows that a short touch controls ON/OFF, while a long touch allows for continuous brightness adjustment from 10% to 100%.

MAINTENANCE

Cleaning

To maintain the appearance and functionality of your LED light, follow these cleaning guidelines:

- Ensure the lamp is turned off and disconnected from any charging source before cleaning.
- Wipe the surface with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or internal components.

Battery Care

The built-in rechargeable battery requires proper care to ensure longevity:

- Avoid fully discharging the battery frequently. Recharge the lamp when the light output noticeably diminishes.

- If storing the lamp for an extended period, charge it to approximately 50% every few months to prevent deep discharge.
- Use only the provided USB-C cable or a certified equivalent for charging.

TROUBLESHOOTING

If you encounter issues with your SOAIY LED Cabinet Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Main power switch is off. Battery is depleted.	Ensure the side power switch is in the 'ON' position. Charge the lamp using the USB-C cable.
Touch sensor is unresponsive.	Main power switch is off.	Verify the side power switch is in the 'ON' position to enable touch functionality.
Brightness adjustment is not working.	Not holding the touch sensor long enough.	Press and hold the touch sensor for continuous dimming. Release when desired brightness is reached.
Lamp falls off non-metallic surface.	Metal sheet not properly adhered. Surface is dirty or uneven.	Ensure the surface is clean and dry before applying the self-adhesive metal sheet. Press the metal sheet firmly for sufficient adhesion.

PRODUCT SPECIFICATIONS

Feature	Specification
Brand	SOAIY
Model	LED Dimmable Touch Lamp
Power Source	Battery Powered (USB-C Rechargeable)
Battery Capacity	1200 mAh (Built-in)
Light Color Temperature	5000K Cool White
Dimming	Infinitely Dimmable (Touch Sensor)
Control Method	Touch Sensor, Side ON/OFF Switch
Mounting Type	Magnetic (with included adhesive metal sheets)
Material	Acryl
Product Dimensions	8.6L x 8.6W x 1.5H centimetres
Item Weight	100 Grams
Indoor/Outdoor Use	Indoor
