Gevi GIMN-1000

Gevi Household Drain Hose Extension for Nugget Ice Maker GIMN-1000 Instruction Manual

1. Product Overview

This manual provides instructions for the Gevi Household Drain Hose Extension, designed to facilitate the draining process of your Gevi Nugget Ice Maker GIMN-1000 and other compatible ice makers with 1/4" ID draining hoses. This extension eliminates the need to move your ice maker for draining, offering a convenient solution.

Key Features:

- **Effortless Draining:** Simplifies the draining of your ice maker, removing the necessity of relocating the unit.
- **Simple Connection:** Designed for easy plug-and-drain operation by connecting to existing drain tubes.
- **Quality Material:** Constructed from high-quality silicone, matching the material of original drain hoses.
- **Versatile Application:** Lightweight, flexible, and food-grade material suitable for various uses where it fits.
- **Supports Maintenance:** Aids in regular cleaning and descaling, which is essential for fresh ice and extended unit lifespan.

Package Contents:

- 6 Feet Drain Pipe x 1
- Connectors x 2

2. Installation Guide

Follow these steps to properly install the Gevi Household Drain Hose Extension:

1. **Prepare Original Hoses:** Locate the two original drain hoses at the back of your ice maker. Before removing their end caps, fold the original drain hoses to prevent water flow. Do not unfold them until the extended hoses are properly installed and positioned in a sink or bucket.
2. **Connect Extension Hoses:** Attach the provided connectors to the ends of the original drain hoses. Then, connect the drain hose extension to these connectors. You may need to cut the extension pipe into two pieces if your setup requires separate hoses for each drain, or if you have purchased two separate extension hoses.

Image 3: Demonstrating the quick and easy connection of the extension hoses.

3. **Position for Draining:** Ensure the ends of the extended hoses are placed into a sink or a bucket. For proper gravity drainage, the hose ends must be positioned lower than the bottom of your ice maker.

3. Usage

Once installed, the drain hose extension allows for convenient gravity-based drainage of your ice maker. Simply ensure the end of the hose is lower than the ice maker's drain outlet and directed into a suitable receptacle (sink or bucket) when draining is required.

4. Care and Maintenance

Regular cleaning and descaling of your ice maker are crucial for maintaining fresh ice production and extending the

appliance's lifespan. The drain hose extension facilitates this process by providing an easy way to empty the ice maker's water reservoir.

- After draining, detach the extension hoses and seal the original hoses if you intend to move the ice maker or store the extension.
- Clean the silicone hose periodically with warm, soapy water and rinse thoroughly to prevent buildup.
- Ensure the hose is completely dry before storage.

Image 6: The drain hose extension can be conveniently stored when not in use.

5. Troubleshooting

If you experience issues with drainage, consider the following:

- **No Drainage:** Ensure the end of the drain hose is positioned lower than the ice maker's drain outlet. Gravity is essential for this system.
- **Slow Drainage:** Check for kinks or blockages in the hose. Ensure the hose is not pinched or obstructed.
- **Leakage:** Verify that all connections are secure and tight. Ensure the original hoses were properly folded and sealed before connecting the extension.

6. Specifications

Feature	Detail

Product Dimensions	17.32 x 9.69 x 16.73 inches (packaging); 5.29 ounces
Item Model Number	GIMN-1000BBK
Hose Inner Diameter	1/4 inches
Hose Length	6 Feet
Material	Silicone
Manufacturer	Gevi Household

7. Support

For further assistance, product inquiries, or warranty information, please contact Gevi Official customer support. Refer to your ice maker's original manual for specific details regarding its drain system and compatibility.
You can often find support contact information on the Gevi brand website or through the retailer where the product was purchased.
