MOEO MOEO

MOEO Twin Over Twin House Bunk Bed Instruction Manual

Model: MOEO | Brand: MOEO

1. PRODUCT OVERVIEW

The MOEO Twin Over Twin House Bunk Bed is a multifunctional furniture piece designed for children's bedrooms. It features a unique house-shaped design, a slide, and integrated storage steps with two drawers, combining a sleeping area with an engaging play space and practical storage solutions. Constructed from solid pine wood and MDF, this bunk bed is built for stability and long-term durability, ensuring a safe environment for rest and play.

Figure 1.1: Overall view of the MOEO Twin Over Twin House Bunk Bed, showcasing its house-shaped frame, slide, and integrated storage stairs with drawers.

Key Features:

- **House-shaped Design:** Offers a whimsical playhouse experience, making it a central piece for any child's bedroom.
- **Maximized Space Saving:** Features two drawers under the storage steps for clothes and bedding, promoting organization. The storage steps and slide can be installed on either the left or right side to suit room layout.
- **Reliable Safety Design:** The upper bunk includes high rails for security, and the attached slide adds an element of fun. Side steps provide convenient access to the upper bunk.
- **Superior Quality Wood Frame:** Crafted from high-quality solid pine wood and MDF with iron alloy bolts for sturdiness.
- **No Box Spring Needed:** Features 8 upper bunk slats and 8 lower bunk slats to support mattresses directly.

2. SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembly and use of this product. Failure to

follow these instructions can result in serious injury.

Important Safety Guidelines:

- Always supervise children when using the slide.
- Do not exceed the weight capacity of **250 lbs** for the upper bunk and **300 lbs** for the bottom bunk.
- Be cautious of sharp edges and pinch points during assembly and use.
- Ensure all bolts and fasteners are securely tightened before use and periodically check for looseness.
- Only use mattresses of the recommended thickness: **4-6 inches** for the upper bed and **8 inches** for the bottom bed.
- Do not allow more than one person on the upper bunk at a time.
- Prohibit jumping on the bed.
- Always use the ladder/stairs for access to the upper bunk.

3. SETUP AND ASSEMBLY

This bunk bed requires full assembly. It is recommended that **two people** participate in the assembly process. All necessary tools are included. Please **avoid using power tools** during assembly to prevent damage to the wood components.

Estimated Assembly Time:

Approximately **60 minutes**.

Package Contents:

The product will arrive in **3 packages**. Please ensure all components listed in the included installation manual are present before beginning assembly. Key components include the bed frame pieces, slats, guardrails, ladder, slide, and storage steps with drawers.

Figure 3.1: Structural view of the bunk bed, illustrating the various components and their arrangement before assembly.

Assembly Steps (General Guidance):

1. Unpack all components and verify against the parts list in the installation manual.
2. Assemble the main bed frames (upper and lower) according to the manual's diagrams.
3. Attach the bed slats to both upper and lower frames.
4. Assemble the storage steps and drawers.
5. Attach the storage steps and slide to the main bed frame. Note that the storage steps and slide can be installed on either the left or right side.
6. Install the ladder and all safety guardrails.
7. Ensure all connections are tight and stable.

Figure 3.2: Detailed view of the integrated storage steps and slide, which can be configured on either side of the bunk bed during assembly.

4. OPERATING INSTRUCTIONS

Once assembled, the MOEO bunk bed is ready for use. Follow these guidelines for optimal functionality and safety.

Using the Bunk Bed:

- **Sleeping:** Place twin-size mattresses on both the upper and lower bunks. Ensure mattress thickness adheres to recommended specifications (4-6" upper, 8" lower).
- **Accessing Upper Bunk:** Use the integrated ladder or storage steps to safely climb to the upper bunk.
- **Using the Slide:** The slide is intended for recreational use. Ensure the area around the slide exit is clear before use. Always slide feet first and one person at a time.
- **Storage Drawers:** Utilize the two drawers within the storage steps for organizing clothing, toys, or bedding.

5. MAINTENANCE

Regular maintenance will help prolong the life and ensure the safety of your MOEO bunk bed.

Care and Cleaning:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the painted finish.
- **Tightening Fasteners:** Periodically check all bolts, screws, and fasteners to ensure they are tight. Loose connections can compromise the bed's stability and safety. Tighten as needed.
- **Wood Care:** Protect the wood from extreme temperature changes and direct sunlight, which can cause warping or fading.
- **Slide Maintenance:** Keep the slide surface clean and free of debris to ensure smooth operation.

6. TROUBLESHOOTING

If you encounter any issues with your MOEO bunk bed, refer to the following common troubleshooting tips.

Common Issues and Solutions:

- **Bed feels unstable or wobbly:**
 - Check all assembly bolts and screws. Tighten any that are loose.
 - Ensure the bed is placed on a flat, level surface.
 - Verify that all components are correctly aligned according to the assembly manual.
- **Drawers are difficult to open/close:**
 - Check for any obstructions in the drawer slides.
 - Ensure the drawers are correctly installed in their tracks.
 - Clean the drawer tracks to remove dust or debris.
- **Wood chipping or paint damage:**
 - Minor chips can be touched up with appropriate wood paint.
 - To prevent further damage, avoid sharp impacts and excessive moisture.
