2. Safety Information

Important Safety Warnings:

- The maximum load capacity for this loft bed is **120 kg**. Do not exceed this weight limit.
- Always follow the assembly instructions precisely to prevent instability or tipping of the bed. Incorrect assembly can lead to serious injury.
- Ensure that the fall protection (guard rails) is correctly installed and maintained to prevent falls from the elevated sleeping area.
- Regularly check all bolts and connections to ensure they remain tight. Loose connections can compromise the bed's stability.
- Do not allow children to play unsupervised on or around the bed, especially on the slide or ladder.
- Ensure the area around the slide is clear of obstructions to prevent injury during use.

- This bed is designed for children and teenagers. Ensure the user is of an appropriate age and physical capability to safely use a loft bed with a ladder and slide.

5. Setup and Assembly

The Homestyle4u Loft Bed Model 2258 requires assembly. Please follow the detailed assembly instructions provided in your package. It is recommended to have two adults for assembly. Ensure you have adequate space and all tools required before beginning.

- **Preparation:** Unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the assembly diagram.
- **Frame Assembly:** Begin by assembling the main bed frame. Ensure all connections are secure but do not fully tighten bolts until the entire frame is aligned.
- **Ladder and Slide Installation:** The ladder and slide can be installed on either the left or right side of the bed, depending on your room layout. Refer to the instructions for reversible assembly.
- **Slatted Frame:** Once the main frame is assembled, place the slatted frame (if purchased separately) into the bed frame. Ensure it sits securely within the designated supports.
- **Final Tightening:** Once all components are in place and aligned, systematically tighten all bolts and screws. Do not overtighten.
- **Safety Check:** Before first use, perform a thorough safety check. Ensure the bed is stable, all connections are tight, and the guard rails are securely in place.

6. Operating and Usage Guidelines

To ensure safe and proper use of your Homestyle4u Loft Bed:

- **Access:** Always use the provided ladder to access the elevated sleeping area. Do not climb on other parts of the bed frame.
- **Slide Use:** Use the slide only for its intended purpose – sliding down. Ensure the landing area is clear. Only one person should use the slide at a time.
- **Weight Distribution:** Distribute weight evenly on the bed. Avoid jumping on the bed or applying excessive force to any single point.
- **Under-Bed Space:** The 75 cm height under the bed provides space for storage or a play area. Ensure any items placed here do not obstruct the bed's stability or pose a hazard.
- **Ventilation:** Ensure adequate ventilation around the mattress to prevent moisture buildup.

7. Maintenance

Proper maintenance will extend the life and safety of your loft bed:

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the lacquered finish.
- **Hardware Check:** Periodically (e.g., monthly) inspect all bolts, screws, and connections. Tighten any that have become

loose. Do not overtighten.

- **Structural Integrity:** Check the wooden components for any signs of cracks, splinters, or damage. Address any issues promptly to maintain safety.
- **Environmental Conditions:** Avoid placing the bed in direct sunlight or near heat sources, which can cause wood to dry out or warp. Maintain a stable room temperature and humidity.

8. Troubleshooting

If you encounter any issues with your Homestyle4u Loft Bed, consider the following common solutions:

- **Bed feels wobbly:**
  - Ensure all assembly bolts and screws are fully tightened.
  - Verify that the bed is placed on a flat, even surface.
  - Re-check the assembly steps to ensure no parts were missed or incorrectly installed.
- **Squeaking noises:**
  - Tighten all hardware.
  - Check the slatted frame for proper seating and any friction points.
- **Difficulty with ladder/slide:**
  - Ensure they are securely attached to the bed frame as per instructions.
  - Verify that the floor area around the ladder and slide is clear.

If problems persist after attempting these solutions, please contact Homestyle4u customer support.
