Bepuzzled 31210

Bepuzzled Green Triceratops & Baby Crystal 3D Puzzle Deluxe (Model 31210) Instruction Manual

Model: 31210 | Brand: Bepuzzled

INTRODUCTION

This manual provides detailed instructions for assembling your Bepuzzled Green Triceratops & Baby Crystal 3D Puzzle Deluxe. This 61-piece puzzle creates a translucent 3D sculpture of a Triceratops with its baby, designed for ages 12 and up. Follow these steps carefully to ensure a successful and enjoyable assembly experience.

SAFETY INFORMATION

No specific safety warnings are applicable for this product. This puzzle contains small pieces and is recommended for ages 12 and up. Keep out of reach of younger children to prevent choking hazards.

WHAT'S IN THE BOX

Your Bepuzzled Green Triceratops & Baby Crystal 3D Puzzle Deluxe package includes:

- 61 Crystal Puzzle Pieces (translucent green and clear)
- Instruction Sheet (may vary by region, online solutions available)

SETUP AND ASSEMBLY

Assembling your 3D Crystal Puzzle requires patience and attention to detail. The pieces are designed to interlock without glue. Refer to the included instruction sheet or the online solutions for detailed diagrams.

Preparation:

1. **Unpack Components:** Carefully remove all 61 puzzle pieces from the packaging.
2. **Organize Pieces:** Lay out all pieces on a flat, clean surface. It may be helpful to sort pieces by shape or size, though the translucent nature can make this challenging.
3. **Review Instructions:** Examine the provided instruction sheet or access the online step-by-step solutions. These puzzles often have a specific assembly order.

Assembly Steps:

1. **Identify Core Pieces:** Begin by identifying the central or foundational pieces as indicated in the instructions. These often form the body or base of the sculpture.
2. **Interlock Pieces:** Carefully snap the precision-molded pieces together. Apply gentle pressure to ensure they fit securely. Avoid forcing pieces, as this can cause damage.
3. **Build Layer by Layer:** Most 3D crystal puzzles are built in layers or sections. Follow the numerical or sequential order provided in the guide.
4. **Assemble Smaller Components:** The baby Triceratops and its eggs are smaller components. Assemble these separately if instructed, then integrate them into the main model.
5. **Final Connections:** Ensure all pieces are firmly interlocked. Some connections, particularly for horns or delicate parts, may require careful handling.

OPERATING (DISPLAY)

Once assembled, your 3D Crystal Puzzle is designed for display. The translucent pieces catch and refract light, creating a unique visual effect.

- **Placement:** Position the completed puzzle on a stable, flat surface such as a shelf, desk, or windowsill.
- **Lighting:** For optimal visual appeal, place the puzzle where natural light can pass through its translucent pieces.
- **Handling:** Handle the assembled puzzle with care, especially delicate parts like horns or tails, as they may be less securely attached than the main body.

MAINTENANCE

To keep your 3D Crystal Puzzle looking its best, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the puzzle with a soft, dry cloth to remove dust. Avoid using abrasive cleaners or harsh chemicals,

which can scratch or damage the plastic.

- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the plastic to become brittle or discolored over time.

TROUBLESHOOTING

Problem	Solution
Pieces do not fit together.	Ensure you are using the correct pieces for the current step. Refer to the instruction manual or online solutions for the correct sequence. Do not force pieces.
A piece is missing.	Carefully check your work area and packaging. If a piece is genuinely missing from a new, sealed product, contact customer support.
Assembled model feels unstable.	Verify that all pieces are fully interlocked and seated correctly. Some delicate parts may naturally have a slight give but should not detach easily.

SPECIFICATIONS

Feature	Detail
Brand	Bepuzzled
Model Number	31210
