# KOMPLEMENT PAX Wardrobe Clothes Rail User Manual

**MODEL: 402.568.95**

## INTRODUCTION

---

Thank you for choosing the KOMPLEMENT PAX Wardrobe Clothes Rail. This manual provides essential information for the safe and efficient installation, operation, and maintenance of your new clothes rail. Please read this manual thoroughly before beginning installation and keep it for future reference.

This clothes rail is designed to integrate seamlessly with the PAX wardrobe system, providing a sturdy and convenient solution for hanging clothes.

## SAFETY INFORMATION

---

Always follow basic safety precautions when installing and using this product to reduce the risk of injury or damage.

- Ensure the PAX wardrobe frame is securely assembled and stable before installing the clothes rail.
- Do not exceed the maximum load capacity of 62 lb (28 kg). The recommended maximum weight applies when the weight load is evenly distributed across the surface. Overloading can cause the rail to bend or detach, leading to damage or injury.
- Keep small parts out of reach of children during assembly.
- Use appropriate tools for installation as specified in the assembly instructions.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly. If any parts are missing or damaged, do not proceed with installation and contact customer support.

- 1 x KOMPLEMENT PAX Wardrobe Clothes Rail (White, Alloy Steel)
- Necessary mounting hardware (typically integrated with PAX system brackets)

## SETUP AND INSTALLATION

---

The KOMPLEMENT PAX Clothes Rail is designed for easy installation within compatible PAX wardrobe frames. This rail is specifically designed to fit PAX wardrobe frames with dimensions of 29x23 inches (74x58 cm).

### Installation Steps:

1. **Prepare the Wardrobe Frame:** Ensure your PAX wardrobe frame is fully assembled and stable. Identify the pre-drilled holes or designated slots for accessories at your desired height.
2. **Locate Brackets:** The clothes rail clicks directly into the existing KOMPLEMENT brackets or pre-drilled holes within the PAX wardrobe frame. Ensure these brackets are securely in place.
3. **Insert the Rail:** Align the ends of the clothes rail with the corresponding slots or brackets on both sides of the wardrobe frame.
4. **Click into Place:** Gently push the rail into the brackets until you hear a click, indicating it is securely locked. Verify that the rail is level and firmly attached before hanging any items.

## OPERATING INSTRUCTIONS

---

Once installed, the clothes rail is ready for use. It provides a convenient space for hanging garments.

- **Hanging Clothes:** Use standard clothes hangers to hang shirts, dresses, jackets, and other garments on the rail.
- **Capacity:** The clothes rail can hold approximately 30-40 shirts on hangers, depending on their thickness and the type of hangers used.
- **Weight Distribution:** Distribute the weight of your clothes evenly along the rail to prevent undue stress on any single point and to maintain the rail's stability. Do not concentrate heavy items in one section.

## MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your clothes rail, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the clothes rail with a damp cloth and a mild cleaner if necessary. Dry thoroughly with a clean cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Regular Inspection:** Periodically check the rail and its attachment points to ensure they remain secure. Tighten any loose connections if applicable.
- **Avoid Overloading:** Adhere to the maximum weight limit to prevent bending or damage to the rail and the wardrobe structure.

## TROUBLESHOOTING

---

If you encounter any issues with your KOMPLEMENT PAX Wardrobe Clothes Rail, refer to the following common problems and solutions:

- **Rail feels loose or wobbly:**
  - Ensure the rail is fully clicked into its brackets on both sides.
  - Verify that the PAX wardrobe frame itself is stable and properly assembled.
- **Rail appears bent:**
  - Check if the rail has been overloaded. Remove excess weight.
  - Ensure weight is evenly distributed.
  - If permanently bent, the rail may need replacement.
- **Cannot install the rail:**
  - Confirm that your PAX wardrobe frame is the correct size (29x23 inches / 74x58 cm) for this specific rail.
  - Ensure you are aligning the rail correctly with the designated slots or brackets.
