

Missyou MS5

Missyou 25.6 inch Hologramfan Projector HD LED Holographic Display User Manual

Model: MS5 (MS6)

1. INTRODUCTION

This manual provides comprehensive instructions for the Missyou 25.6 inch Hologramfan Projector. This device is an HD LED holographic display designed for various applications, including advertising and visual effects. It features remote control, Bluetooth connectivity, and supports multi-fan splicing for creating larger, more impactful displays. Please read this manual carefully before operating the device to ensure proper setup and safe usage.

2. PRODUCT COMPONENTS

The Missyou Hologramfan Projector package includes the following components:

- Hologramfan Projector Unit
- Remote Control
- Power Adapter
- SD Card
- Mounting Bracket and Screws
- User Manual

Image: A detailed diagram highlighting key parts of the hologram fan, including the LED lights on the blades, the internal chip, the pendant attachment point, and the power port.

3. SETUP

Follow these steps to set up your Missyou Hologramfan Projector:

1. **Unpacking:** Carefully remove all components from the packaging. Inspect for any damage.
2. **Blade Installation:** The projector features a detachable blade system. Align the blades with the slots on the main unit. Press both side latches and insert the A blade into the A slot, ensuring the LED beads face outward. Repeat for all blades.

Your browser does not support the video tag.

Video: This video demonstrates the process of installing the blades onto the hologram fan unit, showing how to align and secure them correctly.

3. **Mounting:** Use the provided mounting bracket and screws to secure the projector to a wall or ceiling. Ensure the mounting surface is sturdy enough to support the device's weight. The full mounting kit is included.
4. **Power Connection:** Connect the power adapter to the projector's power port and then plug it into a suitable power outlet.

4. OPERATING INSTRUCTIONS

The Missyou Hologramfan Projector can be controlled via a remote control or the dedicated mobile application.

4.1 Remote Control Operation

- **Power On/Off:** Use the power button on the remote to turn the device on or off.
- **Playback Control:** Navigate through content and control playback (play, pause, next, previous) using the remote's buttons.
- **Brightness Adjustment:** Adjust the display brightness as needed.

4.2 Mobile Application Control

The SmartMissyou App is compatible with both Android and iOS devices, offering stable WiFi connectivity for content management.

1. **App Download:** Download the official SmartMissyou App from the manufacturer's website or by scanning the QR code provided in the packaging. Ensure your device's security settings allow

installation from unknown sources if not downloading from a standard app store.

2. **WiFi Connection:** Connect your smartphone to the projector's WiFi network. Follow the in-app instructions for pairing.
3. **Content Upload:** Use the app to upload MP4, RMVB, AVI video files, and JPG image files to the projector. The app provides an intuitive interface for content uploading and management.
4. **Playlist Scheduling:** Schedule playlists and video switching directly from the app.
5. **Multi-Fan Synchronization:** For larger displays, multiple MS6 units can be linked to create expansive 3D video walls. Use the app's multi-fan synchronization feature for seamless integration.
6. **Bluetooth Audio:** Enhance the display with synchronized audio by connecting external speakers via Bluetooth.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your hologram fan projector.

- **Cleaning:** Gently wipe the blades and main unit with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- **Dust Prevention:** The device is constructed with a silent cooling motor and balanced blade design for smooth operation. To prevent dust accumulation and accidental contact with spinning blades, consider using optional protective accessories such as a transparent acrylic cover.
- **Storage:** When not in use for extended periods, store the projector in a cool, dry place, away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues with your Missyou Hologramfan Projector, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not power on	Power cable not connected; Power outlet malfunction; Remote control battery low	Ensure power cable is securely connected. Test power outlet with another device. Replace remote control batteries.
Cannot connect to WiFi/App	Incorrect WiFi password; Mobile data interfering; App not installed correctly	Verify WiFi password. Temporarily disable mobile data on your smartphone during connection setup. Reinstall the SmartMissyou App from the official source. Ensure your phone's WiFi is enabled and connected to the projector's network.

Problem	Possible Cause	Solution
3D effect is not clear	Background is not dark enough; Content not optimized for 3D	For optimal 3D effect, ensure the background behind the projector is black or very dark. Use content specifically designed for holographic displays.
Content upload fails	Incorrect file format; SD card issues; Network instability	Ensure content is in supported formats (MP4, RMVB, AVI, JPG). Check SD card for errors or try a different card. Ensure a stable WiFi connection during upload.

If the problem persists, please contact customer support for further assistance.

7. SPECIFICATIONS

Key technical specifications for the Missyou Hologramfan Projector (Model MS5/MS6):

- **Brand:** Missyou
- **Model Name:** MS5
- **Model Number:** MS6
- **Recommended Uses:** Indoor
- **Special Feature:** 3D Built-In
- **Connectivity Technology:** Wireless (WiFi), Bluetooth
- **Native Resolution:** 1024×768 pixels
- **Display Resolution Maximum:** 1600×128 pixels
- **Display Type:** LED full-array
- **Form Factor:** Desktop
- **Mounting Type:** Wall Mount (compatible with tripod stands)
- **Color:** Black
- **Wattage:** 96 watts
- **Controller Type:** Remote Control, App
- **Compatible Devices:** Smartphone
- **Maximum Image Size:** 65 centimeters (25.6 inches)
- **Minimum Image Size:** 64 centimeters
- **Video Encoding:** MP4
- **Voltage:** 24 volts DC
- **Item Weight:** 1 kg
- **Item Dimensions (L x W x H):** 2"L x 19.7"W x 19.7"H

8. WARRANTY

The Missyou Hologramfan Projector comes with a **1-year warranty** from the date of purchase. This warranty covers manufacturing defects and malfunctions under normal use. Please retain your proof of purchase for warranty claims. The warranty does not cover damage caused by misuse, accidents, unauthorized modifications, or improper installation.

9. SUPPORT

For technical assistance, troubleshooting not covered in this manual, or warranty inquiries, please contact Missyou customer support. Missyou offers responsive, US-based support to assist with any product-related questions or issues. Refer to the product packaging or the official Missyou website for the most current contact information.
