› Keedal DH-JH01 H13 True HEPA Filter Replacement Manual for AROEVE MK01 & MK06 Air Purifiers

Keedal DH-JH01

Keedal DH-JH01 H13 True HEPA Filter Replacement Manual

Compatible with AROEVE MK01 & MK06 Air Purifiers

1. INTRODUCTION

This manual provides essential instructions for the installation, operation, and maintenance of your Keedal DH-JH01 H13 True HEPA filter replacements. These filters are designed to be 100% compatible with AROEVE air purifiers models MK01 and MK06, as well as Kloudi DH-JH01, Intelabe EPI080, Elechomes EPI081, and POMORON MJ001H. Regular replacement ensures optimal performance of your air purification system.

2. PRODUCT FEATURES

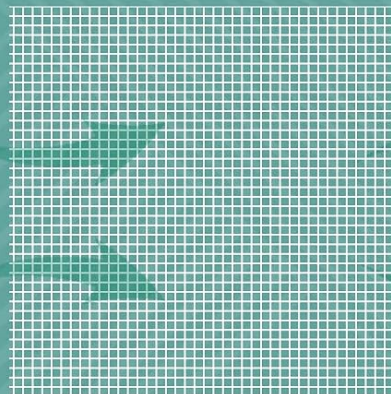

The Keedal DH-JH01 filter features an upgraded 3-stage filtration system designed to capture a wide range of airborne particles and odors:

1. **High-Density Cloth Layer:** This initial layer reacts with harmful particles, preventing them from entering the air purifier.
2. **Pre-filter:** Effectively blocks larger particles such as pet fur, hair, and lint, extending the lifespan of the subsequent HEPA filter.
3. **H13 True HEPA Filter with Activated Carbon:** Captures 99.97% of particles as small as 0.3 microns, including pet dander, dust, pollen, and smoke. The activated carbon component absorbs various odors, such as cooking smells, pet odors, and volatile organic compounds (VOCs).

3-IN-1 HIGH EFFICIENCY FILTRATION

High Density Cloth Layer

Pre-Filter

**H13 True HEPA Filter
With Activated Carbon**

High Density Cloth Layer

The surface substance reacts with harmful particles to prevent them from entering the air purifier.

Pre-Filter

Block large particles in the air like pet fur, hair, lint and prolong the life of the h13 true HEPA filter.

H13 True HEPA Filter With Activated Carbon

Capture 99.97% of particles as small as 0.3 microns, such as pet dander, dust, pollen and so on, and absorb smoke odor, pet odor, cooking smell and VOCs.

3. SETUP AND INSTALLATION

Replacing the Keedal DH-JH01 filter is a straightforward process that requires no special tools.

1. **Power Off:** Ensure your air purifier is turned off and unplugged from the power outlet before beginning the filter replacement.
2. **Access Filter Compartment:** Depending on your specific air purifier model (e.g., AROEVE MK01/MK06), locate the filter compartment, typically at the bottom or back of the unit. Twist or unlatch the cover to open it.
3. **Remove Old Filter:** Carefully pull out the used filter. Dispose of the old filter responsibly.
4. **Install New Filter:** Remove the new Keedal DH-JH01 filter from its packaging. Insert the new filter into the compartment, ensuring it is seated correctly. The filter can be inserted in any direction.
5. **Close Compartment:** Securely close the filter compartment cover by twisting or latching it back into place.
6. **Power On:** Plug the air purifier back into the power outlet and turn it on.

4. OPERATING YOUR AIR PURIFIER (POST-FILTER REPLACEMENT)

After replacing the filter, your air purifier is ready for operation. Refer to your air purifier's specific manual for detailed operating instructions. Common features include:

- **Fan Speed Settings:** Most air purifiers offer multiple fan speeds (e.g., low, medium, high) to adjust the purification intensity.
- **Sleep Mode:** A low-noise setting for quiet operation, ideal for nighttime use.
- **Timer Function:** Allows you to set the purifier to operate for a specific duration (e.g., 2, 4, 6, 8 hours) before automatically turning off.
- **Essential Oil Diffuser (if applicable):** Some air purifiers include a dedicated pad for adding essential oils to diffuse fragrance into the air.

**PERFECT SIZE
LOW NOISE OPERATION**

Image 5: The filter's design supports low-noise operation for a quiet environment.

5. MAINTENANCE AND FILTER REPLACEMENT SCHEDULE

For optimal performance, it is recommended to replace the Keedal DH-JH01 HEPA filter every 3-6 months. The exact replacement interval may vary depending on your usage frequency and the air quality in your environment. Your air purifier may have an indicator light that signals when a filter change is due.

Resetting the Filter Indicator Light:

After replacing the filter, you may need to manually reset the filter indicator light on your air purifier. Consult your air purifier's user manual for specific instructions on how to reset this indicator. Typically, this involves pressing and holding a 'Reset' or 'Light/Reset' button for a few seconds.

6. TROUBLESHOOTING

If your air purifier is not functioning correctly after filter replacement, consider the following:

- **Filter Installation:** Ensure the new filter is correctly seated in its compartment and the cover is securely closed.
- **Power Connection:** Verify that the air purifier is properly plugged into a working power outlet.
- **Filter Indicator:** If the filter replacement indicator light remains on, ensure you have followed the specific reset procedure for your air purifier model.
- **General Malfunction:** If issues persist, refer to your air purifier's original user manual or contact the manufacturer's customer support.

7. SPECIFICATIONS

Attribute	Detail
Brand	Keedal
Model Info	MK01, MK06, DH-JH01
Item Weight	1.43 pounds
Package Dimensions	10.63 x 8.03 x 5.39 inches
Material Type	Fiberglass, Activated Carbon
Compatible Device	Air Purifier
UPC	798357454880
Number of Items	7 (referring to the pack quantity)

8. WARRANTY AND SUPPORT

This product is a replacement filter and is not an OEM (Original Equipment Manufacturer) product. Any use of brand names and model designations of original manufacturers is made solely for the purposes of demonstrating compatibility.

For questions regarding your Keedal DH-JH01 filter, please contact our customer service. We are committed to providing warm after-sales service and will assist you wholeheartedly.

9. ADDITIONAL RESOURCES

No official seller videos were provided for this specific filter product. For general information on air purifier maintenance or filter replacement, you may consult the user manual of your specific air purifier model or search for relevant instructional videos from your air purifier's manufacturer.
