2. SAFETY INFORMATION

Please read all instructions carefully before assembly and installation. Failure to follow these instructions may result in injury or damage to the product. Keep this manual for future reference.

- Always use appropriate safety gear, including safety glasses and gloves, during installation.
- Ensure the installation area is clear and well-lit.
- Verify that wall studs are located before mounting the mirror cabinet to ensure secure attachment.
- Do not overload drawers or shelves to prevent tipping or damage.
- Keep small parts away from children to prevent choking hazards.
- Professional installation is recommended for plumbing and electrical connections (if applicable).

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer support.

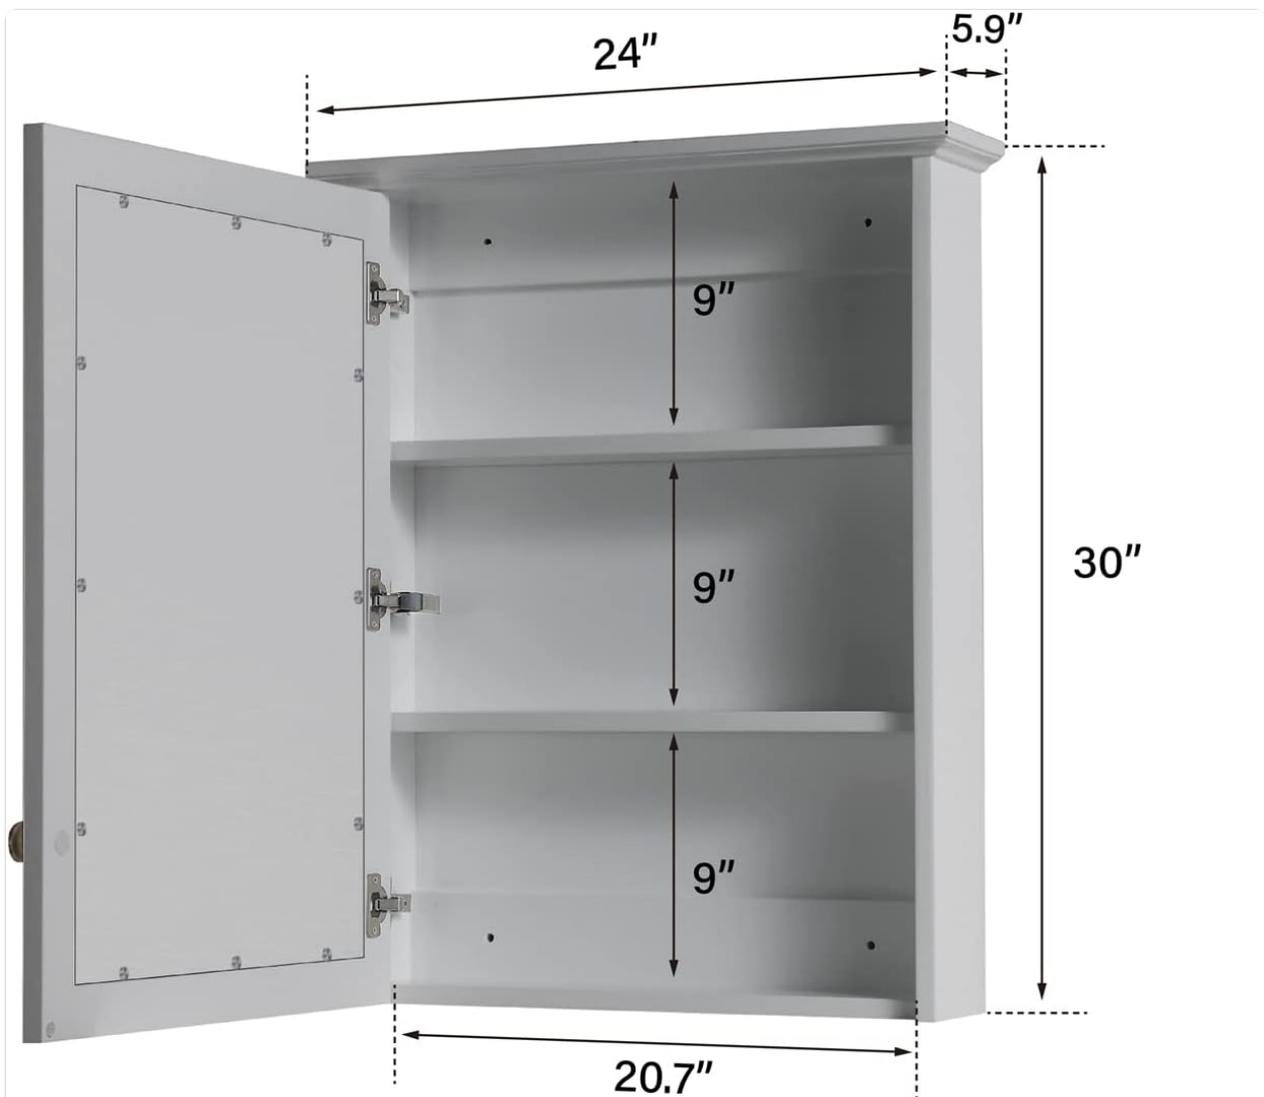

- 1 x 36"W x 22"D x 35"H Bathroom Vanity with Sink and Quartz Countertop
- 1 x 24"W x 30"H Bathroom Medicine Cabinet with Mirror
- 1 x Instruction Manual

4. SETUP AND INSTALLATION

The vanity comes fully assembled with the countertop, sink, and cabinet. The mirror cabinet requires wall mounting.

4.1 Vanity Placement

1. Carefully unpackage the vanity and place it in the desired location.
2. Ensure the floor is level. Adjust the vanity's feet if necessary to achieve stability.
3. Connect the plumbing for the sink according to local codes and manufacturer guidelines. Professional plumbing installation is recommended.

*All dimensions and specifications are nominal and may vary.

4.2 Mirror Cabinet Mounting

1. Determine the desired height and position for the mirror cabinet above the vanity.
2. Use a stud finder to locate wall studs for secure mounting. Mark the drilling locations.
3. Drill pilot holes at the marked locations.
4. Attach the mounting hardware (not included, typically) to the wall, ensuring it is level and secure.
5. Carefully lift the mirror cabinet and hang it onto the installed mounting hardware.
6. Verify that the cabinet is securely attached and level before use.

5. OPERATING INSTRUCTIONS

The WELLFOR vanity and mirror cabinet are designed for ease of use and storage.

5.1 Vanity Doors and Drawers

- The vanity features soft-close hinges on the doors and soft-close slides on the drawers. This mechanism allows for quiet and gentle closing.
- To open, gently pull the decorative handles or knobs. To close, push gently, and the soft-close mechanism will engage.
- Utilize the interior cabinet space and drawers for organizing bathroom essentials.

5.2 Mirror Cabinet

- The mirror cabinet provides additional storage behind a mirrored door.
- Open the door to access the interior shelves for toiletries and other items.

6. MAINTENANCE

Proper care will ensure the longevity and appearance of your WELLFOR bathroom vanity and mirror cabinet.

6.1 Cleaning the Vanity and Countertop

- For the wood surfaces, wipe regularly with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
- For the quartz countertop, clean with mild soap and water. Wipe dry immediately to prevent water spots. Avoid strong acids, alkalis, or abrasive pads.

- Promptly wipe up any spills to prevent staining.

6.2 Cleaning the Mirror

- Use a standard glass cleaner and a soft, lint-free cloth to clean the mirror surface.
- Avoid spraying cleaner directly onto the mirror; instead, spray it onto the cloth first.

6.3 Hardware Maintenance

- Periodically check all screws and fasteners to ensure they are tight.
- Wipe metal hardware with a soft, dry cloth. Avoid harsh chemicals that can tarnish the finish.

7. TROUBLESHOOTING

Refer to this section for common issues and their solutions.

7.1 Drawers or Doors Not Closing Properly

- **Issue:** Drawer or door does not close smoothly or completely.
- **Solution:** Check for obstructions within the drawer or cabinet. Ensure the soft-close mechanism is not damaged. Verify that the vanity is level. Adjust hinges if necessary (refer to hinge manufacturer's instructions for adjustment).

7.2 Water Leaks from Sink

- **Issue:** Water is leaking from the sink or plumbing connections.
- **Solution:** Immediately turn off the water supply. Check all plumbing connections for tightness. Ensure

sealant around the drain is intact. If the issue persists, contact a qualified plumber.

7.3 Mirror Cabinet Feels Unstable

- **Issue:** The wall-mounted mirror cabinet wobbles or feels loose.
- **Solution:** Remove items from the cabinet. Re-check all mounting screws and ensure they are securely fastened into wall studs. If studs were not used, consider relocating the cabinet or reinforcing the wall.
