Farberware 1076

Farberware Step On Trash Can User Manual

MODELS: 5 LITER (1.3 GAL) & 30 LITER (7.9 GAL) - MODEL 1076

Introduction

Thank you for choosing the Farberware Step On Trash Can 2-Pack. This set includes two high-quality stainless steel garbage bins, one 5-liter (1.3 gallon) and one 30-liter (7.9 gallon), designed for convenience and durability in your home or office. These trash cans feature a soft-closing lid mechanism, a fingerprint and smudge-resistant finish, a robust steel pedal, and a removable inner bucket for easy cleaning and waste disposal.

Product Features

- **Soft-Closing Lid:** Equipped with a gentle and silent soft-closing lid mechanism to prevent clanking noises and maintain a quiet environment.
- **Fingerprint & Smudge-Resistant:** The brushed stainless steel exterior resists fingerprints and smudges, ensuring a clean and sleek appearance with minimal effort.
- **Durable Steel Pedal:** Features a rigid steel pedal built for long-lasting use, providing reliable hands-free operation.
- **Removable Inner Bucket:** Includes a removable inner bucket for effortless trash disposal and easy cleaning.
- **Compact & Versatile Design:** The sleek design and compact size of the 5-liter can make it ideal for bathrooms or smaller spaces, while the 30-liter can is suitable for kitchens and larger areas.

PEACE & QUIET

SILENTLY CLOSING LID

Setup

1. **Unpack:** Carefully remove the trash cans and all packaging materials from the box.
2. **Insert Inner Bucket:** Ensure the removable inner bucket is properly seated inside the main stainless steel body of each trash can.
3. **Place Trash Bag:** Line the inner bucket with an appropriately sized trash bag. For the 5-liter can, use small kitchen or bathroom bags. For the 30-liter can, use standard kitchen trash bags. Ensure the bag edges are tucked neatly under the rim of the inner bucket.
4. **Position:** Place the trash cans in your desired locations, ensuring the foot pedal has clear access and the lid can open fully without obstruction.

Operating Instructions

- **Opening the Lid:** Gently press down on the steel foot pedal located at the base of the trash can. The lid will open smoothly.
- **Closing the Lid:** Release pressure from the foot pedal. The lid will slowly and silently close due to the soft-closing mechanism. Avoid forcing the lid closed, as this can damage the mechanism.
- **Maintaining Cleanliness:** The fingerprint-resistant finish helps keep the exterior clean. For best results, wipe regularly with a soft, damp cloth.

Maintenance

- **Exterior Cleaning:** To clean the stainless steel exterior, use a soft cloth dampened with water and a mild, non-abrasive cleaner. Wipe in the direction of the grain. Dry thoroughly to prevent water spots. Do not use harsh chemicals or abrasive pads.
- **Inner Bucket Cleaning:** The removable inner bucket can be easily lifted out for cleaning. Wash with warm, soapy water, rinse thoroughly, and dry completely before placing it back into the trash can.
- **Odor Control:** Regularly empty and clean the inner bucket to prevent odors. Using trash bags with odor control features can also help.

Troubleshooting

- **Lid Not Closing Softly:** Check for any obstructions around the lid or hinge mechanism. Ensure the trash can is placed on a level surface. If the issue persists, gently clean the hinge area.
- **Foot Pedal Sticking:** Ensure no debris is lodged around the pedal mechanism. Clean the area if necessary.
- **Excessive Fingerprints/Smudges:** While designed to be resistant, heavy use may show some marks. Clean with a stainless steel cleaner or a soft, damp cloth as described in the Maintenance section.

Specifications
