## SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all items from the packaging. Dispose of packaging materials responsibly.
2. **Assemble Dollhouse:** The Barbie house is designed to fold open. Gently unfold the house sections until they are fully extended and stable. Ensure all connecting points are securely engaged.
3. **Set Up Pool:** Place the pool on a flat, stable surface. Attach the slide to the designated area on the pool. Fill the pool with a small amount of water for play, if desired. *Note: Do not overfill.*
4. **Position Hammock:** Assemble the hammock stand if necessary and place the hammock fabric onto the stand. Position it in a desired play area.
5. **Arrange Accessories:** Place furniture and smaller accessories (like kitchen items, bedroom decor, and bathroom fixtures) within the dollhouse sections as desired. Dress the Barbie dolls in their outfits and accessories.

## OPERATING INSTRUCTIONS

---

This section details how to interact with the various components of your Barbie House Gift Set.

- **Dollhouse Play:** The dollhouse features kitchen, bedroom, and bathroom areas. Dolls can be placed in these areas to simulate daily activities. The house is designed for interactive play within its various rooms.
- **Pool Fun:** Place Barbie dolls at the top of the slide and gently push them down into the water-filled pool. Ensure dolls are dry before returning them to the dollhouse.
- **Boat Adventures:** The included speedboat is designed to float in water. Place up to two Barbie dolls in the boat for simulated water adventures. Ensure the boat is placed in a suitable water container (e.g., the pool or a bathtub).
- **Hammock Relaxation:** Place a Barbie doll in the hammock for a relaxing pose. The hammock is freestanding and can be moved to different play areas.
- **Accessory Use:** Utilize the smaller accessories like life vests, snorkel gear, smart phones, and sunblock to enhance storytelling and imaginative play scenarios.

## MAINTENANCE

---

- **Cleaning:** Wipe down the dollhouse, pool, boat, and accessories with a damp cloth and mild soap if necessary. Rinse thoroughly and allow to air dry completely before storage. Do not submerge electronic components (if any, though none are mentioned for this set).
- **Drying Dolls:** If dolls have been in water, ensure they are thoroughly dried before storing them or placing them back in the dollhouse to prevent mildew.
- **Storage:** The dollhouse is designed to fold for easy storage and portability. Fold the house sections securely. Store all components in a clean, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Dollhouse sections do not connect securely.	Improper alignment or obstruction.	Ensure all tabs and slots are correctly aligned. Check for any small accessories blocking the connection points. Apply gentle, even pressure.
Boat does not float properly.	Water leakage or imbalance.	Inspect the boat for any cracks or openings. Ensure dolls are seated evenly to maintain balance.
Dolls do not stand alone.	This is a design characteristic.	Barbie dolls are generally not designed to stand alone. Use doll stands (not included) or lean them against furniture for display.
