Lafocuse 12 Inch Silent Cat Wall Clock Instruction Manual

Model: B0B4WH76T8

INTRODUCTION

This manual provides essential instructions for the proper setup, operation, and maintenance of your Lafocuse 12 Inch Silent Cat Wall Clock. This analog wall clock features a silent, non-ticking mechanism and a distinctive cat design, making it suitable for various indoor environments.

SETUP

Follow these steps to prepare your wall clock for use:

1. **Unpack the Clock:** Carefully remove the clock from its packaging. Inspect for any damage.
2. **Insert Battery:** Locate the battery compartment on the back of the clock. Insert one (1) AA battery, ensuring the positive (+) and negative (-) terminals are correctly aligned. *Note: Battery is not included.*
3. **Set Time:** Turn the hand setting knob, located on the back of the clock mechanism, to adjust the hour and minute hands to the correct time.
4. **Mounting:** Use the integrated hanging slot on the back of the clock to securely mount it on a wall hook or nail. Ensure the clock is stable and level.

OPERATING INSTRUCTIONS

Your Lafocuse wall clock is designed for simple, reliable operation:

- **Silent Movement:** The clock features a silent, non-ticking sweep movement, ensuring a quiet environment suitable for bedrooms, classrooms, or offices.
- **Accurate Timekeeping:** The precise quartz movement guarantees accurate time. No further adjustments are typically needed after initial setup, unless the battery is replaced or time zones change.

MAINTENANCE

To ensure the longevity and optimal performance of your clock, follow these maintenance guidelines:

- **Cleaning:** Wipe the clock's surface and glass with a soft, dry cloth. Avoid using abrasive cleaners or solvents, which may damage the finish or mechanism.
- **Battery Replacement:** Replace the AA battery annually, or when the clock begins to lose time, to maintain accurate operation.

- **Environment:** Keep the clock in a dry indoor environment. Avoid exposure to extreme temperatures or direct sunlight, which can affect the clock's materials and accuracy.

TROUBLESHOOTING

If you encounter issues with your Lafocuse wall clock, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Clock is not running	Dead or incorrectly inserted battery	Replace the AA battery with a fresh one, ensuring correct polarity (+/-).
Clock runs slow or loses time	Low battery power	Replace the AA battery.
Hands are stuck or not moving smoothly	Hands are bent or obstructed	Gently check if the hands are touching each other or the clock face. Carefully bend them back into position if necessary.
Clock makes a ticking sound	Internal mechanism issue (unlikely for silent movement)	Verify the clock is indeed a silent sweep movement model. If the issue persists, contact customer support.

SPECIFICATIONS

- **Brand:** Lafocuse
- **Model:** B0B4WH76T8
- **Color:** Black (frame), Yellow/Blue (dial)
- **Display Type:** Analog
- **Style:** Modern
- **Special Features:** Battery operated, Silent non-ticking, Well-packed
- **Product Dimensions:** 12"W x 12"H (30 cm diameter)
