FENNIO 1728

FENNIO Full Length Mirror with Lights User Manual

Model: 1728

PRODUCT OVERVIEW

The FENNIO Full Length Mirror with Lights is a versatile 70" x 32" LED full body mirror designed for various settings, including bedrooms and salons. It features dimmable lighting with three color modes and can be used as a free-standing, leaning, or wall-mounted mirror.

Key Features

- **Specification:** 70"x32" LED lighted mirror, multi-layered for enhanced protection. Utilizes COB LED beads strip for energy efficiency with a 50,000-hour lifetime. Features an Aluminum Alloy frame with original edge-sealing technology for lasting durability.
- **3 Color Lighting Modes & Adjustable Brightness:** The brightness and light temperature are controlled by three smart touch buttons. Short press the 'M' button to switch between white light, warm light, and yellow light. Long press the 'P' button to adjust brightness to your preference.
- **3 Ways to Use & Easy Mount:** This LED body mirror includes a stable and anti-slip bracket, preventing accidental tipping. It can be used as a floor mirror, leaning mirror, or wall-mounted mirror to suit diverse needs. It can be hung vertically and horizontally with 8 holes on the back. Mounting accessories are included.
- **HD & Explosion-Proof:** The full body mirror undergoes rustproof treatment, ensuring no oxidation or rust, and provides high-definition reflection. The shattered glass, protected by an explosion-proof membrane, will not scatter even if impacted by an external force, offering increased safety.
- **Designed for Salon and Bedroom:** This LED full length mirror is built to withstand the demands of professional environments, making it a reliable and stylish addition to salons, boutiques, spas, and other commercial settings.

IMPORTANT SAFETY INFORMATION

Always unplug the mirror when not in use. Keep the cord away from heat sources and do not run over the cord with heavy objects. Ensure the mirror is stable and secure before use. Do not place heavy objects on the mirror. Keep the mirror away from water and moisture.

General Precautions

- Do not attempt to disassemble or modify the mirror.
- Avoid exposing the mirror to extreme temperatures or direct sunlight for prolonged periods.
- Keep out of reach of children and pets.
- Use only the provided power adapter.

SETUP AND INSTALLATION

Unpacking

Carefully remove the mirror from its packaging. The mirror is securely packaged with corner guards and 3-layer styrofoam protection to prevent damage during transit.

LONG PRESS BUTTON TO SWITCH AMONG 3 DIFFERENT COLORED LIGHTING MODES

Installation Options

Free Standing / Leaning

The mirror features a stable and anti-slip bracket for free-standing or leaning against a wall. Ensure the bracket is fully extended and stable on a flat surface.

OPERATING INSTRUCTIONS

Powering On/Off and Light Modes

The mirror's LED lights are controlled by smart touch buttons. Short press the 'M' button to cycle through the three

color temperatures: warm light, cool light, and natural light. Long press the 'P' button to adjust the brightness from 10% to 100%.

MAINTENANCE

Cleaning

- Always unplug the mirror before cleaning.
- Use a soft, lint-free cloth and a non-abrasive glass cleaner.

- Spray the cleaner onto the cloth, not directly onto the mirror surface, to avoid liquid seeping into the electrical components.
- Wipe gently to remove dust, smudges, and fingerprints.
- For the frame, use a dry or slightly damp cloth. Avoid harsh chemicals.

Storage

- If storing the mirror for an extended period, ensure it is clean and dry.
- Store in a cool, dry place away from direct sunlight and moisture.
- Protect the mirror surface with a soft cover or the original packaging to prevent scratches.

TROUBLESHOOTING

Common Issues and Solutions

Issue	Possible Cause	Solution
Lights not turning on	Power adapter not connected; power outlet issue; touch button malfunction.	Ensure power adapter is securely plugged in. Test the outlet with another device. Try pressing the touch button firmly.
Lights flickering or dim	Loose connection; power supply issue; LED strip fault.	Check all connections. Try a different power outlet. If issue persists, contact customer support.
Touch controls unresponsive	Dirty sensor; temporary electronic glitch.	Clean the touch sensor area with a soft, dry cloth. Unplug the mirror for 5 minutes, then plug it back in to reset.
Mirror unstable (free-standing)	Bracket not fully extended; uneven surface.	Ensure the stand's bracket is fully extended and locked. Place the mirror on a flat, stable surface.
