4. ASSEMBLY INSTRUCTIONS

Follow these steps for proper assembly of your bed frame. It is recommended to have a second person assist with assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface. Refer to the included parts list to identify each piece.
2. **Attach Headboard and Footboard Legs:** Secure the support legs to the headboard and footboard sections using the provided bolts and Allen wrench. Do not fully tighten yet.

4. **Install Center Support Legs:** If your frame includes center support legs, attach them to the designated crossbars or central rail.
5. **Insert Steel Slats:** Place the steel slats across the side rails. Many designs feature a snap-in or bolt-

on mechanism. Ensure each slat is securely fastened or seated.

6. **Final Tightening:** Once all components are in place and aligned, systematically tighten all bolts and screws using the Allen wrench. Ensure all connections are firm and stable.

5. USAGE

After assembly, place your twin-size mattress directly onto the steel slats. No box spring is required for this platform bed frame. The 12.6-inch clearance beneath the frame provides convenient space for storage.

6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the metal frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Inspection:** Periodically inspect all bolts and connections to ensure they are tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

7. TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame squeaks, check all bolts and connections. Loosen slightly, adjust the frame, and then retighten firmly. Ensure the mattress is properly seated.
- **Instability/Wobbling:** Verify that all components are correctly assembled and all fasteners are fully tightened. Ensure the bed frame is on a level surface.
- **Missing Parts:** If any parts are missing or damaged upon arrival, contact customer support immediately for assistance.
