› CANEOE Round Modern LED Ceiling Light Fixture (Model GDD-SQSL-C) - User Manual

## CANEOE GDD-SQSL-C

# CANEOE Round Modern LED Ceiling Light Fixture

Model: GDD-SQSL-C

## 1. INTRODUCTION

---

Thank you for choosing the CANEOE Round Modern LED Ceiling Light Fixture. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions carefully before installation and retain them for future reference.

CANEOE Round Modern LED Ceiling Light Fixture installed on a white ceiling.

## 2. PRODUCT OVERVIEW

---

The CANEOE Round Modern LED Ceiling Light Fixture features a contemporary design with two staggered rings, providing a three-dimensional aesthetic. It is designed for various indoor spaces, offering efficient and cool white illumination.

### Key Features:

- **Modern Design:** Simple circular design with two staggered rings for a three-dimensional effect.
- **Energy-Efficient LED:** Utilizes a built-in LED chip light source for high brightness, energy saving, and environmental protection.
- **Cool White Illumination:** Provides 6000K cool white light, suitable for various environments.
- **Long Lifespan:** Designed for extended operational life with no flicker.
- **Versatile Application:** Ideal for living rooms, dining rooms, kitchens, bedrooms, hallways, stairwells, and more.

Benefits of the CANEOE LED Ceiling Light, including eye protection and energy efficiency.

### 3. SAFETY INFORMATION

Please observe the following safety precautions before installing or operating the fixture:

- **Electrical Safety:** Always turn off the main power supply at the circuit breaker before installation, maintenance, or cleaning to prevent electric shock.
- **Qualified Electrician:** If you are unsure about the installation process, consult a qualified electrician.
- **Voltage Compatibility:** Ensure the fixture's voltage (110V) matches your household electrical supply.
- **Secure Mounting:** Ensure the mounting surface can support the weight of the fixture.
- **Indoor Use Only:** This fixture is designed for indoor use only. Do not expose it to moisture or outdoor elements.
- **Non-Dimmable:** This light fixture is not dimmable. Do not connect it to a dimmer switch.

### 4. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation:

- LED Ceiling Light Fixture
- Installation Accessories (screws, wire nuts, mounting bracket)
- Installation Manual

## 5. SETUP AND INSTALLATION

---

Follow these steps for proper installation. Assembly is required.

### 1. Turn Off Power:

Before starting, ensure the power supply to the installation area is completely turned off at the main circuit breaker. This is a critical safety step.

Illustration showing how to turn off power at the circuit breaker.

### 2. Install Mounting Bracket:

Attach the mounting bracket to the junction box on the ceiling using the provided screws. Ensure it is securely fastened.

Illustration showing the installation of the mounting bracket.

### 3. Connect Wires:

Connect the fixture's wires to your household electrical wires. Typically, connect the black wire from the fixture to the black wire from the ceiling (live), the white wire from the fixture to the white wire from the ceiling (neutral), and the ground wire to the ground wire. Use wire nuts to secure connections.

Illustration showing electrical wiring connections.

### 4. Secure Light Fixture:

Carefully push the connected wires into the junction box. Align the fixture with the mounting bracket and secure it using the provided screws. Ensure the fixture is flush against the ceiling.

Illustration showing how to secure the light fixture.

### 5. Restore Power:

Once the fixture is securely installed, restore power at the circuit breaker.

## 6. OPERATING INSTRUCTIONS

The CANEOE Round Modern LED Ceiling Light Fixture operates via a standard wall switch. It provides a consistent 6000K cool white light and is not dimmable.

- **To Turn On:** Flip the wall switch connected to the fixture to the 'ON' position.
- **To Turn Off:** Flip the wall switch connected to the fixture to the 'OFF' position.

Visual comparison of the light fixture in 'On' and 'Off' states.

## 7. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Disconnect power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the finish or LED components.
- **Bulb Replacement:** The LED light source is built-in and not user-replaceable. The fixture is designed for a long lifespan.
- **Inspection:** Periodically check for any loose connections or damage. If any issues are found, turn off power and consult a qualified technician.

## 8. TROUBLESHOOTING

If you encounter issues with your light fixture, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on	No power supply Loose wiring connection Faulty wall switch	Check circuit breaker and wall switch. Ensure all wire connections are secure (with power off). Test the wall switch or replace if necessary.
Light flickers	Loose wiring connection Incompatible dimmer switch (fixture is non-dimmable)	Check all wire connections (with power off). Ensure the fixture is not connected to a dimmer switch.
Light is dim or inconsistent	Voltage fluctuation Internal component issue	Consult an electrician to check household voltage. Contact customer support if the issue persists.

## 9. SPECIFICATIONS
