MICFLIP A02

MICFLIP 3-in-1 Charging Cable (Model A02) User Manual

Introduction

Thank you for choosing the MICFLIP 3-in-1 Charging Cable. This versatile cable is designed to simplify your charging needs by integrating Lightning, Type-C, and Micro USB connectors into a single, durable unit. It is ideal for charging a wide range of devices, including iPhones, iPads, Android smartphones, and other portable electronics. This manual provides essential information on how to set up, operate, and maintain your charging cable to ensure optimal performance and longevity.

Product Features

- **3-in-1 Universal Compatibility:** Features Lightning, Type-C, and Micro USB connectors to charge multiple device types with one cable.
- **Apple MFi Certified:** Ensures safe and reliable charging for Apple devices, preventing compatibility issues.
- **High-Speed Data Transfer:** Supports data transfer speeds up to 480Mbps, allowing for quick syncing of music, photos, and files.
- **Optimal Length:** A convenient 3.4ft (1 meter) length balances usability and portability, reducing clutter.
- **Durable Construction:** Made with high-quality fiber material and an aluminum protection head, designed to withstand over 10,000 bends and resist heat and corrosion.

Setup and Connection

The MICFLIP 3-in-1 Charging Cable is designed for ease of use. Follow these steps to connect your devices:

1. **Connect to Power Source:** Plug the standard USB-A end of the cable into a compatible USB wall adapter, car charger, power bank, or computer USB port.
2. **Identify Device Connector:** Determine the charging port type of your device (Lightning for Apple, Type-C for newer Android/other devices, Micro USB for older Android/accessories).
3. **Select and Connect:**
    - For **Lightning** devices: Use the Lightning connector.
    - For **Type-C** devices: Use the Type-C connector.
    - For **Micro USB** devices: Use the Micro USB connector.
4. Gently insert the appropriate connector into your device's charging port. Ensure a secure connection.

Operating Instructions

Once connected, your device should begin charging automatically. The cable supports both charging and data transfer functionalities.

- **Charging:** The cable delivers power to your connected device. Charging speeds may vary depending on the power source and the device's charging capabilities.
- **Data Transfer:** When connected to a computer, the cable allows for data synchronization between your device and the computer at speeds up to 480Mbps. This enables you to transfer files, photos, and music efficiently.

Maintenance

Proper care and maintenance will extend the life of your MICFLIP 3-in-1 Charging Cable:

- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent internal wire damage.
- **Cleaning:** Use a soft, dry cloth to clean the cable and connectors. Do not use liquid cleaners or abrasive materials.
- **Handling:** Always grasp the connector head when plugging or unplugging the cable. Avoid pulling directly on the cable itself, as this can damage the internal wiring and connection points.
- **Inspection:** Periodically inspect the cable for any signs of wear, fraying, or damage to the connectors. Discontinue use if damage is observed.

Troubleshooting

If you encounter issues with your MICFLIP 3-in-1 Charging Cable, please refer to the following common solutions:

- **Device Not Charging:**
  - Ensure the USB-A end is securely plugged into a functional power source.
  - Verify that the correct connector (Lightning, Type-C, or Micro USB) is firmly inserted into your device's charging port.
  - Try using a different power source or wall adapter to rule out issues with the power supply.
  - Check the charging port of your device for any debris or obstruction.
- **Slow Charging:**
  - Ensure your power source provides sufficient output (e.g., a wall adapter designed for fast charging).
  - Avoid using the device heavily while charging, as this can slow down the process.
- **Data Transfer Issues:**
  - Confirm that the cable is connected to a computer's USB port that supports data transfer.
  - Ensure your device is unlocked and set to allow data transfer (e.g., 'File Transfer' mode on Android).
- **Intermittent Connection (especially for Lightning connector):**
  - Some users have reported that the Lightning adapter may occasionally disconnect if not handled carefully. Ensure the adapter is fully seated onto the Micro USB connector and avoid excessive movement during use.
  - If the issue persists, inspect the connectors for any visible damage or wear.

Specifications

Feature	Detail
Brand	MICFLIP
Model Number	A02
Connector Type	Lightning, Micro USB, USB Type C
Cable Type	USB
Compatible Devices	Laptop, Smartphone, Speaker, Tablet (e.g., iPhone 17 Pro MAX/17 Pro/17/iPhone 16 Pro MAX/16 Pro/16/iPhone 15 Pro MAX/15 Pro /15/iPhone 14 Pro MAX /14 Pro /14 /13 Pro MAX /13 Pro /13 /12 Pro MAX/12 Pro /12 /11 Pro MAX /11 Pro /11 /XS MAX /XS /XR /X /8 /8Plus /7 /7 plus /6s plus /6 /6s /6 Plus /5 /5c /5s /SE; Samsung Galaxy S22/ S20/ S10/ S9/ S8/ Note 9/ Note8; Pixel 2/ 3/ 3XL; LG G5/ Q8/ V20; OnePlus 7/ 7T/ 7 Pro/ 7T Pro; HTC 10/ U11/ U12)
Special Feature	3 in 1 Charging Cable, Braided, Metallic Texture, Suitable to Connect Devices
Recommended Uses	3 in 1 charging cable, Apple MFi certified lightning, Micro usb cable, Type-C
Color	Silver

Connector Gender	Male-to-Male
Data Transfer Rate	480 Megabits Per Second
Shape	Round
Number of Pins	8
Unit Count	1.0 Count
Item Weight	1.13 ounces (0.03 Kilograms)
Specification Met	MFI
Indoor/Outdoor Usage	Indoor, Outdoor
Number of Items	1
Package Dimensions	7.52 x 2.56 x 0.75 inches
Date First Available	June 15, 2022

Warranty and Support

MICFLIP is committed to providing reliable products and excellent customer service. Your 3-in-1 Charging Cable comes with:

- **24-Hour Friendly Customer Service:** For any questions, concerns, or issues, please contact our customer support team. We are available to assist you and ensure your satisfaction.

For further assistance, please refer to the contact information provided with your product packaging or visit the official MICFLIP website.
