Yaheetech 26 Inch Metal Bar Stools with Backrest and Footrest (Set of 4) Instruction Manual

Model: YT-00116152-017

1. INTRODUCTION

Thank you for choosing the Yaheetech 26 Inch Metal Bar Stools. This manual provides essential information for the safe assembly, operation, and maintenance of your new bar stools. Please read it thoroughly before use and retain it for future reference.

2. SAFETY INFORMATION

- **Do not stand on the stool.**
- Ensure all parts are securely fastened before use.
- Do not exceed the maximum weight capacity of **150kg (331lb)** per stool.
- Keep children away from the assembly area.
- Use on a flat, stable surface to prevent tipping.

3. PRODUCT FEATURES

- **Light-weight & Heavy-duty:** Each bar chair only weighs 4.3kg/9.5lb but can hold up to 150kg/331lb, the light weight and compact size of the stool will not take up too much space in your home.
- **26 inches Counter-height Bar Stool:** This 26 inches H counter-height stool set is an ideal choice for a 34 inches-38 inches high dining counter or kitchen island, serving you well from breakfasts to midnight drinks.
- **Easy to Clean:** Don't worry about accidentally spilling drinks/beverages, these stools with a waterproof powder-coated surface are easy to clean with a damp cloth and mild cleaners.
- **Thoughtful Footrest:** The four-sided footrest design helps you get onto the seat more easily and provides a resting place for your legs when sitting. The quadrate footrests also reinforce the overall structure.
- **Comfortable Low Back Design:** With a low backrest design, these barstools provide you with good

lower back support and take off some of the stress on your back. The backrest dining chairs also feel more secure when you have a supporting surface on the back.

4. PACKAGE CONTENTS

Your Yaheetech Bar Stools package should contain the following items:

- 4 x 26-inch Metal Bar Stools (with detachable backrests)
- Assembly Hardware (screws, wrench)
- Assembly Instructions Sheet

5. ASSEMBLY INSTRUCTIONS

The Yaheetech 26 Inch Metal Bar Stools are designed for straightforward assembly. Please refer to the dedicated assembly instructions sheet included in your package for detailed, step-by-step guidance.

1. Unpack all components and verify against the package contents list.
2. Identify the main stool frame and the detachable backrest.
3. Attach the backrest to the stool seat using the provided screws and wrench. Ensure all screws are

tightened securely.

4. Place the assembled stool on a flat surface and check for stability.

6. OPERATING INSTRUCTIONS

These bar stools are designed for seating at counter-height surfaces. To use:

- Position the stool in front of your counter or bar.
- Use the four-sided footrest to assist in seating and for comfortable foot placement while seated.
- The low backrest provides lumbar support for extended comfort.

7. MAINTENANCE

To ensure the longevity and appearance of your Yaheetech Metal Bar Stools, follow these maintenance guidelines:

- **Cleaning:** Wipe with a damp cloth and mild cleaners. The waterproof powder-coated surface makes cleaning easy. Avoid abrasive cleaners or harsh chemicals.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.
- **Storage:** If storing, especially outdoors, consider stacking the stools (after removing backrests) to save space and protect them from prolonged exposure to extreme weather.
- **Floor Protection:** The bottom foot pads are designed to prevent scratching floors. Ensure these pads are intact and replace if damaged.

8. TROUBLESHOOTING

- **Stool feels wobbly:** Check all assembly screws and tighten them firmly. Ensure the stool is on a flat, even surface.
- **Difficulty attaching backrest:** Ensure the backrest is aligned correctly with the pre-drilled holes on the seat. Do not overtighten screws initially; hand-tighten all, then fully tighten.
- **Scratches on floor:** Verify that the rubber foot pads are present and undamaged on all four legs. Replace if worn or missing.

9. SPECIFICATIONS
