Maintenance

Proper care will extend the life and beauty of your outdoor furniture set.

- **Cushion Care:** The cushion covers feature a zipper design for easy removal and cleaning. It is highly recommended

to take cushions indoors if it rains or during prolonged periods of non-use to protect them from weather variations.

- **Wood Care:** The acacia wood may experience drying and fading due to sun exposure, temperature variations, and moisture. To maintain its appearance, apply wood polish oil on a soft cloth and wipe the surface of the furniture regularly. This helps keep the wood glossy and new.
- **Rattan Care:** The all-weather PE rattan is weather-resistant and fade-resistant. Clean with a damp cloth and mild soap if necessary. Avoid harsh chemicals.
- **General Cleaning:** Wipe the smooth surfaces of the coffee table and other components with a dry cloth for daily maintenance.
