# Yaheetech Home Office Swivel Office Chair User Manual

Model: YAd9690001

## 1. INTRODUCTION

Thank you for choosing the Yaheetech Home Office Swivel Office Chair. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new chair. Designed for comfort and stability, this chair features adjustable height, a rocking function, and a soft velvet fabric finish, making it an ideal addition to your office or bedroom.

## 2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the chair. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Capacity:** This chair is designed to support a maximum load of **136 kg (300 lbs)**. Do not exceed this weight limit.
- **Gas Lift Safety:** The gas lift cylinder is certified according to SGS standards (report no. SDHL241202405001FT) and has undergone rigorous testing for durability. Do not attempt to disassemble or tamper with the gas lift.
- **Assembly:** Ensure all components are securely fastened before use. Periodically check all screws and bolts to ensure they remain tight.
- **Stability:** Always sit centrally on the chair to maintain balance. Avoid standing on the chair or using it as a step stool.

- **Children:** Keep children away from the assembly area. This chair is not a toy and should only be used by children under adult supervision.
- **Floor Protection:** While casters are designed for smooth movement, consider using a chair mat to protect delicate flooring surfaces.

### 3. PRODUCT OVERVIEW

---

The Yaheetech Home Office Swivel Chair combines elegant design with ergonomic features for a comfortable seating experience. Key features include:

- **Soft Velvet Fabric:** Upholstered in optimal velvet fabric, providing a comfortable, soft, and cozy feel. The striped design offers a stylish yet elegant appearance.
- **Thick Upholstery:** Features an 8.5 cm (3.3 inch) thick seat cushion and high-density foam padding on the backrest and armrests for superior comfort.
- **Ergonomic Armrests:** Curved and ergonomically designed armrests provide comfortable support.
- **Stable Base:** Equipped with a stable metal chair base and a pneumatic gas lift, capable of supporting up to 136 kg.
- **Smooth Casters:** Five 360° swivel casters ensure flexible and mobile movement across various floor types.

## 5. SETUP AND ASSEMBLY

Assembly of your Yaheetech office chair is straightforward. Please follow these general steps. A detailed instruction manual with diagrams is typically included in the product packaging.

- 1. Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts are present according to the included parts list.
- 2. Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the chair base. Push firmly until they click into place.
- 3. Insert Gas Lift:** Place the gas lift cylinder into the central hole of the chair base.
- 4. Attach Mechanism to Seat:** Align the seat plate mechanism (usually with the levers) to the underside of the seat

cushion. Secure it with the provided screws and an Allen key. Ensure the front of the mechanism faces the front of the seat.

5. **Connect Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder. The tapered end of the gas lift should fit securely into the mechanism.
6. **Final Check:** Once assembled, sit on the chair to ensure all components are properly seated and stable. Test the height adjustment and rocking functions.

## 6. OPERATING INSTRUCTIONS

---

Your Yaheetech office chair is designed for ease of use and comfort. Familiarize yourself with its adjustable features:

- **Adjusting Seat Height:** To raise the seat, lift the adjustment lever located under the seat while taking your weight off the chair. To lower the seat, lift the lever while remaining seated. The seat height can be adjusted from 46 cm to 55.5 cm.
- **Rocking Function:** The chair features a rocking mechanism. To activate the rocking function, pull out the lever located under the seat. To lock the chair in an upright position, push the lever in. You can also adjust the tension of the rocking mechanism by turning the round knob under the seat. Turning it clockwise increases tension, making it

harder to rock, and counter-clockwise decreases tension, allowing for easier rocking. The chair can recline up to 20 degrees.

- **360° Swivel:** The chair's seat and casters allow for full 360-degree rotation, providing flexibility and ease of movement around your workspace.

Image: Illustration demonstrating the adjustable seat height range (9.5 cm) and the 360-degree swivel capability of the chair.

## WIPPMECHANIK

Entspannen Sie Ihren Körper und lehnen Sie sich nach hinten, Sie werden sich bequemer fühlen.

Image: Visual explanation of the rocking mechanism, showing the chair tilting up to 20 degrees, and the adjustable rocking mechanism with tilt lock.

## 7. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Yaheetech office chair.

- **Cleaning:** For general cleaning, professional dry cleaning is recommended. For surface cleaning or spot cleaning, use a soft, damp cloth with a mild detergent as needed. Avoid harsh chemicals or abrasive cleaners.
- **Fabric Care:** Regularly vacuum the velvet fabric to remove dust and debris. Avoid direct sunlight exposure to prevent fading.
- **Hardware:** Periodically check all screws, bolts, and connections to ensure they are tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Casters:** Keep casters clean from hair and debris to ensure smooth rolling. You can remove them and clean the axles if necessary.
- **Avoid Overloading:** Do not exceed the maximum weight capacity of 136 kg.

## 8. TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift malfunction or lever not engaged.	Ensure the lever is fully pulled up. If still not working, the gas lift may need replacement. Contact customer support.
Chair is wobbly or unstable	Loose screws or improper assembly.	Check all screws and bolts, especially those connecting the seat to the mechanism and the base. Tighten them securely. Ensure the gas lift is properly seated in the base.
Casters do not roll smoothly	Debris (hair, lint) caught in casters.	Turn the chair over and carefully remove any debris from the caster wheels. You may need to pull the casters out to clean thoroughly.
Rocking function is too stiff or too loose	Tension knob adjustment.	Adjust the round tension knob under the seat. Turn clockwise to increase tension (stiffer rock) or counter-clockwise to decrease tension (looser rock).
Squeaking noises	Loose connections or friction between parts.	Tighten all screws. Apply a small amount of silicone lubricant to moving parts if necessary, avoiding the gas lift cylinder.

## 9. WARRANTY AND SUPPORT

Yaheetech is committed to providing high-quality products. While specific warranty details are not provided in this manual, please retain your proof of purchase for any warranty claims.

- **Returns and Replacements:** The product typically comes with a 30-day refund/replacement policy. Please refer to the retailer's return policy for specific terms and conditions.
- **Spare Parts:** Information regarding the availability of spare parts is currently unavailable.
- **Customer Support:** For any questions, concerns, or assistance with assembly or troubleshooting that is not covered in this manual, please contact Yaheetech customer support through the retailer's platform or the official Yaheetech website.
