3. KEY FEATURES

- **Borosilicate Glass:** Crafted from premium borosilicate glass, offering extreme temperature resistance and durability.
- **Leak-Proof & Air-Tight Lids:** Lids feature a 100% airtight seal to maintain food freshness and prevent leaks or odors.
- **Microwave & Freezer Safe:** Glass containers are safe for reheating meals directly in the microwave and for freezing food. (*Note: Lids are not microwave safe.*)
- **Dishwasher Safe:** Glass containers and lids are dishwasher safe for easy cleaning.
- **Removable Silicone Gasket:** The silicone gasket can be removed for thorough cleaning, ensuring hygiene.
- **BPA-Free:** All components are made from BPA-free materials.
- **Washable Lunch Bag:** The accompanying lunch bag is machine washable for convenient maintenance.

EASY TO CLEAN

LEAK-PROOF, AIR TIGHT LID

Keeps food fresher for longer. Does not leak or let smells get in or out.

REMOVABLE, SILICONE GASKET

Prevents leak or spills. Can be easily removed for a thorough cleaning.

100% BOROSILICATE GLASS

Does not absorb stains. The high quality glass is also stronger than normal glass and extreme temperature resistant, up to 400°C and -40°C.

4. SETUP

Before first use, please follow these steps:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Wash:** Wash the glass containers, lids, and silicone gaskets with mild soap and warm water. Rinse thoroughly.
3. **Dry:** Ensure all parts are completely dry before reassembling.
4. **Reassemble:** Place the silicone gasket securely into the groove on the underside of each lid. Ensure it is seated correctly to maintain an airtight seal.

5. OPERATING INSTRUCTIONS

5.1 Filling and Sealing

1. Fill the glass container with your desired food, leaving a small space at the top to prevent overflow when sealing.

2. Place the lid onto the container, ensuring the silicone gasket is properly aligned.
3. Press down firmly on the center of the lid, then engage the four locking clips on the sides of the container until they snap securely into place.

5.2 Microwave Use

- Only the glass containers are microwave safe. **Remove the lid before placing the glass container in the microwave.**
- Heat food to the desired temperature. Use caution when handling hot containers.

5.3 Freezer Use

- The glass containers are freezer safe. Ensure food is cooled before freezing.
- When freezing liquids, leave adequate headspace for expansion.

5.4 Using the Lunch Bag

- Place the sealed lunch containers inside the insulated lunch bag.
- Use the zipper closure to secure the bag.
- Adjust the shoulder strap for comfortable carrying.

6. MAINTENANCE & CARE

6.1 Glass Containers and Lids

- Wash with soap and a soft sponge, or in the dishwasher.
- Do not use abrasive cleaners or scourers to ensure a scratch-free surface.
- To thoroughly clean the lid, carefully remove the silicone gasket, wash it separately, and ensure it is completely dry before reinserting.
- Do not use the glass containers over direct flame or in a convection oven.

6.2 Lunch Bag

- The lunch bag is machine washable. Follow care instructions on the bag's label.
- Air dry the bag completely before storage or reuse.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid not sealing properly	Silicone gasket is misplaced or dirty; food residue on rim.	Remove and clean the silicone gasket, ensuring it is correctly seated in the lid's groove. Clean the rim of the glass container.
Food odors persist	Incomplete cleaning of gasket or container.	Disassemble lid and gasket, wash thoroughly with soap and warm water, and ensure complete drying before reassembly.
Glass container appears cloudy	Hard water deposits or improper cleaning agents.	Wash with a non-abrasive cleaner. For hard water stains, use a vinegar solution. Borosilicate glass retains clarity well, unlike soda lime glass.

8. SPECIFICATIONS

Feature	Detail
Model Number	ICGTACE400VTEC
Material	Borosilicate Glass (containers), BPA-Free Plastic (lids), Fabric (bag)
Capacity (each container)	400 Milliliters
