HXSJ L900

HXSJ L900 2.4G Wireless Keyboard User Manual

Model: L900

INTRODUCTION

The HXSJ L900 is a 96-key 2.4G wireless keyboard designed for versatile use with computers and laptops. It features vibrant RGB backlighting, durable ABS dual-color injection keycaps, and a rechargeable battery, providing a comfortable and efficient typing experience for various applications including gaming, office work, and everyday use.

SETUP

Follow these steps to set up your HXSJ L900 wireless keyboard:

1. **Charging the Keyboard:** Connect the provided USB-TYPE-C charging cable to the keyboard's TYPE-C interface and the other end to a USB power source. The keyboard has a 2000 mAh battery capacity.

2. **Connecting via 2.4G Wireless:**

   - Locate the 2.4G wireless receiver (USB dongle) that comes with the keyboard.
   - Plug the receiver into an available USB port on your computer or laptop.
   - **Code Pairing:** If the keyboard does not connect automatically, press the "~" key and the "K" key simultaneously. The low voltage indicator will flash, indicating it has entered code pairing mode. Once the receiver is plugged into the host's USB port, the LED will stop flashing, confirming successful pairing.

3. **Compatibility:** The keyboard is compatible with Win XP, Win7, Win8, Win10, Android, and Mac OS operating systems.

OPERATING INSTRUCTIONS

Understand the various functions and features of your HXSJ L900 keyboard:

- **RGB Backlighting:** The keyboard features RGB glow lighting. The specific controls for changing lighting modes or brightness are typically accessed via function key combinations (e.g., FN + specific keys). Refer to the quick start guide for detailed lighting controls.

- **Multimedia Functions:** The keyboard supports FN+12 key combinations for various multimedia controls. These combinations allow you to control volume, playback, and other functions directly from the keyboard.

- **Automatic Sleep Power-Saving Mode:** To conserve battery life, the keyboard is equipped with an automatic sleep power-saving mode. If there is no operation for 6 to 8 minutes, the backlight will automatically turn off, and the keyboard will enter a sleep state. To wake the keyboard, simply press any key.

- **Ergonomic Design:** The keyboard features an adjustable tripod and water-like ABS curved keycap design, providing an ergonomic and comfortable typing experience.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your keyboard:

- **Cleaning:** Regularly clean the keyboard with a soft, dry cloth. For dust and debris between keys, use compressed air. Avoid using harsh chemicals or abrasive materials.

- **Battery Care:** To maximize battery life, avoid fully discharging the keyboard frequently. Recharge the keyboard when the low voltage indicator appears. Store the keyboard in a cool, dry place when not in use for extended periods.

- **Storage:** Keep the keyboard away from extreme temperatures, direct sunlight, and high humidity.

TROUBLESHOOTING

If you encounter issues with your HXSJ L900 keyboard, refer to the following common problems and solutions:

- **Keyboard Not Responding:**

  - Ensure the keyboard is charged.
  - Verify the 2.4G wireless receiver is securely plugged into a working USB port on your computer.
  - Try re-pairing the keyboard by pressing "~" + "K" simultaneously and re-inserting the USB receiver.
  - Test the keyboard on a different USB port or computer to rule out port or system issues.

- **Backlight Not Working:**

  - Check if the keyboard is in sleep mode; press any key to wake it up.
  - Ensure the battery has sufficient charge.

- Consult the quick start guide for specific key combinations to activate or adjust the backlight.

- **Keys Not Registering or Lagging:**

  - Ensure there are no obstructions under the keycaps.
  - Move the keyboard closer to the USB receiver to improve signal strength.
  - Check for interference from other wireless devices.

SPECIFICATIONS

Feature	Description
Product Type	96-KEY RGB LIGHTING 2.4G Wireless Keyboard (Membrane Keyboard)
Number of Keys	96 Keys
Connection Method	2.4G Wireless Transmission
Luminous Type	RGB Glow
Keycap Material	ABS Two-Color Injection
Button Life	50 million times or more
Battery Capacity	2000 mAh
Charging Interface	TYPE-C
Charging Cable Length	1.8M (USB-TYPE-C)
Operating Voltage	3.0V
Working Current	300mA (MAX)
Product Weight	709g
Product Dimensions	38.9 x 13.8 x 3.8 cm (15.3 x 5.4 x 1.5 inches)
Compatible Operating Systems	Win XP/Win7/Win8/Win10/Android/Mac OS
Multimedia Support	FN+12 key combinations
