Tatub Twin-Over-Twin Loft Bed with Slide and Storage Stairs Instruction Manual

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the Tatub Twin-Over-Twin Loft Bed with Slide and Storage Stairs. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This versatile loft bed features a solid wood construction, a fun slide, and integrated storage staircases. It is designed to provide a comfortable sleeping solution while maximizing space. The bed can also be reconfigured into two separate twin beds.

2. SAFETY INFORMATION

Your safety is paramount. Adhere to all warnings and instructions to prevent injury.

- **Weight Capacity:** The upper bed has a weight limit of 200 lbs. The lower bed has a weight limit of 250 lbs. The trundle bed has a weight limit of 200 lbs. Do not exceed these limits.
- **Mattress Requirements:** For the upper bed, the maximum mattress thickness should not exceed 6 inches. Ensure the mattress fits snugly to prevent entrapment.
- **Guard Rails:** Always use the provided guard rails on the upper bunk. Ensure they are securely installed.
- **Ladder Safety:** Use the ladder for entry and exit from the upper bunk. Do not use the slide as a ladder. Ensure the ladder is stable before use.
- **Slide Safety:** Use the slide only for sliding feet-first. Ensure the area around the slide is clear before use.
- **Age Recommendation:** The upper bunk is not suitable for children under six years of age.
- **No Jumping:** Do not allow jumping on the bed.
- **Regular Inspection:** Periodically check all fasteners and connections to ensure they remain tight.

Tatub Bunk Bed

Suggested mattress thickness:
6 inches or less

Weight capacity:

Upper: 200 lbs Lower: 250 lbs Trundle: 200 lbs

Image 2.1: Detailed diagram illustrating the bed's dimensions, recommended mattress thickness (6 inches or less for upper), and weight capacities for the upper (200 lbs), lower (250 lbs), and trundle (200 lbs) beds.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

The package should contain all necessary bed frame components, bed slats, hardware (screws, bolts, nuts, etc.), and assembly tools (if provided).

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this product. It is recommended that two adults assemble the bed. Clear a spacious area for assembly and keep all small parts out of reach of children.

1. **Unpack:** Carefully unpack all components and lay them out on a soft, clean surface to prevent scratches.
2. **Identify Parts:** Refer to the included parts list and diagrams (not provided in this manual, typically found in a separate assembly guide) to identify each component.
3. **Follow Step-by-Step Guide:** Assemble the bed frame sections according to the detailed instructions and diagrams in your separate assembly manual.
4. **Secure Fasteners:** Ensure all bolts, screws, and other fasteners are tightened securely. Do not overtighten, as this may damage the wood.
5. **Install Slats:** Place and secure the bed slats for both the upper and lower bunks. This model features 14 upgraded bed slats for enhanced sturdiness.
6. **Attach Ladder and Slide:** Securely attach the ladder and slide to the designated positions.
7. **Insert Trundle:** Slide the trundle bed frame into its position beneath the lower bunk.

Tatub Bunk Bed

Image 4.1: This image demonstrates the versatility of the Tatub Loft Bed, showing how it can be separated into two independent twin beds, offering flexible room arrangements.

5. OPERATING INSTRUCTIONS

5.1 Using the Loft Bed

- Ensure mattresses are correctly placed and meet thickness requirements.
- Always use the ladder for accessing the upper bunk.
- The high guard rails surrounding the upper bunk are designed for safety; do not remove them.

5.2 Using the Slide

- Ensure the landing area at the bottom of the slide is clear of obstructions.
- Slide down feet-first, one person at a time.

5.3 Using the Storage Staircases

- The staircases provide convenient storage compartments. Open the steps to access the storage space.
- Do not overload the storage compartments.

5.4 Using the Pull-Out Trundle Bed

- To use the trundle bed, gently pull it out from beneath the lower bunk.
- To store, push the trundle back into its position. It can also be used as space-saving underbed storage when not in use.

5.5 Converting to Two Twin Beds

- The loft bed can be separated into two independent twin beds. Refer to your assembly manual for specific instructions on how to safely disassemble the bunk configuration and reassemble into two separate beds.

6. MAINTENANCE

Proper maintenance will extend the life of your Tatub Loft Bed.

- **Cleaning:** Wipe the wood surfaces with a clean, dry cloth. For stubborn marks, a slightly damp cloth followed by a dry cloth can be used. Avoid harsh chemicals or abrasive cleaners.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they are tight. Retighten if necessary.
- **Avoid Moisture:** Protect the bed from excessive moisture and direct sunlight to prevent warping or

fading.

7. TROUBLESHOOTING

If you encounter any issues with your Tatub Loft Bed, refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose fasteners. Check and retighten all bolts and screws.
- **Instability:** If the bed feels wobbly, ensure all connections are fully tightened and that the bed is on a level surface.
- **Trundle Not Sliding Smoothly:** Check for any obstructions beneath the bed or debris in the trundle's track. Ensure the wheels are clean and undamaged.
- **Missing Parts:** If parts were missing upon delivery, do not attempt to substitute. Contact customer support for replacements.

For issues not covered here, please contact Tatub customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	Tatub
Model Number	1
ASIN	B0B57DW6WH
UPC	730635577768
