PRODUCT OVERVIEW

The GhostBed Adjustable Bed Split King with 11-inch Memory Foam Mattress provides customized comfort and support for an enhanced sleep experience. This system includes an adjustable electric bed base and a premium memory foam mattress, designed to work together to offer various positions and features.

Key Features:

- **Customized Comfort:** Elevate your head and/or feet to your preference with the adjustable bed frame.
- **Sleep Improvement:** Utilize preset positions like Zero Gravity and Anti-Snore to potentially reduce snoring, alleviate acid reflux, and improve circulation.
- **Wireless Remote Control:** Easily access preset modes, flashlight, under-bed LED lighting, and dual head and foot massage functions.
- **11" Luxury Memory Foam Mattress:** Gel-infused memory foam supports the body, eliminates pressure points, and helps regulate temperature.
- **Quality Materials:** Mattresses are crafted in the USA with CertiPUR-US certified materials.

Benefits from Head to Toe

Adjust your sleep position to help...

- Reduce snoring
- Ease acid reflux
- Take pressure off tired legs & feet

Image: A couple enjoying the adjustable bed. The woman is reading with her head elevated, and the man is sleeping with his head and feet slightly elevated. This illustrates the benefits of adjusting sleep positions to reduce snoring, ease acid reflux, and relieve tired legs and feet.

IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before operating your adjustable bed. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limit:** Do not exceed the maximum weight limit of 200 pounds on the adjustable bed base.
- **Assembly:** Ensure proper assembly of all components to prevent instability or injury.
- **Children and Pets:** Keep children and pets away from the adjustable bed's moving parts.
- **Power Cord:** Ensure the power cord is not pinched or damaged. Do not operate the bed if the cord is compromised.
- **Liquid Exposure:** Avoid spilling liquids on the bed's electrical components.

SETUP INSTRUCTIONS

The GhostBed Adjustable Bed is designed for easy assembly with no tools required. Follow these steps to set up your new bed system.

Step 1: Unpack Components

Carefully remove all components from the packaging. Verify that all parts are present according to the packing list. The package includes two Twin XL adjustable bases (forming one Split King), two Twin XL GhostBed mattresses, and two wireless remotes.

**Easy setup,
no tools required**

Included leg straps
keep both bases snug
against each other

Step 2: Assemble the Adjustable Base

Position the two Twin XL adjustable bases side-by-side to form the Split King configuration. Attach the legs to the base. The bed features 3 customizable height options for the legs (4", 8", or 12"). Choose your preferred height during

assembly.

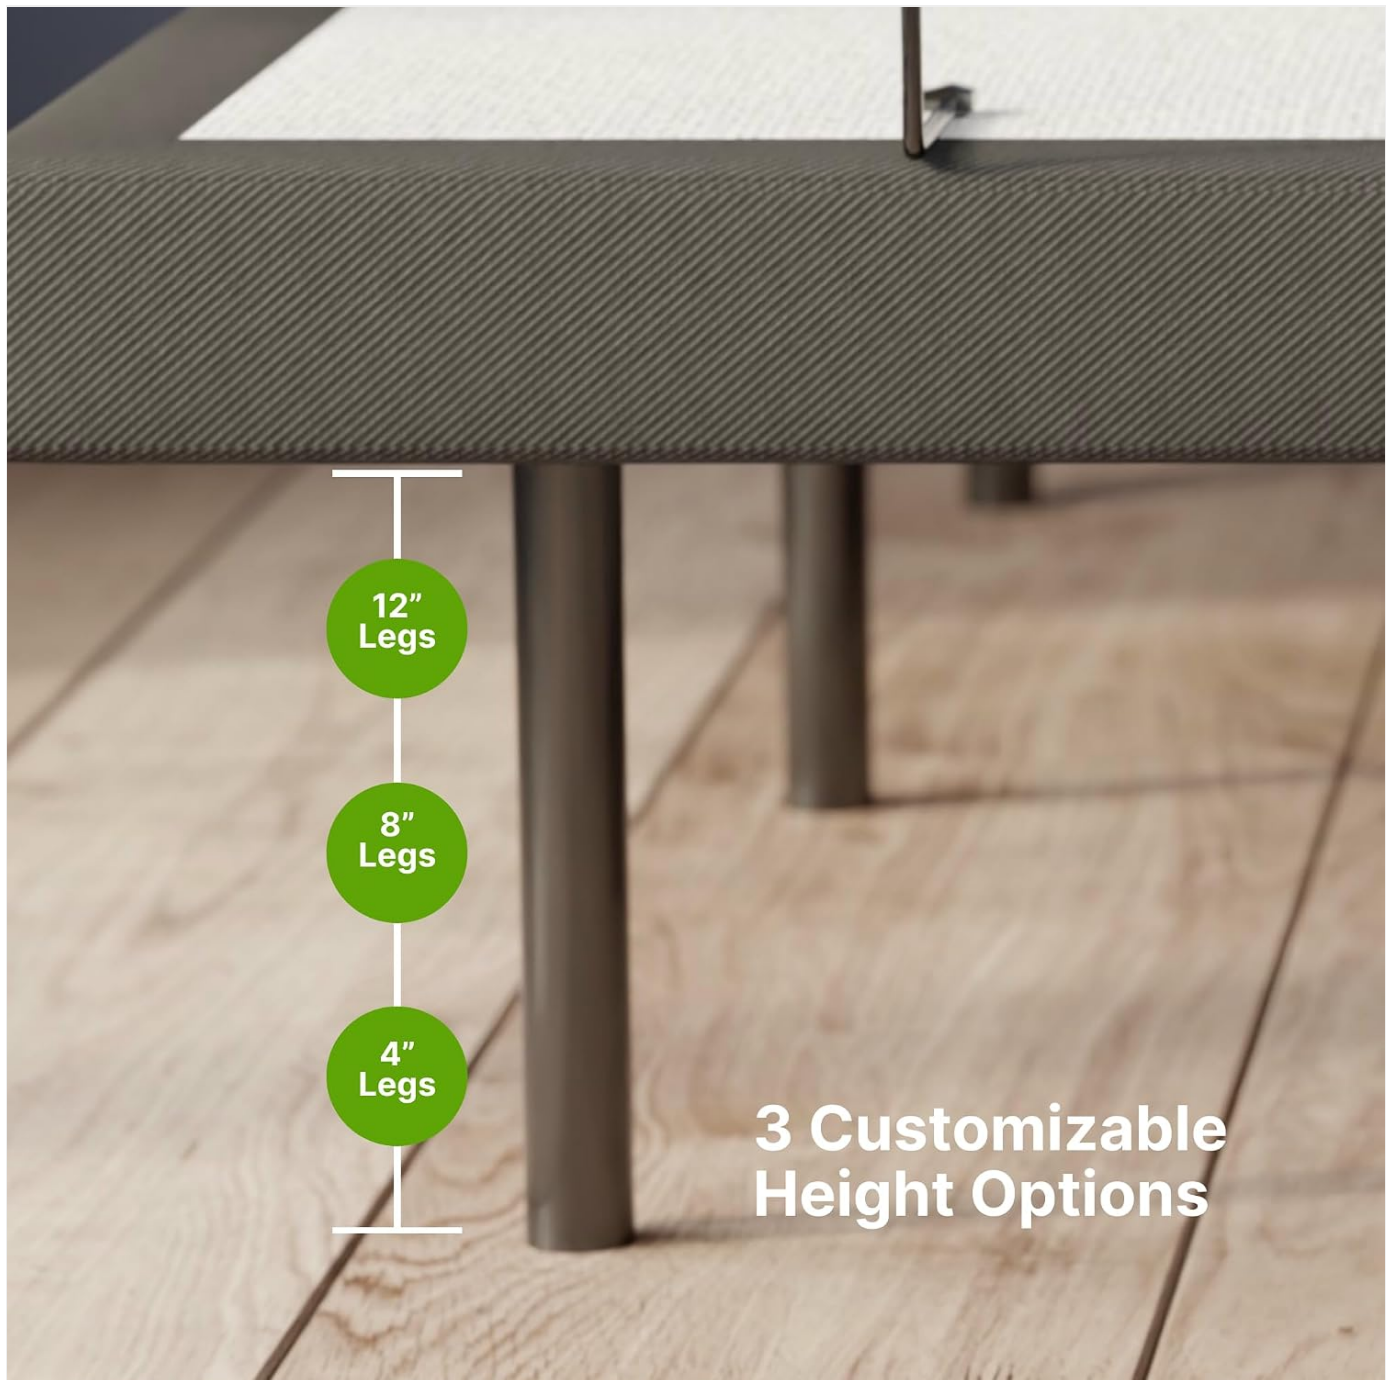

Image: A close-up view of the adjustable bed legs, showing the three customizable height options: 4 inches, 8 inches, and 12 inches. Use the included leg straps to secure both bases together, ensuring they remain snug and aligned.

Step 3: Place the Mattresses

Carefully place each 11-inch memory foam mattress onto its respective Twin XL adjustable base. Allow the mattresses to fully expand if they were compressed for shipping.

OPERATING INSTRUCTIONS

Your GhostBed Adjustable Bed comes with wireless remotes for easy control of all features. Each Twin XL base operates

independently, or they can be synced for unified control.

Wireless Remote Control

The wireless remote allows you to adjust the head and foot sections, activate massage functions, and use preset positions. Familiarize yourself with the buttons on the remote.

Two wireless remotes work independently

or can be synced to function as one large king bed

Image: A hand holding the GhostBed wireless remote control. The remote features buttons for various positions, massage settings, and other functions. Two remotes are provided for independent control of each Split King side, or they can be synced.

Adjusting Head and Foot Positions

Use the directional arrows on the remote to independently raise or lower the head and foot sections of your bed. Adjust to your desired comfort level for reading, watching TV, or sleeping.

Independent head and foot elevation

for near-endless
personalization

Image: A side view of an adjustable bed with both the head and foot sections elevated, demonstrating the independent elevation feature for personalized comfort.

Preset Positions

The remote includes one-touch buttons for popular preset positions:

- **Zero Gravity:** Elevates the head and feet to a position that mimics weightlessness, reducing pressure on the body.
- **Anti-Snore:** Slightly elevates the head to open airways and potentially reduce snoring.
- **TV/Lounge:** Positions the bed for comfortable viewing or reading.
- **Memory:** Allows you to save and recall your favorite custom position.

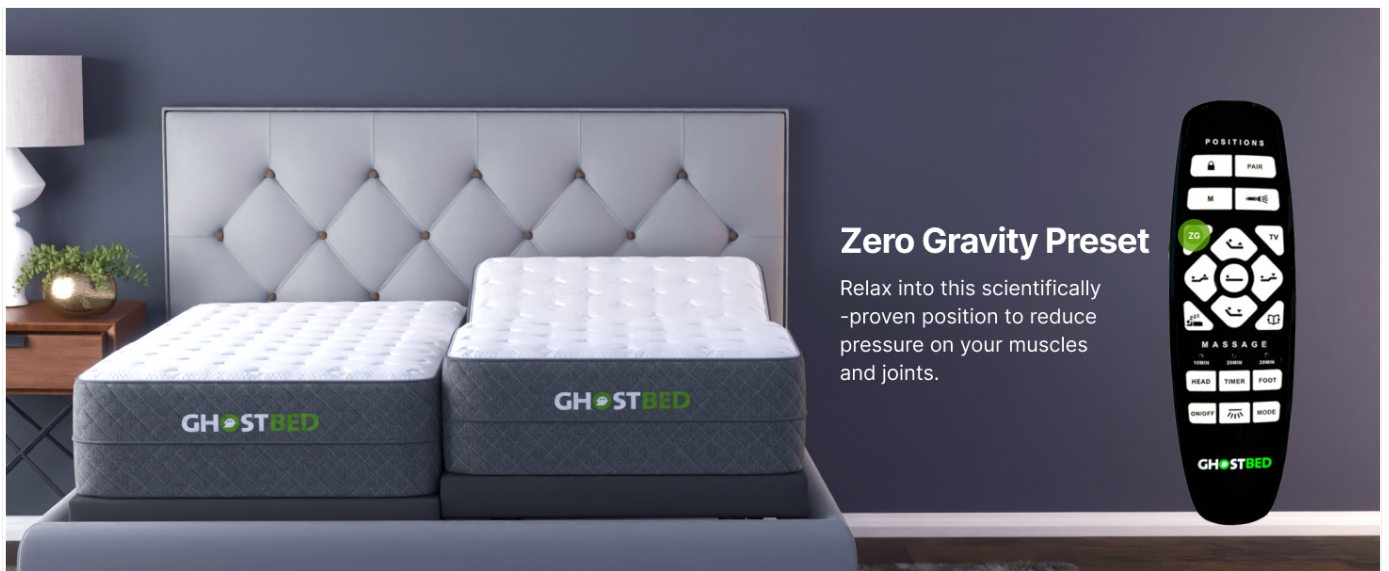

Image: An adjustable bed set to the Zero Gravity position, with the remote control displayed. This position is designed to reduce pressure on muscles and joints.

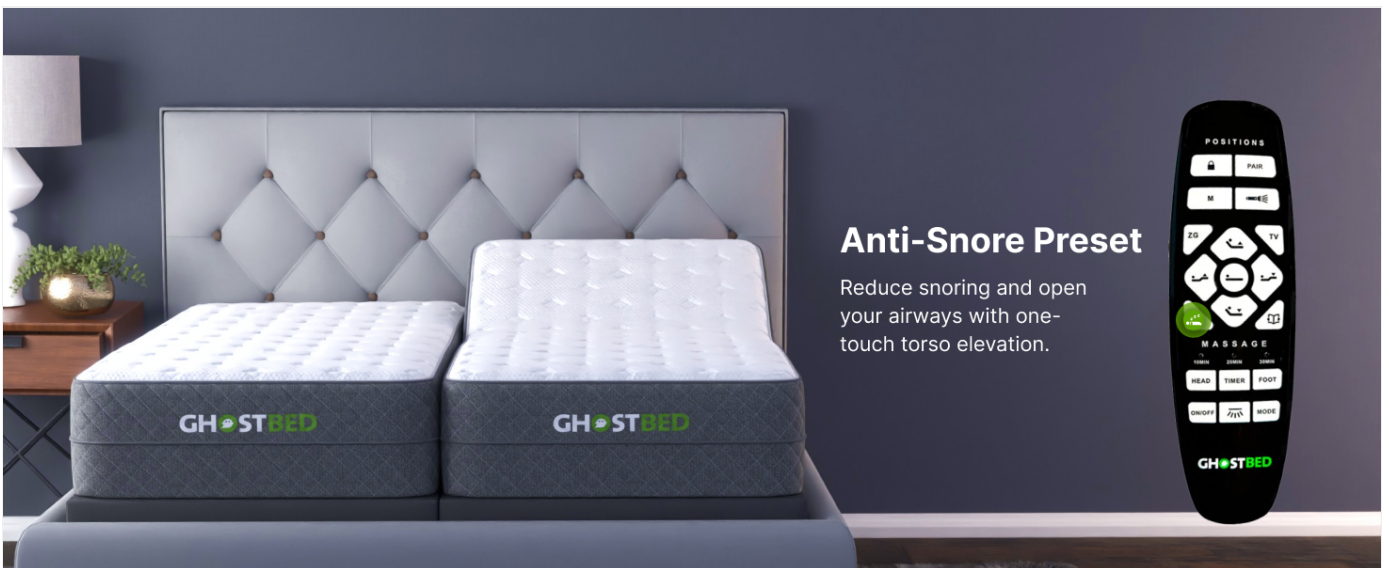

Image: An adjustable bed set to the Anti-Snore position, with the remote control displayed. This preset elevates the torso to help open airways.

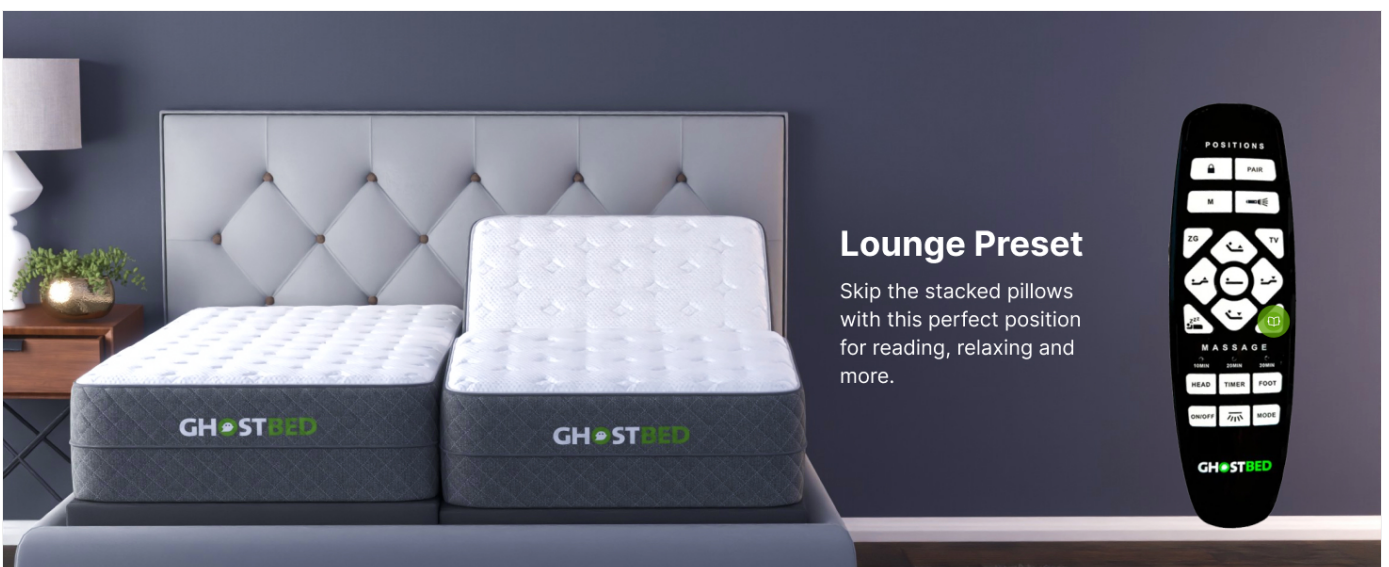

Image: An adjustable bed set to the Lounge position, with the remote control displayed. This position is ideal for reading or relaxing without needing extra pillows.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your GhostBed Adjustable Bed.

- **Cleaning the Mattress:** The mattress cover may vary. Refer to the label on your specific mattress cover for cleaning instructions. Generally, spot clean with mild detergent and water. Do not machine wash or dry the mattress cover unless explicitly stated.
- **Cleaning the Base:** Wipe the adjustable base frame with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Electrical Components:** Keep all electrical components dry and free from dust. Periodically check power cords for any signs of wear or damage.
- **Moving Parts:** Do not lubricate any moving parts of the adjustable base. They are designed to be maintenance-free.

TROUBLESHOOTING

If you encounter any issues with your GhostBed Adjustable Bed, refer to the following common troubleshooting steps.

Problem	Possible Cause	Solution
Bed does not respond to remote.	No power, remote batteries low, remote not paired.	Check power connection. Replace remote batteries. Refer to remote pairing instructions in the full manual (if available) or contact support.
Motor makes noise but bed does not move.	Obstruction under the bed, weight limit exceeded.	Check for obstructions. Ensure weight on the bed does not exceed 200 pounds.
Massage function not working.	Massage motor disconnected, power issue.	Ensure all cables are securely connected. Check power supply.

If these steps do not resolve the issue, please contact GhostBed customer support.
