- **Using the Mirror Doors:** The two doors feature integrated mirrors, providing a convenient surface for daily grooming. The magnetic closures ensure the doors remain securely shut when not in use.
- **Adjusting Shelf Height:** The interior shelf can be adjusted to three different heights. To adjust, remove the shelf, reposition the shelf support pins to your desired level (3 cm increments), and then place the shelf back onto the pins. Maintenance

- **Cleaning the Bamboo Surface:** Wipe the bamboo surfaces with a soft, slightly damp cloth. Dry immediately with a clean, dry cloth to prevent water spots. The eco-friendly varnish makes it easy to clean and water-repellent.
- **Cleaning the Mirror:** Use a standard glass cleaner and a soft, lint-free cloth to clean the mirror surfaces. Avoid spraying cleaner directly onto the bamboo frame.
- **Checking Mounting Hardware:** Periodically check the wall mounting screws and connections to ensure they remain tight and secure. Retighten if necessary.
- **General Care:** Avoid placing extremely hot or cold items directly on the bamboo surface without protection.

Troubleshooting

- **Doors Not Closing Properly:** Check if the magnetic latches are aligned correctly. Ensure hinges are securely fastened and not bent. Adjust hinge screws if needed for proper door alignment.
- **Cabinet Feels Unstable:** Verify that the cabinet is securely mounted to the wall. Ensure all wall mounting screws are

fully tightened and that appropriate wall anchors were used for your wall type.

- **Shelf Does Not Fit:** Ensure the shelf is oriented correctly and that the support pins are inserted into corresponding holes at the same height on both sides.
- **Scratches or Minor Damage:** For minor scratches on the bamboo, a bamboo-specific furniture polish or oil may help to restore the finish.
