5. OPERATING INSTRUCTIONS

Once installed, your AUTOYOUTH seat covers are ready for use. They are designed to enhance your driving experience by:

- Protecting your original car seats from spills, dirt, and wear.
- Providing a comfortable seating surface, potentially reducing fatigue during long journeys.
- Offering a fresh, stylish look to your vehicle's interior.

The integrated storage pocket on the back of the front seat covers can be used to store small items like maps, magazines, or tablets, keeping your car organized.

6. MAINTENANCE AND CARE

To keep your seat covers in excellent condition:

- **Cleaning:** The polyester material is designed to be dirt-resistant and easy to clean. For light dirt, wipe with a damp cloth. For more stubborn stains, a mild soap solution can be used. Allow to air dry completely before use.
- **Avoid Harsh Chemicals:** Do not use bleach or strong abrasive cleaners, as these can damage the fabric and color.
- **Regular Inspection:** Periodically check the seat covers and fixing hooks to ensure they remain securely in place.

7. TROUBLESHOOTING

If you encounter any issues with your seat covers, consider the following:

Problem	Possible Cause / Solution
Seat covers do not fit properly.	Ensure you have checked the 'Compatibility Confirmation / Notes' in the product images. Some vehicles may require minor cutting or adjustment. Ensure headrests are removed if they are detachable.
Seat covers slide or shift.	Ensure all fixing hooks are properly attached and tightened underneath the seat. Re-adjust the covers for a snug fit.
Interference with safety devices.	Immediately re-adjust or remove the seat covers if they obstruct airbags or seatbelts. Do not use if safety is compromised.
