Fjords Muldal Large Leather Ergonomic Swivel Recliner Chair with Ottoman User Manual

INTRODUCTION

This manual provides comprehensive instructions for the Fjords Muldal Large Leather Ergonomic Swivel Recliner Chair with Ottoman. It covers essential information regarding the product's features, setup, operation, maintenance, and important safety guidelines. Please read this manual thoroughly to ensure proper use, care, and longevity of your furniture.

PRODUCT OVERVIEW

The Fjords Muldal recliner and ottoman are designed for ergonomic comfort, featuring the Fjords Active Release System for optimal neck support and cold cure molded foam for lasting durability. The unique gliding mountings allow for individual resting positions, adapting to your body weight.

This model is crafted with genuine Nordic Line leather and features a sturdy walnut wood stain base.

SETUP AND DELIVERY

The Fjords Muldal Recliner and Ottoman are shipped fully assembled. No additional assembly is required by the user. Please note that delivery is typically Standard Freight Ground Curbside Only. Ensure you have assistance available to move the furniture from the curbside to your desired location within your home.

OPERATING INSTRUCTIONS

Active Release System

The Active Release System is an integrated mechanism designed to provide optimal support for your neck. It can be adjusted with a single movement to customize your sitting experience and enhance comfort.

Reclining Function

The chair features unique gliding mountings that allow the recliner to adjust its position based on your body weight. Simply lean back to recline. The chair offers two distinct reclining positions for varied comfort levels.

MAINTENANCE AND CARE

Leather Care

The Fjords Muldal recliner is upholstered in genuine Nordic Line leather. To maintain its appearance and longevity:

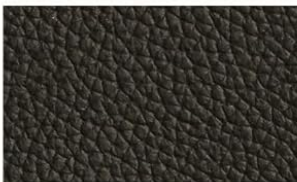

- Regularly dust with a soft, dry cloth.
- Wipe spills immediately with a clean, damp cloth. Avoid harsh chemicals.
- For deeper cleaning, use a specialized leather cleaner and conditioner according to the product instructions. Test on an inconspicuous area first.
- Keep the chair away from direct sunlight and heat sources to prevent drying and fading.

At Fjords, we keep our leather offering rational and simple. We use only top grain, semi-aniline leathers for our 3 grades, which are available on all products.

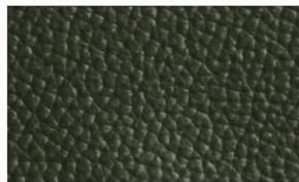

NORDIC LINE LEATHER: Our entry grade leather can be produced from almost any bovine (cow) hide. This makes the raw material costs as low as possible.

It has been corrected, meaning the surface of the hide has been sanded smooth to remove imperfections and natural marks, and then a consistent grain pattern is then embossed onto the prepared surface at the tannery. This gives the leather a very even, consistent appearance and feel.

Nordic Line has a pigment layer on the surface, color matched to exacting standards at the tannery to ensure a high quality, high accuracy product. It also has a clear protective layer applied over the pigment layer, so we say this has been protected.

Wood Base Care

The recliner features a laminated walnut wood stain base. To care for the wood:

- Wipe with a soft, damp cloth to remove dust and spills.
- Avoid using abrasive cleaners or polishes that may damage the finish.
- Protect the base from excessive moisture and extreme temperature changes.

TROUBLESHOOTING

If you encounter any issues with your Fjords Muldal recliner, consider the following general advice:

- **Reclining Mechanism:** Ensure no obstructions are preventing the chair from reclining smoothly. Verify that the gliding mountings are clean and free of debris.
- **Stability:** Check that the chair is placed on a level surface.
- **Noise:** Minor creaking can occur with new furniture. If persistent or unusual noises develop, inspect for loose components. Do not attempt to disassemble the chair.

For persistent problems or concerns, please contact Fjords customer support or your retailer for assistance.
