Safety Information

- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight capacity: 360 lbs for the top tier and 160 lbs for the second tier.
- Keep small parts away from children during assembly.
- Place the table on a flat, stable surface to prevent tipping.

Package Contents

Before beginning assembly, verify that all parts listed below are present and undamaged.

- Table Components (Top, Second Tier, Legs, Crossbars)
- Assembly Guide

- Installation Tool (Hex Key/Wrench)
- Stainless Steel 304 Screws and Nuts

Assembly Instructions

Assembly is designed to be straightforward and can typically be completed by one person in under 5 minutes. A screwdriver is recommended, in addition to the included installation tool.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify the table legs, top tier, and second tier. Note that the bolts for the top and middle trays may differ in length; ensure correct bolt usage for each section.
3. Attach the legs to the bottom of the second tier using the provided screws and nuts. Do not fully tighten yet.
4. Secure the top tier to the upper part of the legs using the appropriate screws and nuts.

5. Once all components are loosely assembled, gradually tighten all screws and nuts using the provided tool. The nuts are locking type with a plastic insert, requiring firm tightening.
6. Ensure the table is stable and all connections are secure before use.

Care and Maintenance

This table is constructed from durable HDPE material and 304 stainless steel hardware, requiring minimal maintenance.

- **Cleaning:** Wipe the table with a damp cloth, a soft brush, and mild soapy water. Avoid harsh chemicals or abrasive cleaners.
- **Weather Resistance:** The HDPE material is non-toxic, wear-resistant, and designed for all-weather outdoor use. Its color fastness is high, ensuring it remains beautiful for many years even when exposed to sunlight.
- **Hardware:** The stainless steel screws are resistant to rust. Periodically check all fasteners and tighten if necessary to maintain stability.

Troubleshooting

- **Table Wobbles:** Ensure all screws and nuts are fully tightened. Verify the table is placed on a level surface.

- **Difficulty Assembling:** Re-read the assembly instructions carefully. Confirm that the correct bolts are used for each section (top vs. second tier).

Specifications
