OTOFIX OTOWATCHB

Otofix Smart Watch User Manual

Model: OTOWATCHB

Introduction

The OTOFIX Smart Watch is a versatile personal digital device that integrates the functionalities of a vehicle Smart Key with those of a modern Smart Watch. This manual provides comprehensive instructions to help you set up, operate, maintain, and troubleshoot your device, ensuring optimal performance and longevity.
What's in the Box:

- Otofix Smart Watch

Setup

1. Initial Charging

Before first use, fully charge your Otofix Smart Watch. Connect the included charging cable to the watch and a compatible USB power adapter. The watch display will indicate charging status.

2. Pairing with a Smartphone

The Otofix Smart Watch is compatible with both iOS and Android phones. To enable call and text notifications, and to track health and exercise history, pair your watch with your smartphone via the Autel Link app.

1. Download the **Autel Link** app from your smartphone's app store.
2. Open the app and follow the on-screen instructions to create an account or log in.
3. Enable Bluetooth on your smartphone.
4. On your watch, navigate to the Bluetooth settings and ensure it is discoverable.
5. Within the Autel Link app, search for and select your Otofix Smart Watch to complete the pairing process.

3. Programming Smart Key Functions

To utilize the Smart Key capabilities (Lock, Unlock, Remote Start), the Otofix Smart Watch must be programmed to your vehicle. This process requires the **Autel MaxiIM KM100** device (not included).
Note: The Smart Watch cannot perform vehicle functions not supported by your original Smart Key or FOB.

1. Ensure your Autel MaxiIM KM100 device is updated to the latest software version.

2. Follow the programming instructions provided with your Autel MaxiIM KM100 to link the Otofix Smart Watch to your vehicle's system.
3. Verify all Smart Key functions (Lock, Unlock, Remote Start) are operational after programming.

Operating the Smart Watch

This image displays the Otofix Smart Watch. The watch features a black silicone band and a square digital display. The screen shows the current time (10:10:35), three concentric activity rings in green, orange, and purple, and numerical values (360, 30, 12) likely representing activity metrics. A small heart icon with the number 82 indicates heart rate. Icons for phone calls and cloud services are visible at the top of the display.

1. Smart Key Functions

Once programmed, the watch can perform the following vehicle functions:

- **Lock Doors:** Press the designated button or use voice command to lock your vehicle's doors.
- **Unlock Doors:** Press the designated button or use voice command to unlock your vehicle's doors.
- **Remote Start:** Press the designated button or use voice command to remotely start your vehicle.
- **Trunk Release:** Use voice command to open the trunk (if supported by your vehicle).

2. Communication Features

When paired with your smartphone, the watch provides:

- **Call Notifications:** Receive incoming call alerts and view caller ID.
- **Text Notifications:** Receive alerts for incoming text messages.

3. Health and Fitness Monitoring

The watch includes various apps for health and exercise tracking:

- **Exercise Apps:** Over 12 modes including running, walking, hiking, yoga, and cycling.
- **Health Monitoring:** Track sleep patterns, heart rate, pulse oxygen levels, and receive stand and breathe reminders.

All health and exercise history can be tracked and reviewed via the**Autel Link** phone app.

4. Voice Control

Utilize voice commands for convenient operation. For example, you can tell the watch to

Ask a question about this manual
