4. SETUP AND PAIRING

To begin using your smartwatch, follow these steps:

1. **Charge the Device:** Before first use, fully charge your smartwatch using the provided USB magnetic charging cable. Connect the magnetic end to the charging pins on the back of the watch and the USB end to a 3.7V-5V adapter or a laptop's USB port.
2. **Power On:** Press and hold the side button to power on the smartwatch.
3. **Download the App:** Scan the QR code in the quick start guide or search for the "boAt Wearables" app on your smartphone's app store (Android & iOS compatible).
4. **Pairing:** Open the app, create an account, and follow the on-screen instructions to pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on your phone.
5. **Enable Bluetooth Calling:** After initial pairing, navigate to the Bluetooth settings on your phone and connect to "boAt Wave Call_BT" to enable the calling feature.

5. OPERATING INSTRUCTIONS

5.1. Display and Navigation

The boAt Wave Call features a 1.69-inch HD display with a 2.5D curved touch interface and 550 nits of brightness for clear visibility.

Image: Close-up of the smartwatch display showing its 1.69" HD screen with 2.5D curved touch and 550 nits brightness.

- **Swipe Up/Down:** Access quick settings and notifications.
- **Swipe Left/Right:** Navigate through widgets and main menu options.
- **Tap:** Select an option or open an application.
- **Side Button:** Press to return to the home screen or wake the display.

5.2. Bluetooth Calling

With the built-in speaker and microphone, you can make and receive calls directly from your wrist. The dial pad is responsive, and you can save up to 10 contacts for quick access.

5.7. Music Control

Control music playback on your connected smartphone directly from your smartwatch. Play, pause, skip tracks, and adjust volume without reaching for your phone.

5.8. Cricket Scores

For cricket enthusiasts, the boAt Wave Call can provide live cricket scores, keeping you updated on matches directly from your wrist.

6. BATTERY LIFE AND CHARGING

The smartwatch is equipped with a 220 mAh Lithium Polymer battery. It offers:

- Up to 7 days of battery life on extensive usage.
- Up to 2 days of battery life with Bluetooth calling activated.

Use the provided USB magnetic charging cable to charge the device. Ensure the charging pins align correctly.

Your browser does not support the video tag.

9. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Make sure the watch is within range of your phone.
 - Restart both your phone and the watch, then try pairing again.
 - Check if the "boAt Wearables" app has necessary permissions.
- **Bluetooth calling not working:**
 - Ensure you have connected to "boAt Wave Call_BT" in your phone's Bluetooth settings in addition to the main device pairing.
 - Check the volume settings on both the watch and your phone.
- **Inaccurate health readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly. Remember, readings are not for medical use.
- **Notifications not appearing:**
 - Verify that app notifications are enabled in the "boAt Wearables" app.
 - Check your phone's notification settings to ensure the app has permission to send notifications.
 - Ensure the watch is connected to your phone via Bluetooth.

10. WARRANTY AND SUPPORT

Your boAt Wave Call Smart Watch comes with a 1-year standard brand warranty from the date of purchase. Please refer to the included Warranty Card for detailed terms and conditions.

For further assistance, technical support, or warranty claims, please visit the official boAt website or contact their customer service. Keep your purchase receipt and warranty card handy.
