STANI file cabinet

STANI 2-Drawer Lateral File Cabinet Instruction Manual

Model: file cabinet (B0B5BGVM1D)

Brand: STANI

IMPORTANT SAFETY INFORMATION

Always follow the assembly instructions carefully. Use appropriate tools and safety gear. Keep hands and body away from moving parts. Do not overload drawers to prevent tipping. Always ensure the cabinet is stable and level before use.

PRODUCT OVERVIEW

The STANI 2-Drawer Lateral File Cabinet is designed for organizing letter, legal, and A4 size hanging files. Constructed from heavy-duty steel, it features a reinforced structure for greater weight capacity, suitable for holding printers and scanners. An interlocking drawer system prevents tipping by allowing only one drawer to open at a time. The cabinet includes a lock with two keys for securing contents.

SETUP & ASSEMBLY

Assembly of the STANI 2-Drawer Lateral File Cabinet is required and typically takes approximately 30 minutes. Detailed assembly instructions are included in the package. It is recommended to have assistance during assembly to ensure proper alignment and stability.

Assembly Steps Overview

1. Unpack all components and verify against the parts list in the user manual.
2. Assemble the base frame using the provided screws.
3. Attach the side panels to the base frame.

4. Install the back panel and top panel, securing them with screws.
5. Assemble the individual drawers, including the hanging bars and label card holders.
6. Carefully insert the assembled drawers into the cabinet, ensuring the slides engage correctly.
7. Test the interlocking system and drawer smooth operation.

OPERATING INSTRUCTIONS

To open a drawer, pull the built-in handle. The full extension ball-bearing slides ensure smooth and quiet operation. Due to the scientific interlock system, only one drawer can be opened at a time to prevent tipping. To lock the cabinet, insert the key into the lock on the top drawer and turn. This will secure both drawers simultaneously.

Anti-tip locking system

Only one drawer can be opened at a time

MAINTENANCE

To maintain your STANI file cabinet, regularly wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the painted finish. Periodically check all screws and connections to ensure they remain tight. Lubricate drawer slides if they become stiff, using a silicone-based lubricant. Do not overload drawers to prevent strain on

the slides and frame.

TROUBLESHOOTING

- **Drawers not closing or opening smoothly:** Ensure the cabinet is on a level surface. Check that the drawer slides are properly aligned and free of obstructions. Lubricate slides if necessary. Verify that the interlocking mechanism is not jammed.
- **Cabinet tipping:** The interlocking system is designed to prevent tipping by allowing only one drawer to open at a time. If the cabinet feels unstable, ensure it is placed on a flat, stable surface and not overloaded. Consider anchoring it to a wall if stability is a concern (anchoring hardware not included, but instructions may be provided).
- **Lock not working:** Ensure the key is fully inserted and turned correctly. Check for any obstructions in the locking mechanism or if the lock rods are misaligned.

SPECIFICATIONS

- **Brand:** STANI
- **Model Name:** file cabinet
- **ASIN:** B0B5BGVM1D
- **Color:** Black
- **Material:** Metal (Alloy Steel)
- **Product Dimensions:** 16"D x 36"W x 29"H
- **Item Weight:** 38 Pounds
- **Weight Limit:** 220 Pounds
- **Number of Drawers:** 2
- **Storage Options:** Letter/Legal/A4 Size Files, Top Surface Storage
- **Special Feature:** Lockable, Customizable
- **Assembly Required:** Yes
- **Included Components:** 1*Metal File Cabinet (Assembly Required), 1*Accessories package, 1*User manual
