# Generic Replacement Remote Control for DR.Q DP1202 Portable DVD Player User Manual

## INTRODUCTION

---

This manual provides instructions for the Generic replacement remote control compatible with the DR.Q DP1202 Portable DVD DISC Player. This remote is designed for immediate use without any programming required, once batteries are installed.

Please read this manual carefully before using the remote control to ensure proper operation and longevity of the device.

## PACKAGE CONTENTS

---

- 1 x Generic Replacement Remote Control

**Note:** Batteries and additional instructions are not included in the package. You will need to purchase 2 AAA batteries separately.

## SETUP

---

### Installing Batteries

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery compartment cover downwards or outwards to open it.
3. Insert two (2) AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Replace the battery compartment cover by sliding it back into position until it clicks securely.

## MAINTENANCE

---

### Battery Replacement

Replace the batteries when the remote control's response becomes sluggish or stops working. Follow the battery installation steps outlined in the "Setup" section.

- Always replace both batteries at the same time.
- Use new AAA alkaline batteries for optimal performance.
- Do not mix old and new batteries, or different types of batteries.
- Remove batteries if the remote control will not be used for an extended period to prevent leakage.

### Cleaning

To clean the remote control, wipe it with a soft, dry cloth. Do not use liquid cleaners, abrasive pads, or chemical solvents, as these may damage the surface or internal components.

## TROUBLESHOOTING

---

- **Remote control is not working:**
  - Ensure the batteries are inserted correctly with the correct polarity (+/-).
  - Replace the batteries with new AAA batteries.
  - Make sure there are no obstructions between the remote control and the DVD player's infrared sensor.
  - Ensure you are within the effective range and pointing the remote directly at the DVD player.
- **Buttons are unresponsive:**
  - Check for low batteries and replace if necessary.
  - Clean the remote control surface, especially around the buttons, to remove any dirt or debris.
