Monopoly F5023

Monopoly Secret Vault Board Game Instruction Manual

Model: F5023

1. Product Overview

The Monopoly Secret Vault board game introduces a unique twist to the classic property trading game. Players aim to accumulate the most wealth by buying, selling, and trading properties, with an added element of guessing the code to Mr. Monopoly's vault for extra riches.

4. Operating the Game

Game Objective

The objective of the Monopoly Secret Vault game is to be the player with the most money at the end of the game.

Turn Sequence

1. **Roll the Dice:** On your turn, roll both dice and move your token clockwise around the board the corresponding number of spaces.
2. **Action on Space:** Perform the action indicated by the space you land on (e.g., buy property, pay rent, draw a Chance card, go to Jail).
3. **Passing GO:** Collect M200 salary each time you pass or land on the GO space.

Vault Interaction

When you land on a space that allows you to interact with the vault:

- **Guess the Code:** Turn the dial on the vault unit to a number from 1 to 6.
- **Attempt to Open:** Press the red button on the vault unit.
- **Successful Opening:** If the vault opens, take all the money, hotels, and cardboard keys inside. The vault will then automatically reset its code.
- **Unsuccessful Attempt:** If the vault does not open, your turn ends.

Special Elements

- **Locked Properties:** Some properties on the board are 'locked'. To unlock these, you must obtain a matching cardboard key from the vault.
- **Vault Hotels:** Hotels can only be acquired from the vault.

5. Maintenance

To ensure the longevity of your Monopoly Secret Vault game:

- Store all game components neatly in the original box after each use.
- Keep the gameboard and components away from moisture and direct sunlight.
- Clean the plastic vault unit and tokens with a soft, dry cloth if necessary.

6. Troubleshooting

- **Missing Components:** If any game components are missing, please contact Hasbro customer support.
- **Vault Not Opening:** Ensure the dial is correctly aligned with your chosen number before pressing the red button. The code resets after each successful opening.
- **Rule Clarification:** Refer to the detailed game guide included in the box for comprehensive rules and clarifications.
