3. SETUP

3.1. Initial Charging

Before first use, fully charge your Fitbit Inspire 3. Connect the charging cable to a USB port on your computer or a UL-certified USB wall charger. Align the pins on the charging cable with the gold contacts on the back of your tracker until it snaps into place. A full charge typically takes 1-2 hours.

3.2. App Installation and Device Pairing

1. **Download the Fitbit App:** Install the Fitbit app on your compatible smartphone or tablet. The app is available for Apple iOS 15 or higher and Android OS 9 or higher.
2. **Create/Log In to Account:** Open the Fitbit app and follow the on-screen instructions to create a new Fitbit account or log in to an existing one. A Google account will be required for full functionality.
3. **Pair Your Device:** In the Fitbit app, tap your profile picture >**Set Up a Device**. Select Inspire 3 and follow the on-screen instructions to pair your tracker with your mobile device.

3.3. Attaching the Bands

The Fitbit Inspire 3 comes with both small and large bands. Choose the band size that provides a comfortable and secure fit on your wrist. To attach a band, slide the pin into the tracker's notch and push the band inward until the pin clicks into place. Repeat for the other side.

4.3. Health Monitoring

The Inspire 3 offers advanced health monitoring features:

- **Daily Readiness Score:** Understand your body's readiness for activity based on sleep, heart rate variability, and recent activity. (Requires Fitbit Premium)
- **Stress Management Score:** Track your body's physical response to stress and access mindfulness tools.
- **Irregular Heart Rhythm Notifications:** Receive alerts for potential signs of atrial fibrillation (AFib). (Not intended for use by people under 22 years old or with other known arrhythmias.)
- **SpO2 (Blood Oxygen):** Monitor your blood oxygen levels to detect changes in your well-being. (Not

intended for medical diagnosis or treatment.)

- **Skin Temperature:** Track variations in your skin temperature to identify potential illness or menstrual cycle phases.
- **Menstrual Health Tracking:** Log periods, record symptoms, and predict ovulation and fertile windows.

4.4. Sleep Tracking

Gain a deeper understanding of your sleep quality:

- **Automatic Sleep Tracking:** Your Inspire 3 automatically detects when you fall asleep and wake up.
- **Sleep Score:** Receive a daily score based on your heart rate, time asleep, restlessness, and breathing.
- **Sleep Stages:** See your time spent in light, deep, and REM sleep stages.
- **Smart Wake Alarm:** Set a silent vibrating alarm that wakes you during an optimal sleep stage.
- **Sleep Mode:** Disable screen wake and notifications during sleep hours.

4.5. Notifications

Stay connected with calls, texts, and app alerts from your smartphone directly on your Inspire 3. Ensure your tracker is connected to your phone via Bluetooth and notifications are enabled in the Fitbit app settings.

4.6. Customization

Personalize your Inspire 3 with various clock faces available through the Fitbit app. The vibrant color touchscreen enhances readability and user experience.

5. CHARGING AND BATTERY LIFE

The Fitbit Inspire 3 boasts an impressive battery life of up to 10 days, depending on usage and settings. To charge your device, connect the provided charging cable to a USB power source and attach the magnetic end to the back of your tracker. The screen will indicate charging status.

6. MAINTENANCE

6.1. Water Resistance

The Inspire 3 is water resistant up to 50 meters, making it suitable for swimming and showering. After exposure to water, it is recommended to dry your device and band to prevent skin irritation.

6.2. Cleaning

Regularly clean your Inspire 3 and its band to maintain hygiene and prevent skin irritation. Use a soft, damp cloth with mild soap (if necessary) to wipe down the device and band. Ensure the tracker is completely dry before wearing it again.

7. TROUBLESHOOTING

If you encounter issues with your Fitbit Inspire 3, try the following common troubleshooting steps:

- Syncing Issues:** Ensure Bluetooth is enabled on your phone and the tracker is within range. Restart both your phone and the Inspire 3.
- Battery Drain:** Disable features like always-on display or frequent notifications if you experience rapid battery depletion.
- Display Not Responding:** Connect your tracker to its charging cable and restart it by pressing the button on the charging cable (if available) or following specific restart instructions in the Fitbit app.
- Inaccurate Readings:** Ensure the tracker is worn snugly but comfortably on your wrist, typically one finger-width above your wrist bone.
- App Problems:** Update the Fitbit app to the latest version. Clear the app's cache or reinstall if issues persist.
