

## Xiaomi LC-XMSMTSPK

# Xiaomi Mi Smart Speaker (IR Control)

User Manual

Model: LC-XMSMTSPK

## 1. INTRODUCTION

The Xiaomi Mi Smart Speaker (IR Control) is a versatile smart home device that combines a high-quality speaker with an LED display and integrated Google Assistant. It offers voice control for music playback, weather updates, news, and can even control conventional non-smart home appliances via its built-in IR transmitter module. This manual provides detailed instructions for setting up, operating, and maintaining your smart speaker.

## 2. SAFETY INFORMATION

Please read all safety instructions carefully before using the device. Keep this manual for future reference.

- Do not expose the device to water or excessive moisture.
- Avoid placing the device near heat sources or in direct sunlight.
- Use only the power cable provided with the device.
- Do not attempt to disassemble or repair the device yourself. Refer all servicing to qualified personnel.
- Ensure proper ventilation around the speaker.

## 3. PACKAGE CONTENTS

Verify that all items are present in your package:

- Xiaomi Mi Smart Speaker (IR Control)
- Power Cable
- User Manual (this document)

## 4. PRODUCT OVERVIEW

Familiarize yourself with the components and controls of your Mi Smart Speaker.

### 4.1. Speaker Components

- **LED Display:** Shows time and other information.
- **Speaker Grille:** Covers the 1.5" full-range speaker.
- **Microphone Array:** Two microphones for far-field voice wake-up.
- **IR Transmitter:** For controlling IR-enabled home appliances.
- **Power Port:** For connecting the power cable.

### 4.2. Control Buttons

The top surface of the speaker features touch-sensitive controls:

- **Play/Pause Button:** Controls media playback.
- **Volume Up Button:** Increases volume.
- **Volume Down Button:** Decreases volume.
- **Mute Microphone Button:** Toggles microphone on/off for privacy.

## 5. SETUP

Follow these steps for the initial setup of your Mi Smart Speaker:

1. **Power On:** Connect the provided power cable to the speaker's power port and then to a wall outlet. The speaker will power on automatically.
2. **Download Google Home App:** On your smartphone or tablet, download and install the Google Home app from the App Store (iOS) or Google Play Store (Android).
3. **Sign In:** Open the Google Home app and sign in with your Google account.
4. **Add Device:** In the Google Home app, tap the '+' icon (Add) and select "Set up device" > "New device".
5. **Follow On-Screen Prompts:** The app will guide you through connecting the speaker to your Wi-Fi network (supports 2.4GHz/5GHz 802.11a/b/g/n/ac) and linking your Google Assistant.
6. **Customize Settings:** Once connected, you can customize settings such as device name, room assignment, and personal preferences within the Google Home app.

## 6. OPERATING INSTRUCTIONS

Learn how to use the various features of your Mi Smart Speaker.

### 6.1. Voice Control with Google Assistant

The speaker has Google Assistant built-in. Simply say "Hey Google" or "Ok Google" followed by your command.

- **Music Playback:** "Play [song name] by [artist]", "Play my [playlist name]", "Pause", "Next song".
- **Information:** "What's the weather like today?", "Tell me the latest news", "What's [celebrity name]'s height?".
- **Volume Control:** "Turn up the volume", "Set volume to 5", "Mute".
- **Alarms & Timers:** "Set an alarm for 7 AM", "Set a timer for 10 minutes".
- **Smart Home Control:** "Turn on the lights", "Dim the living room lights" (requires compatible smart home devices linked to Google Home).

## 6.2. IR Control for Home Appliances

The built-in IR transmitter allows voice control of traditional non-smart home appliances (e.g., TVs, air conditioners) that use infrared remote controls. This feature works in conjunction with Google Assistant.

1. **Configure in Google Home App:** Within the Google Home app, you may need to add and configure your IR-controlled devices. Follow the app's instructions for pairing.
2. **Voice Commands:** Once configured, you can use commands like "Ok Google, turn on the TV", "Ok Google, set the AC to 24 degrees".

## 6.3. Bluetooth Connectivity

While primarily a Wi-Fi speaker, the device supports Bluetooth 5.0 for direct audio streaming from your mobile devices.

1. **Enable Pairing Mode:** To put the speaker into Bluetooth pairing mode, open the Google Home app, select your speaker, tap the gear icon (Settings), go to "Device features" > "Audio", and then find "Paired Bluetooth Devices" to initiate pairing.
2. **Connect from Device:** On your smartphone or tablet, go to Bluetooth settings and select "Mi Smart Speaker" from the list of available devices.

## 6.4. Stereo Pairing and Multi-Room Audio

Enhance your audio experience by pairing multiple speakers.

- **Stereo Pairing:** Combine two Xiaomi Mi Smart Speakers of the same model to create a stereo sound system. This is configured through the Google Home app.
- **Multi-Room Audio:** Group multiple smart speakers (including other Google Assistant-compatible speakers) in the Google Home app to play synchronized audio across different rooms.

Image: A visual representation of the speaker's sound field, indicating its ability to project audio in all directions.

## 7. MAINTENANCE

To ensure the longevity and optimal performance of your speaker, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the exterior of the speaker. Do not use liquid cleaners or abrasive sprays.
- **Placement:** Place the speaker on a stable, flat surface away from direct sunlight, heat sources, and areas with high humidity.
- **Ventilation:** Ensure that the speaker's ventilation holes are not blocked to prevent overheating.
- **Power Off:** If the speaker will not be used for an extended period, unplug it from the power outlet.

## 8. TROUBLESHOOTING

If you encounter issues with your Mi Smart Speaker, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
Speaker does not power on.	Ensure the power cable is securely connected to both the speaker and a working power outlet.
Cannot connect to Wi-Fi.	<ul style="list-style-type: none"><li>Check your Wi-Fi password.</li><li>Ensure the speaker is within range of your Wi-Fi router.</li><li>Restart your router and the speaker.</li><li>Verify your Wi-Fi network is 2.4GHz or 5GHz.</li></ul>
Google Assistant not responding.	<ul style="list-style-type: none"><li>Ensure the microphone is not muted (check the mute button on top).</li><li>Speak clearly and loudly.</li><li>Check internet connection.</li></ul>
IR control not working.	<ul style="list-style-type: none"><li>Ensure the appliance is within line of sight of the speaker's IR transmitter.</li><li>Verify the appliance is correctly configured in the Google Home app.</li></ul>
Poor sound quality.	<ul style="list-style-type: none"><li>Check the audio source quality.</li><li>Adjust speaker placement to optimize sound.</li><li>Ensure no obstructions are blocking the speaker.</li></ul>
