

Alpine KTE-10G.3

Alpine KTE-10G.3 Grille User Manual

Model: KTE-10G.3

INTRODUCTION

This manual provides essential information for the proper installation and care of your Alpine KTE-10G.3 Grille. Designed to protect your 10-inch Alpine Type-R and Type-S subwoofers, this grille offers both protection and a sleek aesthetic. Please read this manual thoroughly before installation to ensure optimal performance and longevity of your product.

PACKAGE CONTENTS

- Alpine KTE-10G.3 Black Metal Mesh Grille
- Installation Instructions (this manual)

Image: Front view of the Alpine KTE-10G.3 Grille, showcasing its black metal mesh construction and the Alpine logo badge at the bottom.

COMPATIBILITY

The Alpine KTE-10G.3 Grille is specifically designed for use with Alpine's 10-inch R2-W10D4 and R2-W10D2 subwoofers. Ensure your subwoofer model matches these specifications for proper fit and function.

SETUP AND INSTALLATION

The KTE-10G.3 grille features Alpine's twist-lock EZ change grille system for straightforward installation.

1. **Prepare Subwoofer:** Ensure your Alpine R2-W10D4 or R2-W10D2 subwoofer is accessible and clean.
2. **Remove Trim Ring:** Carefully remove the existing trim ring from your subwoofer. This usually involves a gentle twist or unclip mechanism, depending on your specific subwoofer model.
3. **Position Grille:** Place the KTE-10G.3 grille over the subwoofer cone, aligning it with the mounting points. The

Alpine logo badge should be oriented as desired.

4. **Replace Trim Ring:** Re-attach the subwoofer's trim ring. The trim ring will secure the grille in place using the twist-lock mechanism. Ensure it is fully seated and locked to prevent rattling.

Image: Angled view of the Alpine KTE-10G.3 Grille, highlighting its curved profile and mesh pattern, suitable for protecting a subwoofer cone.

OPERATING CONSIDERATIONS

The KTE-10G.3 grille is a passive protective accessory. Once installed, it requires no active operation. Its primary function is to shield the subwoofer cone from physical damage while allowing sound to pass through unimpeded.

MAINTENANCE

To maintain the appearance and integrity of your Alpine KTE-10G.3 Grille:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust and debris. For stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or solvents.
- **Inspection:** Periodically check the grille for any signs of damage, such as dents or bends, which could affect its protective capabilities or acoustic performance.
- **Secure Fit:** Ensure the grille remains securely attached by checking the subwoofer's trim ring periodically.

TROUBLESHOOTING

As a passive component, the KTE-10G.3 grille has limited troubleshooting scenarios. Most issues relate to installation.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Grille rattles or is loose	Trim ring not fully secured; improper alignment.	Remove and re-seat the trim ring, ensuring it locks firmly into place. Verify proper alignment of the grille.
Grille does not fit	Incorrect subwoofer model.	Confirm your subwoofer is an Alpine R2-W10D4 or R2-W10D2. This grille is not compatible with other models.
Visible damage to grille	Physical impact.	The grille is designed for protection. If damaged, it may need replacement to ensure continued protection and aesthetic appeal.

SPECIFICATIONS

Feature	Detail
Model Name	KTE-10G.3
Speaker Type Compatibility	Subwoofer (10 Inches)
Compatible Alpine Subwoofers	R2-W10D4, R2-W10D2
